The Truth About Lightning

Fantasy artist Jennifer Galasso has created Crystal Visions Tarot in a unique style with ethereal faerie imagery and a vibrant color scheme inspired by the four seasons and the four elements. Crystal Visions Tarot remains true to the classic Rider-Waite 78-card system in much of its symbolism, as well as in card and suit names. The luscious card imagery also illustrates the elemental aspects of each suit in order to aid the novice in forming associations with the cards. The Crystal Visions Tarot deck includes 78 cards with an additional unknown card for gazing into future situations that have not yet been revealed, or for exploring issues with deeper insight. The instruction booklet offers both upright and reversed meanings.

The 72 angels of the Kabbalah (or Shem HaMephorash) are extremely powerful heavenly beings that provide assistance to mortals while also ruling over their hellish counterparts, the 72 demons of the Goetia. When summoning an angel, their sigil (a kind of esoteric calling card) is supposed to be drawn on a piece of pure virgin parchment in red ink. To echo this color palette, the cards are made to look like fresh, pure parchment. The borders of each card are deep crimson, which creates a striking contrast. The magical symbols are real. The artwork is hauntingly divine. These aren't your Aunt Doreen's angel cards . . .

"I know that-what we are. But why do you hate me?" Escape. It was the only word pounding through fallen angel Sage Cross' mind when her world came crashing in. Fallon was nothing but a painful memory, something she wanted-no, needed-to forget. Now she has a chance to let that part of her past go and be in a place where she can finally heal. A place where lamia and lapsus don't exist and she can just be Sage. But of course, it doesn't last. Nothing ever lasts. Her happily mediocre life with her cat familiar, Sunny, and best friends, Janie and Perkins, is nothing but a mirage. Especially when a brooding vampire-first name Adam, last name irrelevant-takes roots in her life. Someone who hates her for simply existing, yet she is unable to get him out of her mind. Or her heart. With her brother and friends in danger, Sage is the key to either ending it all or causing the destruction of not one, but two supernatural beings. Fallen angels. Lapsus. Vampires. Lamia. Who will survive? Sage, the final installment in the Blood Crave Series.

Angel Power Wisdom Cards

On incarnating, human beings receive the mission of integrating divine qualities into their thoughts, feelings and actions in order to experience full spiritual autonomy one day. Initiatory science has always used the metaphor of winged beings to express how it feels when these powerful energies are re-activated in our consciousness. This companion to *The Book of Angels: Dreams, Signs, Meditations* re-introduces an initiatory teaching from the early Judeo-Christian tradition which defines 72 states of higher consciousness representing the qualities, virtues and powers of God.

Every legendary villain has a story of intrigue and a character ultimately more flawed and fascinating than his hero counterpart. These fallen angels are no exception - cast out from heaven, the subversive spirits in this deck have committed at least one of the seven deadly sins to secure their place in the legions of the damned. The cards in Nigel Suckling's oracle are similarly rich with experience, and devilishly direct - Zepar, the angel who makes women love men, reveals the complications of an affair; Gusion, who can discern the past, present and future, calls to let intuition rule; while Shax, who has the appearance of a stork, warns people to protect their wealth. Choose a card for daily insight, or lay them out for a reading. The accompanying book reveals the card's meaning, and explains each angel's history. The illustrations, by artist Sarah Perkins, have been specially commissioned to evoke the dark charm of these fascinating, mysterious creatures, all of whom offer a special message.

Seventy-Eight Degrees of Wisdom

A top tarotist's secrets to personal growth, one card at a time. The two volumes of Seventy-Eight Degrees of Wisdom have inspired a whole generation of tarot students. It has often been described by

readers, booksellers, and teachers as the "Bible of tarot readers." It is also often cited as one of the landmark books in modern tarot, and it helped to launch the "Tarot Renaissance" of the 1980s. The two texts—one for The Major Arcana and one for The Minor Arcana—appear together in this volume, which is a reissue of the 1998 edition first published by Thorsons. *Seventy-Eight Degrees of Wisdom* draws on mythology and esoteric traditions and delves deeply into the symbolism and ideas of each card. It also gives the cards a modern psychological slant based on the pictures rather than a system of occult symbolism. This endlessly useful reference tool provides a concise history of tarot, introduces common spreads, and is a clear and readable book for both the beginning and advanced tarot student.
