Inside Passage

This completely all-new revision of the best-selling classic, *Exploring the Inside Passage to Alaska*, increases focus on Southeast Alaska, offering hundreds of new anchor sites, expanded descriptions and additional waypoints to guide small craft sailors through one of the world's best cruising grounds. Almost completely protected, these waters give access to pristine wilderness of breathtaking beauty—thousands of islands, deeply-cut fjords, tidewater glaciers and icebergs. The Douglasses, who cruise to and from Alaska every year, supply skippers with all the up-to-date local knowledge they need. An expanded edition of the acclaimed standard for Alaska-bound vessels.

Inside Route Pilot

Sailing the Inside Passage to Alaska

Common lore is that you cannot sail the northwest coast - the winds are too fickle so you must motor along the Inside Passage. The author knows that is not true because in 7 years she traveled over 10,000 NM along the northwest coast in her 38' sailboat, sailing about 2/3 of the time under way. This guide will help you understand how you can do the same. There are two features of the northwest coast inland waters that you must understand. First, the regions you will pass through have unusual wind patterns that seem completely erratic until you understand the

Free Copy Best Anchorages Of The Inside Passage 2nd Edition Ocean Cruise Guides

common summer weather patterns and how land affects wind. Then, the winds are predictable and comprehensible, and you will know when and where to sail. Second, the tidal currents can be so strong that a narrow channel becomes a raging white water rapid, complete with whirlpools and strong eddies. With two tide cycles a day, and a height difference of up to 23 feet (7 meters), anyone traveling in a sailboat must take the extreme tidal conditions seriously. If you don't know when your travel must coincide with the appropriate current flow, you may go backwards (or worse). This guide is not a memoir, doesn't focus on anchorages, and won't try to teach you how to sail. Instead it is a practical guide about how to take advantage of the characteristic winds and tidal currents of each area so you can enjoy sailing, rather than motoring, along this uniquely beautiful temperate wilderness coastline. Whether you are sailboat cruising in the Pacific Northwest, or getting ready for the Race to Alaska (R2AK), this guide will help you become an expert at taking advantage of the so-called "fickle" winds. Here are more details about the very-well researched guide. It begins with a brief part on planning and a general overview of the currents and wind. It then provides 19 reference chapters divided into three parts: "Cruising in Civilization" from Seattle to Johnstone Strait; "Cruising in Wilderness" through Johnstone Strait, Queen Charlotte Strait and the north BC coast to Prince Rupert; and "Cruising the Big Water" from the Southeast Alaska border to Glacier Bay. Each reference chapter identifies the relevant nautical charts, applicable weather forecasts, pertinent marine condition reporting stations, tide and current stations,

Free Copy Best Anchorages Of The Inside Passage 2nd Edition Ocean Cruise Guides

details of Vessel Traffic Services (VTS) and the local commercial traffic check-in points. Each chapter also includes route planning sections that highlight important decisions that sailors must make under way based on current weather conditions, such as whether to run Johnstone Strait or take the more protected northern channels, or deciding whether and how to take an inland vs. outer route. For planning purposes, the Appendices provide historical wind data for the summer months from more than 85 marine condition reporting stations so you can know how the wind direction and speed varies from month-to-month. This guide is written for sailors, by a sailor who understands the conditions sailboats need for sailing. You'll find yourself constantly referring to this planning and reference guide as you sail the Pacific Northwest Coast.

Best Anchorages of the Inside Passage

The Encyclopædia Britannica

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after

Free Copy Best Anchorages Of The Inside Passage 2nd Edition Ocean Cruise Guides

graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the dries and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and

Free Copy Best Anchorages Of The Inside Passage 2nd Edition Ocean Cruise Guides

luminosity of Jon Krakauer's stoytelling blaze through every page. From the Trade Paperback edition.

The Nautical Magazine and Naval Chronicle

Where the sky is his ceiling and the mountains his walls, Michael Modzelewski describes his adventures as he forms unusual friendships with passing yachters, salmon fishermen, Kwakiutl Indians, loners and the owner of the house he is staying at, Will Malloff, a man of oversized personality-a healer, builder, woodsman, and thinker. Modzelewski writes with a love for nature and gentle humor about his interactions with the native animals (eagles, whales wolves), as well as local animals(cats, dogs, "tame" wild boars), and other settlers.

The Inside Passage to Alaska, 1792-1920

This reference guide for the pilot house is an assortment of valuable navigation tools including over 50 pages of handy distance tables between all of the major ports and anchorages for navigation planning between Tacoma and Ketchikan. It includes strategies for challenging the currents in places like Johnstone Strait and the Yucultas, conversion tables, time, distance and speed tables, weather reference data, radio procedures and frequencies, and a number of useful information resources to answer many of the questions that come up while underway. Written by Kevin Monahan, an officer in the Canadian Coast Guard, and former fisherman and delivery captain,

this book provides the local knowledge to simplify navigation and safe passage from Tacoma to Ketchikan.

