Rustic Modern

Yearning for rustic simplicity? Open the door to Cabins, a gorgeous showcase of minimal, low-impact, peaceful abodes around the world. From contemplative bliss in an English coastal studio to eco-home huts in the Western Ghats of India, each of these minimal homes exude innovative, eco-friendly, mindful living.

Cabin Porn: Inside

From weekend homes to get-away cabins, this architecture embodies our longing for relaxing in nature.

New Eco Homes

An illustrated look at the surprisingly versatile cabin, with outstanding examples from around the country

Small Eco Houses

This lushly photographed home design book offers an intimate tour through rustic modern residences across California and the Mountain West. Following their acclaimed volume *American Rustic*, design writer Chase Reynolds Ewald and photographer Audrey Hall have teamed up once again to explore fifteen Western homes with a fresh take on rustic style. Here you'll find contemporary approaches to traditional log cabins, sustainable projects, artist studios, and places for play. The inspired interior decor and exteriors are all beautifully photographed and discussed in elegant prose. *Rustic Modern* also offers detailed perspectives from the homeowners, architects, and designers who brought these diverse spaces to life. Individual home's stories are complemented by full-page photography. The rustic textiles, warm living spaces, uniquely crafted chandeliers suspend from vaulted ceilings, and sweeping vistas out every window are sure to inspire.

Modern Cabin turns a true icon on its head-radically redefining what a cabin can be. For those who've always wanted a woodsy retreat but want to create a softer environment footprint, Michelle Kodis has gathered twenty-two examples of mountain retreats that push the envelope of cabin architecture and lead the way for the cabin of the future. Architects are creating structures that showcase inspiring and innovative construction methods and materials-including prefab components, environmentally responsible and energy-efficient building techniques, and even "smart" house technology.

150 Best Tiny Home Ideas

"In The Family Cabin, author and "cabinologist" Dale Mulfinger explores the role that cabins have had and continue to have in family bonding and as a repository for family history, nostalgia, and cherished memories. This collection brings together 37 new and old cabins from across North America as inspiration for anyone who desires a peaceful retreat of their own."--

Cabin Style

Create a cozy getaway with this fabulous compendium in the highly successful 150 Best series, packed with images, ideas, inspiration, and information on the latest trends in small space design. 150 Best New Cottage and Cabin Ideas shows off a diversity of creative, and innovative getaway homes that exemplify the small-space trend. Francesc Zamora draws on the developments of distinguished international architects and designers who have worked to achieve practical, innovative, and stylish solutions adapted to the specific needs and particular tastes of their clients. Filled with hundreds of color and black-and-white photographs, this comprehensive handbook offers an extensive collection of cabins and cottages from all over the world, and provides an inspirational source of ideas for architects, designers, and homeowners alike—whether you 're looking to design and build a new dwelling or renovating and redecorating an existing structure.

The New Cottage

From the founder of the Instagram feed @TinyHouse, comes a small, chunky inspiration book filled with photographs of the smallest abodes--from vans and boats to tree houses and cabins. A die-cut cover acts as a window onto a simpler world of lighter living and sustainability that never sacrifices function or design. Imagine living debt-free in an environmentally-friendly home. No mortgage, no clutter, and boundless freedom. This is the reality and dream of people all over the world thanks to the widespread momentum of the tiny house movement in recent years. Designed to fit on the tiniest of coffee tables, this book features 250 full-color photographs of the smallest, most efficient homes around the world, with interviews, features, and smart tips straight from the homeowners. From tiny mobile homes in California, Nashville, and Minnesota to a surfer-built tree house in Washington to a school bus that has been converted to a camper in Oregon, this lookbook is packed with big inspiration.

Contemporary Cottages

The mere thought of "cottage" puts the mind at ease, as a cottage is where life is simple, comforting, and true. Cottages are an informal, often hardy subset of small

Free Reading 150 Best Cottage And Cabin Ideas

houses, generally possessing a visceral grab on homeowners' imaginations. The New Cottage explores how our favorite home is changing to suit living today. Even in the face of technology's expanding scope and speed, and the resulting nearly ubiquitous reach of social media, today's new cottage appeals to our increasing need to balance transience and durability, togetherness and solitude, the high tech and the home spun. Ten design strategies that characterize captivating cottages are introduced. 25 case study examples showcase today's updated take on the classic cottage, with visual icons throughout to serve as a reminder of which strategies are in use where.

