The Demon Crown

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • From the National Book Award-winning author of *Between the World and Me*, a boldly conjured debut novel about a magical gift, a devastating loss, and an underground war for freedom. • This potent book about America's most disgraceful sin establishes [Ta-Nehisi Coates] as a first-rate novelist. • San Francisco Chronicle
IN DEVELOPMENT AS A MAJOR MOTION PICTURE • Adapted by Ta-Nehisi Coates and Kamilah Forbes, produced by MGM, Plan B, and Oprah Winfrey's Harpo Films
NOMINATED FOR THE NAACP IMAGE AWARD • NAMED ONE OF PASTE'S BEST NOVELS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • The Washington Post • Chicago Tribune • Vanity Fair • Esquire • Good Housekeeping • Paste • Town & Country • The New York Public Library • Kirkus Reviews • Library Journal
Young Hiram Walker was born into bondage. When his mother was sold away, Hiram was robbed of all memory of her—but was gifted with a mysterious power. Years later, when Hiram almost drowns in a river, that same power saves his life. This brush with death births an urgency in Hiram and a daring scheme: to escape from the only home he's ever known. So begins an unexpected journey that takes Hiram from the corrupt grandeur of Virginia's proud plantations to desperate guerrilla cells in the wilderness, from the coffin of the Deep South to dangerously idealistic movements in the North. Even as he's enlisted in the underground war between slavers and the enslaved, Hiram's resolve to rescue the family he left behind endures. This is the dramatic story of an atrocity inflicted on generations of women, men, and children—the violent and capricious separation of families—and the war they waged to simply make lives with the people they loved. Written by one of today's most exciting thinkers and writers, *The Water Dancer* is a propulsive, transcendent work that restores the humanity of those from whom everything was stolen. Praise for *The Water Dancer* • Ta-Nehisi Coates is the most important essayist in a generation and a writer who changed the national political conversation about race with his 2015 memoir, *Between the World and Me*. So naturally his debut novel comes with slightly unrealistic expectations—and then proceeds to exceed them. *The Water Dancer* . . . is a work of both staggering imagination and rich historical significance. . . . What's most powerful is the way Coates enlists his notions of the fantastic, as well as his fluid prose, to probe a wound that never seems to heal. . . . Timeless and instantly canon-worthy. • Rolling Stone

One Second After

To clear his name and save his job, Jack Cates, a maverick cop with the L.A.P.D., once again joins forces with Reggie Hammond, an ex-con with a bounty on his head

Death of a Dream

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control — from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Columbine

A Kirkus Review Best Book of 2017 and a Washington Post Notable Work of Fiction. Winner of the British Book Awards Fiction Book of the Year and overall Book of the Year, selected as the Waterstones Book of the Year, and a Costa Book Award Finalist "A novel of almost insolent ambition--lush and fantastical, a wild Eden behind a garden gate it's part ghost story and part natural history lesson, part romance and part feminist parable. I found it so transporting that 48 hours after completing it, I was still resentful to be back home." -New York Times "An irresistible new novel—the most delightful heroine since Elizabeth Bennet in *Pride and Prejudice*—By the end, *The Essex Serpent* identifies a mystery far greater than some creature “from the illuminated margins of a manuscript: friendship.” -Washington Post "Richly enjoyable Ms. Perry writes beautifully and sometimes agreeably sharply *The Essex Serpent* is a wonderfully satisfying novel. Ford Madox Ford thought the glory of the novel was its ability to make the reader think and feel at the same time. This one does just that." -Wall Street Journal An exquisitely talented young British author makes her American debut with this rapturously acclaimed historical novel, set in late nineteenth-century England, about an intellectually minded young widow, a pious vicar, and a rumored mythical serpent that explores questions about science and religion, skepticism, and faith, independence and love. When Cora Seaborne's brilliant, domineering husband dies, she steps into her new life as a widow with as much relief as sadness: her marriage was not a happy one. Wed at nineteen, this woman of exceptional intelligence and curiosity was ill-suited for the role of society wife. Seeking refuge in fresh air and open space in the wake of the funeral, Cora leaves London for a visit to coastal Essex, accompanied by her inquisitive and obsessive eleven-year old son, Francis, and the boy's nanny, Martha, her fiercely protective friend. While admiring the sites, Cora learns of an intriguing rumor that has arisen further up the estuary, of a fearsome creature said to roam the marshes claiming human lives. After nearly 300 years, the mythical Essex Serpent is said to have returned, taking the life of a young man on New Year's Eve. A keen amateur naturalist with no patience for religion or superstition, Cora is immediately enthralled, and certain that what the local people think is a magical sea beast may be a previously undiscovered species. Eager to investigate, she is introduced to local vicar William Ransome. Will, too, is suspicious of the rumors. But unlike Cora, this man of faith is convinced the rumors are caused by moral panic, a flight from true belief. These seeming opposites who agree on nothing soon find themselves inexorably drawn together and torn apart—an intense relationship that will change both of their lives in ways entirely unexpected. Hailed by Sarah Waters as "a work of great intelligence and charm, by a hugely talented author," *The Essex*

