Requirements for treatment planning in the mental health and addictions fields are long
standing and embedded in the treatment system. However, most clinicians find it a challenge
to develop an effective, person-centered treatment plan. Such a plan is required for
reimbursement, regulatory, accreditation and managed care purposes. Without a thoughtful
assessment and well-written plan, programs and private clinicians are subject to financial
penalties, poor licensing/accreditation reviews, less than stellar audits, etc. In addition,
research is beginning to demonstrate that a well-developed person-centered care plan can
lead to better outcomes for persons served. * Enhance the reader's understanding of the value
and role of treatment planning in responding to the needs of adults, children and families with
mental health and substance abuse treatment needs * Build the skills necessary to provide
quality, person-centered, culturally competent and recovery / resiliency-orientated care in a
changing service delivery system * Provide readers with sample documents, examples of how
to write a plan, etc. * Provide a text and educational tool for course work and training as well as
a reference for established practioners * Assist mental health and addictive disorders providers
/ programs in meeting external requirements, improve the quality of services and outcomes,

8 starred reviews · Goodreads Choice Awards Best of the Best · William C. Morris Award Winner · National Book Award Longlist · Printz Honor Book · Coretta Scott King Honor Book · #1 New York Times Bestseller! "Absolutely riveting!" —Jason Reynolds "Stunning." —John Green "This story is necessary. This story is important." —Kirkus (starred review) "Heartbreakingly topical." —Publishers Weekly (starred review) "A marvel of verisimilitude." —Booklist (starred review) "A powerful, in-your-face novel." —Horn Book (starred review) Sixteen-year-old Starr Carter moves between two worlds: the poor neighborhood where she lives and the fancy suburban prep school she attends. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. And don't miss *On the Come Up*, Angie Thomas's powerful follow-up to *The Hate U Give*.
