From the ivory tower to the barricades! Radical intellectuals explore the relationship between research and resistance.

The Hate U Give

The Mahler Family

This book is specifically for men who are struggling in life right now. The overwhelming chaos of life is almost unbearable, and amongst it all you're neglecting yourself. Many men wake up one day and wonder how their life has turned into a disaster zone, full of responsibilities and obligations, and no time to truly have fun and be themselves. How much longer are you going to keep waking up to "Groundhog Day", keep telling yourself you do something about it Monday? This book helps you see why your life has gone off the

rails and how to reclaim a brighter future. Discover how to: - audit your life - understand the cause of your unhappiness - prioritise and structure your day to day routine to improve your wellbeing - use regular small short-term goals to make big changes in your life

The Whole 9 Months

This elegant pregnancy journal takes you through nine months of pregnancy with prompts to record all of your special moments and create a keepsake to one day give to your child. Best-selling author and illustrator Korie Herold poured over every page, adding artistic details and flourishes to create the perfect keepsake pregnancy memory book. Growing You includes: - Pregnancy milestones - Pocket folder for sonogram photos, letters from loved ones, and other mementos - Prompts to record precious pregnancy milestones - Space to journal through the months of your pregnancy - And more Special Features: - Chic, gender-neutral design - Elegant linen cover - Acid-free and archival paper - Generous trim size offers ample space for photos - Lay-flat design allows you to easily write in the book

It's a State of Mind

Cult designer Carl Aubock founded the Werkstatte (workshop) in the 19th century, specialising in bronze casting. Expert craftsmanship and superior materials became the signature of his creations and many of their modernist designs stand out as prescient objets d'art. Carrying on generations of the Workshop tradition, Carl's son and grandson (both of the same name) forged ahead with new ideas and designs. This magnificent volume showcases Aubock's finest creations and documents hundreds of signature objects culled from exclusive private collections.

“Bruce Schneier’s amazing book is the best overview of privacy and security ever written.”—Clay Shirky “Bruce Schneier’s amazing

book is the best overview of privacy and security ever written.”—Clay Shirky Your cell phone provider tracks your location and knows who’s with you. Your online and in-store purchasing patterns are recorded, and reveal if you’re unemployed, sick, or pregnant. Your e-mails and texts expose your intimate and casual friends. Google knows what you’re thinking because it saves your private searches. Facebook can determine your sexual orientation without you ever mentioning it. The powers that surveil us do more than simply store this information. Corporations use surveillance to manipulate not only the news articles and advertisements we each see, but also the prices we’re offered. Governments use surveillance to discriminate, censor, chill free speech, and put people in danger worldwide. And both sides share this information with each other or, even worse, lose it to cybercriminals in huge data breaches. Much of this is voluntary: we cooperate with corporate surveillance because it promises us convenience, and we submit to government surveillance because it promises us protection. The result is a mass surveillance society of our own making. But have we given up more than we’ve gained? In *Data and Goliath*, security expert Bruce Schneier offers another path, one that values both security and privacy. He brings his bestseller up-to-date with a new preface covering the latest developments, and then shows us exactly what we can do to reform government surveillance programs, shake up surveillance-based business models, and protect our individual privacy. You’ll never look at your phone, your computer, your credit cards, or even your car in the same way again.