Filled with detailed, full-color photographs, comprehensive layout illustrations, and informative descriptions, this useful guidebook responds to the space limitations of contemporary environments and highlights the newest innovations in efficient and successful small-space design. In recent years, tiny homes have not only become hugely popular because of their creative use of space but also necessary to deal with increasingly crowded living conditions. In this lush volume, you'll discover the most current and effective trends in tiny home design that work to enhance the comfort and practicality of the home without sacrificing the design. Featuring 150 homes designed by world-renowned architects and designers, *150 Best Tiny Home Ideas* is the must-have resource for those interested in the construction and design of small-space living.

Cabins of Minnesota

Small houses are the big news in home design these days. Discover delightful small houses and retreats from across North America. Hutchinson has organized the houses by the nature of their location (beach, rural, village, in-town/city) and includes both new construction and renovations/additions.

A House in a Week

Learn to make your own quiet place somewhere with this inspiring journey inside tranquil cabins and handmade homes, from the creators of the wildly popular Cabin Porn phenomenon. Cabin Porn began as an online project created by a group of friends to inspire their own homebuilding. It has grown into a global phenomenon, attracting thousands of submissions from fellow cabin builders and a passionate audience of millions interested in simple, efficient homes and the beauty of nature. *Cabin Porn: Inside* invites readers into these handmade homes to discover rooms of warmth and simplicity, connected by the universal desire to bring a simple building to life in harmony with the land around it. Each of these tranquil getaways is a lesson in living simply and joyfully. Here you will find

Free Reading 150 Best Cottage And Cabin Ideas

hundreds of examples of what makes a cabin: the small details that enable their dwellers to live pleasantly and sustainably, as well as the mistakes and adaptations that reveal what builders must learn while creating their own homes. Perhaps most touching is the evidence that these homes have hosted charming and memorable evenings for the people who worked together to build them. Full of spellbinding spaces of warmth and ingenious simplicity, *Cabin Porn: Inside* is an invitation to the cabin of your dreams and to the serenity of a simpler life.

Cabins

Midcentury spaces made new: A-Frame homes from rustic to ultra-modern, mountain retreats to seaside getaways. The A-Frame home surged in popularity in the 1950s, and has captured the public's imagination with its playfully modern, steep-sloping roofline ever since. The Modern A-Frame celebrates seventeen diverse accounts of these minimalist cabins reinvented for the twenty-first century. Nostalgic escapes, heritage homes, full-time simplicity, and artists at work categorize the A-frames whose engaging stories are shared. Whether fabricated from a 1960s kit or as a new build via retro inspiration, the variety of styles and homeowners in this photo-driven collection beautifully captures the romance of a classic structure, which beckons to travelers and homebuyers today, just as it did sixty years ago. Perfect for the architectural enthusiast, midcentury-minded designer, or armchair traveler. Ben Rahn has been photographing architecture and interiors for more than twenty years. He founded A-Frame Studio in 2003 out of a desire to combine his love of design with his keen photographic eye. His work has been recognized internationally and has appeared in publications such as *Dwell*, *Wallpaper*, *Conde Naste Traveller*, and more. He lives in Toronto, Canada.

150 Best Cottage and Cabin Ideas

Filled with beautiful full-color photographs and detailed illustrations, an irresistible collection profiling 150 of the latest trends in contemporary loft design. The ultimate resource for designing and decorating loft spaces, *150 Best of the Best Loft Ideas* presents 150 stunning lofts constructed and designed by notable architects and designers from around the world. Made popular in the nineteen fifties and sixties in New York City, lofts—synonymous with a modern, avant-garde lifestyle—continue to maintain their wide appeal. While loft living once meant converting old industrial warehouses into a warm and inviting living environment, today the style has evolved into an airy, open approach for any modern living space. This compilation highlights the diversity of current trends in loft design and is a source of creative inspiration for architects, designers, and home owners interested in staying current with the latest in contemporary residential architecture.