Serpent is "irresistible . . . you can feel the influences of Mary Shelley, Bram Stoker, Wilkie Collins, Charles Dickens, and Hilary Mantel channeled by Perry in some sort of Victorian séance. This is the best new novel I've read in years" (Daily Telegraph).

Nightmare in Napa

A BEAUTIFUL GIRL WITH AMBITIOUS DREAMS -- DID FOLLOWING HER HEART COST HER LIFE? She was a gifted midwestern beauty, the daughter of Ohio State University's marching band director: to dance on Broadway. Soon after high school graduation, Catherine left Columbus for New York City, determined to be a star. Three years later, she was dead -- murdered in cold blood in her East Side apartment. The shocking revelations that emerged from the police investigation made tabloid headlines: few knew that the struggling artist

paid her bills by dancing in a topless club. But there was another hidden facet to Catherine's life -- a shattering love triangle with two men, one of whom would ultimately be convicted of her brutal stabbing death. It's a chilling account of obsession, violence, and the surprising, minute evidence on which the entire case hinged. Day of Wrath

Long-listed for the 2018 Man Booker Prize Short-listed for the 2018 Gordon Burn Prize Short-listed for the 2018 Goldsmiths Prize Inspired by the real-life murder of a British army soldier by religious fanatics, Guy Gunaratne's *In Our Mad and Furious City* is a snapshot of the diverse, frenzied edges of modern-day London. A crackling debut from a vital new voice, it pulses with the frantic energy of the city's homegrown grime music and is animated by the youthful rage of a dispossessed, overlooked, and often misrepresented generation. While Selvon, Ardan, and Yusuf organize their lives around soccer, girls, and grime, Caroline and Nelson struggle to overcome pasts that haunt them. Each voice is uniquely insightful, impassioned, and unforgettable, and when stitched together, they trace a brutal and vibrant tapestry of today's London. In a forty-eight-hour surge of extremism and violence, their lives are inexorably drawn together in the lead-up to an explosive, tragic climax. *In Our Mad and Furious City* documents the stark disparities and bubbling fury coursing beneath the prosperous surface of a city uniquely on the brink. Written in the distinctive vernaculars of contemporary London, the novel challenges the ways in which we coexist now—and, more important, the ways in which we often fail to do so.

48 Hours

Many wonder how Adolf Hitler, a mediocre army corporal and failed landscape painter, could have become the architect of the most calamitous events of the twentieth century. This is the story of the events leading up to that awful event, and its most horrifying repercussions.

One Year After

On two consecutive days in June 1963, in two lyrical speeches, John F. Kennedy pivots dramatically and boldly on the two greatest issues of his time: nuclear arms and civil rights. In language unheard in lily white, Cold War America, he appeals to Americans to see both the Russians and the "Negroes" as human beings. His speech on June 10 leads to the Limited Nuclear Test Ban Treaty of 1963; his speech on June 11 to the Civil Rights Act of 1964. Based on new material -- hours of recently uncovered documentary film shot in the White House and the Justice Department, fresh interviews, and a rediscovered draft speech -- *Two Days in June* captures Kennedy at the high noon of his presidency in startling, granular detail which biographer Sally Bedell Smith calls "a seamless and riveting narrative, beautifully written, weaving together the consequential and the quotidian, with verve and authority." Moment by moment, JFK's feverish forty-eight hours unspools in cinematic clarity as he addresses "peace and freedom." In the tick-tock of the American presidency, we see Kennedy facing down George Wallace over the integration of the University of Alabama, talking obsessively about sex and politics at a dinner party in Georgetown, recoiling at a newspaper photograph of a burning monk in Saigon, planning a secret diplomatic mission to Indonesia, and reeling from the midnight murder of Medgar Evers. There were 1,036 days in the presidency of John F. Kennedy. This is the story of two of them. From the Hardcover edition.

