The Best Little Grammar Book Ever!

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's The Great American Read Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

To find important life answers in your 20s, you need to start with good questions. Author, speaker, and blogger Paul Angone has dedicated the last 12 years to helping twentysomethings and in this book he culminates his work to give readers wisdom through major life questions like: What's the best way to know if you're actually ready to get married? Where's the future of work headed and what does having a successful career look like today? How do I make a choice when I don't know what to choose? How do I stop networking and start "relationshiping"? Why do some people have great marriages while others have complete wrecks before they even make it to the highway? Am I seeing the other side of people's Instagram photos (you know, the side they're not exactly posting pictures of)? What are the Pivotal Plot Points of my story? Do I have anyone on my "Dream Team"? After his success with *101 Secrets for your Twenties* and connecting with millions of twentysomethings around the

world through speaking engagements and his blog AllGroanUp.com, Paul Angone captures the hilarious, freakishly-accurate assessment of life as a modern-day twentysomething (and thirtysomething) facing real Millennial problems, but now he's digging even deeper. If you're drowning your anxieties in Netflix and ice cream, are afraid you're failing, going crazy, or both, or are just longing for a little guidance to get past "just getting by," grab this book and start thriving in the most "defining decade" of your life.

¿Por qué? 101 Questions About Spanish

The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

¿Por qué? 101 Questions about Spanish is for anyone who wants to understand how Spanish really works. Standard textbooks and grammars describe the "what" of Spanish - its vocabulary, grammar, spelling, and pronunciation - but ¿Por qué? explains the "why". Judy Hochberg draws on linguistic principles, Hispanic culture, and language history to answer questions such as: Why are so many Spanish verbs irregular? - Why does Spanish have different ways to say "you"? - Why is h silent? - Why doesn't Spanish use apostrophes? - Why does Castilian Spanish have the th sound? Packed with information, guidance, and links to further research, ¿Por qué? is an accessible study guide that is suitable for Spanish students, instructors, native speakers, and the general reader. It is a valuable supplementary text for serious students of Spanish at all levels, from beginning to advanced. ¿Por qué? also covers topics usually left to specialized books, including the evolution of Spanish, how children and adults learn Spanish, and the status of languages that co-exist with Spanish, from Catalan to