The Cabin

A stunning, full-color showcase of the latest innovations in sustainable architecture and eco-friendly design, featuring thirty-five diverse homes. Today's architects, designers, building craftsman, and homeowners are becoming more environmentally conscious, choosing eco-friendly living spaces with small carbon footprints that are built with sustainable materials. *New Eco Homes* explores various aspects of modern eco design, from its environmental and economical benefits, to factors considered when choosing materials: how much energy went into manufacturing the product, whether it is long lasting, and whether it can be recycled or safely disposed of as it eventually breaks down. It also examines important details involved in building, such as climate regulation, drainage systems,

Free Reading 150 Best Cottage And Cabin Ideas

and regional planning. Each of the thirty-five projects contain photographs, floor plans, and detailed drawings that illustrate certain sustainable features, revealing how much the parameters of ecological design have expanded in just a few short years. *New Eco Homes* includes an introductory interview with an international specialist in green building, site plans, architectural drawings, and a complete directory of resources. Combining concern for the environmental with aesthetic sensibility, it is an essential resource for architects, designers, and homeowners interested in creating warm and inviting homes that are not only beautiful to inhabit, but help protect and conserve our natural environment as well.

Uncle Tom's Cabin

The cabin has become our third place, our hideaway where we can recharge our spirits and reconnect with ourselves, away from the restraints of society and the stress of the everyday. This book presents the best new cabin architecture and design. We all need to be somewhere else, just for a little while. The cabin is that somewhere else. They allow us to get into a different state of mind, one where we can just have a good time. Four walls and a roof and a weekend--these getaways free us from the distracting and unessential, and put us back in touch with nature and our own inner peace. In cabins, we can savor solitude or share experiences with friends among mountains, rivers, woods, and wildlife. *The Hinterland* explores architecture and design approaches to creating the refuges that refresh and revitalize amidst the beauty of nature.

Cottage, Cabin and Vacation Home Plans

For everyone who 's ever dreamed of simplifying their life and downsizing their home, *Micro Living* offers an insider 's look at what tiny house living is really like. Best-selling author and tiny house enthusiast Derek "Deek" Diedricksen profiles 40 tiny — but practical — houses that are equipped for full-time living, all in 400 square feet or less. Detailed photography and a floor plan for each structure highlight inventive space-saving design features along with the nuts-and-bolts details of heating, cooling, electric, and plumbing systems. The real-life stories of residents impart the pleasures, as well as the challenges, of day-to-day living. With tips on what to consider before you build, along with framing plans for a prototype small cabin, *Micro Living* is the perfect starter handbook for both dreamers and doers. This publication conforms to the EPUB Accessibility specification at WCAG 2.0 Level AA.

The Hinterland

Because no one will let him help renovate the family's new country house, Tony builds one of his own.

The New Small House

Rural escapes for those yearning for a simpler existence, by the creators of the wildly popular Instagram account *Cabin Porn*. Created by a group of friends who preserve 55 acres of hidden forest in Upstate New York, *Cabin Porn* began as a scrapbook to collect inspiration for their building projects. As the collection grew, the site attracted a following, which is now a huge and obsessive audience. The site features photos of the most remarkable handmade homes in the backcountry of

Free Reading 150 Best Cottage And Cabin Ideas

America and all over the world. It has had over 10 million unique visitors, with 450,000 followers on Instagram. Now Zach Klein, the creator of the site (and a co-founder of Vimeo) goes further into the most alluring images from the site and new getaways, including more interior photography and how-to advice for setting up a quiet place somewhere. With their idyllic settings, unique architecture, and cozy interiors, the Cabin Porn photographs are an invitation to slow down, take a deep breath, and feel the beauty and serenity that nature and simple construction can create.

The Family Cabin

A captivating personal inquiry into the art of architecture, the craft of building, and the meaning of modern work “ A room of one ’ s own: Is there anybody who hasn ’ t at one time or another wished for such a place, hasn ’ t turned those soft words over until they ’ d assumed a habitable shape? ” When Michael Pollan decided to plant a garden, the result was the acclaimed bestseller *Second Nature*. In *A Place of My Own*, he turns his sharp insight to the craft of building, as he recounts the process of designing and constructing a small one-room structure on his rural Connecticut property—a place in which he hoped to read, write, and daydream, built with his own two unhandy hands. Invoking the titans of architecture, literature, and philosophy, from Vitruvius to Thoreau, from the Chinese masters of feng shui to the revolutionary Frank Lloyd Wright, Pollan brilliantly chronicles a realm of blueprints, joints, and trusses as he peers into the ephemeral nature of “ houseness ” itself. From the spark of an idea to the search for a perfect site to the raising of a ridgepole, Pollan revels in the infinitely detailed, complex process of creating a finished structure. At once superbly written, informative, and enormously entertaining, *A Place of My Own* is for anyone who has ever wondered how the walls around us take shape—and how we might shape them ourselves. Praise for *A Place of My Own* “ A glorious piece of prose . . . Pollan leads readers on his adventure with humor and grace. ” —Chicago Tribune “ [Pollan] alternates between describing the building process and introducing informative asides on various aspects of construction. These explanations are deftly and economically supplied. Pollan ’ s beginner status serves him well, for he asks the kind of obvious questions about building that most readers will want answered. ” —The New York Review of Books “ By shrewdly combining just the right mix of personal reflection, architectural background, and nuts-and-bolts detail, Michael Pollan enables us to see, feel, and understand what goes into the building of a house. The result is a captivating and informative adventure. ” —John Berendt, author of *Midnight in the Garden of Good and Evil* “ An utterly terrific book . . . an inspired meditation on the complex relationship between space, the human body and the human spirit. ” —Francine du Plessix Gray “ A tour de force. ” —Phillip Lopate