Sailing directions for South America

Hikes within driving distance of Anchorage and its environs 100 day hikes, from iconic to beginner to lung-burner! Day Hiking: Southcentral Alaska features 100 day hikes in the populous region around the Greater Anchorage area. Starting with the immense and accessible Chugach State Park, the guide includes hikes north of the city to include the Matanuska-Susitna Valley and Hatcher Pass areas, and also trails near Eagle River, Palmer, and Wasilla. There are hikes along Cook Inlet and Turnagain Arm, including near Girdwood, Portage Glacier, and Whittier, as well as all of the Kenai Peninsula--Chugach National Forest, Kenai National Wildlife Refuge, Kachemak Bay State Park and State Wilderness Park, Soldotna, Homer, and more. "Hikes at a Glance" highlights features of each hike Difficulty rating, elevation gain, distance, and best season for each trail Detailed driving directions to trailheads Useful trail icons for dog-friendliness, glaciers, lakes, and more Convenient, compact, and packable size Full-color photos throughout

THE NAVIGATION OF THE GULF OF MEXICO AND CARIBBEAN SEA

The Channel Pilot

Free Copy Best Anchorages Of The Inside Passage 2nd Edition Ocean Cruise Guides

As Sundown slips her dock lines, abandons the safety of the harbor, and points north once again, I leave behind the conventions and certainties of civilization. I begin another venture into the hard, crisp world of the fabled Inside Passage, through British Columbia to Alaska. I hear the call of grizzlies and eagles, salmon and halibut, and of tough, visionary people I have known and expect to see again. The unexpected and unknown also lies ahead, and that challenge also calls. Inside the Inside Passage chronicles my adventures on these journeys. It is a collection of true stories linked together by the spirit of adventure and the challenge of self-discovery. Seven of the twenty-one chapters sketch the trip from Seattle to Glacier Bay. It will appeal to boaters who are thinking about traveling the Inside Passage because it contains specific information about distances, anchorages, and provisioning. It will also appeal to armchair travelers, environmentalists, and lovers of good writing and interesting stories. Inside the Inside Passage builds on 30 years of traveling these waters, visiting countless Islands, and discovering quiet anchorages. Five boats carried me on these adventures. My favorite was Sundown, widely known up and down the coast as the "Mac and Mac boat," because earlier in her career she sold hardware for Mac and Mac Hardware from Victoria. Sundown navigated these waters before I was born and frequently I felt more like her temporary custodian than her owner. I feel the same way about the Inside Passage. The magic and mystery existed long before I arrived: it will continue after I leave. Unfortunately, financial exploitation has been part of the history of the Inside Passage. My stories tell of the

Free Copy Best Anchorages Of The Inside Passage 2nd Edition Ocean Cruise Guides

destruction of the northwest wilderness, with alarming threats from over-fishing, clear-cut logging, fish farms, pollution, irresponsible tourism, and oil tankers. They tell about brave people, Native and non-Native, who have resisted these challenges, sometimes with satisfying success, sometimes in tragic failure. I invite you to share with me the joy and challenge of raw experience, and hopefully you will discover your own heart and voice.

Useful introductory chapters cover cruising, history, art & architecture and nature of the Mediterranean. With a pull-out map and hundreds of color photographs.

Stoddart's Encyclopaedia Americana

Flyfisher's Guide to Alaska

One of the finest cruising grounds in the world, the Inside Passage is a boater's paradise with hundreds of pristine islands, inlets, and anchorages. Written by former "Pacific Yachting" columnist Vipond and her husband, this resource profiles more than 200 anchorages and destinations. 450 color photos.

Explanations and Sailing Directions to Accompany the Wind and Current Charts

A guide to unexplored anchorages on British Columbia's Inside Passage. Just off the Inside Passage's beaten path are countless channels, bays and lagoons that beg exploration. Some are easy, some can be entered only during a few minutes at high water slack. Waggoner correspondents Jennifer and James Hamilton have researched many of these hidden jewels, and provided detailed navigation instructions. Plus history, sights to see, trails and logging roads to walk. Added chapters discuss anchoring techniques, water conservation, food & meal planning, even laundry.

Nearly two million people visit Alaska every year, drawn to its spectacular views and endless activities. But with such size and so many options, it can seem overwhelming when it comes to planning a family vacation to the 49th state. The best place to start? With a local, of course. Journalist and Alaska resident Erin Kirkland knows every corner of the state, and she has crossed thousands of miles with her son. In *Alaska on the Go*, she offers a fresh take on exploring some of the most beautiful land in the world, with tips and tricks that only an insider knows. Serving as the perfect tour guide, Kirkland identifies the best and most kid-friendly destinations in cities across Alaska. She offers practical advice on everything from restaurants to rest stops and from weather surprises to wild animals. Photos, maps, and sample itineraries make it easy for parents to plan a trip that will delight and entertain everyone. The only family travel guide to Alaska written by a current Alaskan, *Alaska on the Go* makes the state more accessible than ever. Whether traveling via car, cruise ship, or dogsled, this practical, portable guide will open up a new world of memorable adventures.

From the Arctic to Bristol Bay, this book covers all the fabulous fishing opportunities throughout Alaska. With this resource, anglers can fly into Anchorage, rent a camper, and be catching trophy salmon and trout within hours of arrival. Includes 109 detailed river and lake maps--a big book for a big state.

Moon Alaska

his cruising guide provides navigation information for a boater departing from Victoria and traveling along the British Columbia and Southeast Alaskan coasts following the protected waters of the Inside Passage to Glacier Bay, Alaska. It is divided into eight sections with full-color photographs and a sketched chart indicating marinas or anchorages where a cruising boat can find moorage as it travels along the coast. Each location has a detailed sketch and description of a safe approach, recommended anchorages and shore facilities. Crucial portions such as the transit of passes and the passage of Cape Caution are given particular attention with guidelines for timing and recommended routes. A customized weather map provides excellent information. For cruisers unable to make the entire trip to Alaska shorter trips to spectacular areas on the coast are described such as to Princess Louisa Inlet, Desolation Sound, Broughton Archipelago, Fiordland Recreation Area, Kitimat and

the Kitlope.