Another 48 Hours

From the pen of a master — the #1 bestselling, Booker Prize-winning author of *Atonement* — comes an astonishing novel that captures the fine balance of happiness and the unforeseen threats that can destroy it. A brilliant, thrilling page-turner that will keep readers on the edge of their seats. *Saturday* is a masterful novel set within a single day in February 2003. Henry Perowne is a contented man — a successful neurosurgeon, happily married to a newspaper lawyer, and enjoying good relations with his children. Henry wakes to the comfort of his large home in central London on this, his day off. He is as at ease here as he is in the operating room. Outside the hospital, the world is not so easy or predictable. There is an impending war against Iraq, and a general darkening and gathering pessimism since the New York and Washington attacks two years before. On this particular Saturday morning, Perowne's day moves through the ordinary to the extraordinary. After an unusual sighting in the early morning sky, he makes his way to his regular squash game with his anaesthetist, trying to avoid the hundreds of thousands of marchers filling the streets of London, protesting against the war. A minor accident in his car brings him into a confrontation with a small-time thug. To Perowne's professional eye, something appears to be profoundly wrong with this young man, who in turn believes the surgeon has humiliated him — with savage consequences that will lead Henry Perowne to deploy all his skills to keep his family alive.

Only 48 Hours

48 Hours

Ten years in the works, a masterpiece of reportage, this is the definitive account of the Columbine massacre, its aftermath, and its significance, from the acclaimed journalist who followed the story from the outset. "The tragedies keep coming. As we reel from the latest horror . . ." So begins a new epilogue, illustrating how Columbine became the template for nearly two decades of "spectacle murders." It is a false script, seized upon by a generation of new killers. In the wake of Newtown, Aurora, and Virginia Tech, the imperative to understand the crime that sparked this plague grows more urgent every year. What really happened April 20, 1999? The horror left an indelible stamp on the American psyche, but most of what we "know" is wrong. It wasn't about jocks, Goths, or the Trench Coat Mafia. Dave Cullen was one of the first reporters on scene, and spent ten years on this book—widely recognized as the definitive account. With a keen investigative eye and psychological acumen, he draws on mountains of evidence, insight from the world's leading forensic psychologists, and the killers' own words and drawings—several reproduced in a new appendix. Cullen paints raw portraits of two polar opposite killers. They contrast starkly with the flashes of resilience and redemption among the survivors. Expanded with a New Epilogue

The Essex Serpent

A major release in the New York Times bestselling *One Second After* series, set in an alternate America rebuilding after an electromagnetic pulse, this is William R. Forstchen's *The Final Day*. Since the detonation of nuclear weapons above the United States more than two years ago, the small town of Black Mountain, North Carolina has suffered famine, civil war, and countless deaths. Now, after defeating a new, tyrannical federal government, John Matherson and his community intend to restore their world to what it was before the EMP apocalypse. For the most part, they are succeeding. This period of relative stability doesn't last long. A new, aggressive government announces that it's taking

over and ceding large portions of the country to China and Mexico. The Constitution is no longer in effect, and what's left of the U.S. Army has been deployed to suppress rebellion in the remaining states. John fears he and his town will be targets. General Bob Scales, John's old commanding officer and closest friend from prewar days, is sent to bring John into line. Will John and his people accept the new, autocratic regime? Or will revolution rip the fledgling nation apart at the seams? Months before publication, William R. Forstchen's novel *One Second After* was cited on the floor of Congress as a book all Americans should read. This third book in the series immerses readers once more in the story of our nation's struggle to rebuild itself after an electromagnetic pulse wipes out all electricity and plunges the country into darkness, starvation, and death. 48 Hours: The Vanishing

Download a FREE sneak peek of 48 Hours! From the New York Times bestselling author of the smash hit *One Second After* series comes *48 Hours*, a nail-biting and prescient thriller about a solar storm with the power to destroy the world's electrical infrastructure. In 48 hours, the Earth will be hit by a Coronal Mass Ejection (CME) from the Sun, a "Carrington Event" that has the power to shut down and possibly destroy the world's electrical infrastructure. To try and prevent permanent damage, everything goes dark prior to the hit: global communications are shut down; hospital emergency generators are disconnected; the entire internet, media broadcasting, and cell phone systems are turned off. Will the world's population successfully defend itself in the wake of the CME, or will mass panic lead to the breakdown of society as we know it? William R. Forstchen is at his best in *48 Hours*, a tale of the resilience of American citizens when faced with a crisis.