Your Cabin in the Woods

Discover the latest innovations in tiny space design in this lush compendium in the 150 Best series, showcasing 150 full-color profiles. As the price of large residences have become increasingly out of reach for many people, aspiring home owners have begun to think smaller. 150 Best Tiny Space Ideas is an exciting overview of the smallest living space designs— architectural and decorating trends that combine to make dwellings under 450 square feet feel welcoming and expansive. All the projects featured in this handsome reference were created by internationally renowned architects and designers who have achieved practical, innovative, and stunning solutions adapted to the specific needs and tastes of their clients. Encompassing current trends in small space design, this latest volume in the highly successful 150 Best offers the work of international visionaries who have created and transformed a range of accommodations, from a micro-apartment in Taipei City to a silo in Phoenix to an island shack in British Columbia. Filled with black-and-white and four-color photos throughout, 150 Best Tiny Space Ideas is an inspirational resource for designers, interior decorators, and architects, as well homeowners interested in creating warm and truly livable homes regardless of space limitations.

The Modern A-Frame

Dale Mulfinger is widely acknowledged as the foremost expert on cabins in North America. His first book, *The Cabin: Inspiration for the Classic American Getaway*, has sold over 165,000 copies and has consistently been the leading book in the category since it was published in 2001. In this new collection of 37 cabins, Mulfinger rekindles his love for this treasured American icon with fresh insight and seasoned strategies for the logic, utility, and beauty of cabin design. Cabins speak of modesty, shared spaces for the camaraderie of family and friends, and an open, relaxed atmosphere. Many of the cabins showcased in *Back to the Cabin* capture this iconic spirit, where life is simple, the mudroom is entry enough for all, and burning wood is for more than just charm. There are also some surprises along the way, with cabins that come packaged as kits, cabins built from recycled materials, and other whimsical examples designed “ just for the fun of it. ”

1000 Home Details

Interest in prefabrication arose during the Great Depression to satisfy the need for affordable housing. At that time, these systems were intended for PREFAB construction methods drew the attention of modernist architects and designers. Its modularity offers flexibility. Its affordable cost appeals to a wider audience and its efficient use of materials reduces waste, responding to environmental concerns.

Tony's Hard Work Day

For dreamers of escaping to a cozy cabin in the great outdoors, *Your Cabin in the Woods* is a classic work that not only makes this a reality, but also imparts a deeper appreciation of nature and homebuilding. Author Conrad E. Meinecke has been writing about living the simple life in the wilderness for over 70 years with *Your Cabin in the Woods* and *Cabin Craft and Outdoor Living*. For the first time, these books are combined into a deluxe two-color vintage package. In prose both practical and inspirational, Meinecke details how to turn your cabin dream into a reality, such as choosing land, using tools, and the basics of construction. He provides hand-drawn floor plans for a variety of cabins, from a simple two-room to a more complex long house; the best way to build fireplaces, both indoors and out; and instructions for basic furniture, lighting, and other touches that make a cabin feel like home. Throughout are Meinecke's thoughts on ways to enjoy your new-found space, from hearty fireplace recipes to the types of wood for a perfect fire and the beauty found in birdsong. Instructional as it may be, the book's enduring appeal owes in large part to its warmly engaging tone and firm belief in the restorative power of nature and the satisfaction of hard work. He writes, "Take full enjoyment in the building. Take time out to rest. Most city folks seem always to rush things through. Why? Lay off until tomorrow. Take an afternoon nap. Stop the clock for the weekend. Get off to an early start in the cool of tomorrow morning. You may be crowded in your work in town, but this should be your rest cure, your recreating."

The Green House

Foreword 9 camera-ready green design ONE AFTERNOON SEVERAL MONTHS AGO, we found ourselves waiting in the quiet, impossibly picturesque Swiss town of Domat/Ems to meet an architect named Dietrich Schwarz. Though still in his th- ties, Schwarz has already earned a reputation as one of Switzerland ' s leading practitioners of the environmentally friendly approach to architecture known as sustainable, or " green, " design. Using a c- bination of new, high-tech materials—some of his own invention— and old-fashioned architectural wisdom, he creates houses and other buildings that are snugly energy-ef?cient and sit lightly on the land. Introduction 10 Camera-Ready Green Design 11 Standards and Practices Introduction 12 A Very Short History Camera-Ready Green Design 13 A Movement ' s Priorities Introduction 14 Camera-Ready Green Design 15 The Damage Done Introduction 16 Camera-Ready Green Design 17 city Cities have been around for more than six thousand years, drawing successive waves of new residents with their blend of commerce, culture, energy, and opportunity. The first city to surpass a population of one million was Baghdad, thirteen centuries ago. London topped ?ve million in 1825; New York exceeded ten million a hundred years later. The metropolitan area around Tokyo surpassed twenty million in 1965 and is now closing in on thirty. 150 Best New Cottage and Cabin Ideas

Fresh perspectives on how good design can create stylish yet ecologically sound living spaces in small-scale homes. Anyone who has faced the challenges of limited living space will find inspiration in this survey of the latest trends in environmentally sensitive, small-scale residential designs. More than fifty residential spaces are profiled—from woody houses and repurposed barns to cool apartments and urban lofts—both inside and out. Most of the projects were designed by up-and-coming architects, and each design proves that small-scale efficiency as well as beautiful, thoughtful design can overcome the apparent constraints of a small setting. Environmental impact is a growing concern, so each project was chosen because of its ecological sensitivity. Each case history describes the challenges confronting the designer and the solutions. Creating color schemes to enhance the feeling of openness, taking advantage of high ceilings to make multiple levels, and using collapsible furniture and sliding doors to maximize space are some of the design solutions that can be applied in any situation. Filled with beautiful color photographs and helpful floorplans, this book is a remarkable showcase of how good design can transform any small space into a comfortable, modern—and environmentally sensitive—home.

150 Best of the Best Apartment Ideas

One of the most popular interior design trends, minimalism highlights the essence of a room, stressing clean lines, clutter-free spaces, and a limited color palette. In *150 Best Minimalist House Ideas*, photographs and floor plans of minimalist homes around the world are featured. The images are of stunning bedrooms, living rooms, dining rooms, kitchens, and bathrooms; and insightful text complements them to reveal the methods used to make the minimalist rooms so eye-catching and desirable. The text includes a wealth of both big-picture and more focused ideas. It covers subjects such as walls (if and when to use them), doors, and partitions; flooring, lighting, furniture, and staircases; and explores color, patterns, materials, and texture. The houses featured in this extraordinary volume were developed by distinguished international designers at the forefront of the minimalist movement. The result is a guide that offers both inspiration and practical, easy-to-follow advice for creating maximum beauty using minimal elements.

The Wolf Wilder

Filled with hundreds of color photographs, this comprehensive handbook in the highly successful 150 Best design series showcases the latest in successful small house design from some of today's most distinguished international architects and designers. The co-authors of *American Rustic* share inspirations for rustic elegance in home design for those who love living well in wild places. This gorgeously photographed volume offers visions of refined cabin style by top designers, builders, architects, and artists. From Napa to Nashville and along the Rocky Mountain spine, each project reflects the ways we live, and play, in nature. Whether a bison ranch, a log fishing cabin, a stone guest house, a lakeside retreat, a ski chalet, or a wine country barn, each home exhibits whimsical, playful, comfortable, and welcoming interiors and architecture—always inspired by the land. The homes curated in *Cabin Style* represent a fresh look at the genre, from traditional to transitional to modern. Interviews with architects, designers, builders and owners illuminate both the backstory and the creative process. Photographer Audrey Hall and writer Chase Reynolds Ewald have collaborated on five books, with their book *American Rustic* being named one of Best Home Design Books of 2015 by *Architectural Digest*.
