Cracking the TOEFL® IBT

An internationally recognized ESL teacher and TOEFL test-taking advisor presents detailed, step-by-step coaching designed to help students succeed on the Test of English as a Foreign Language. An opening Orientation chapter discusses the TOEFL's five test areas, explains how they are scored, and offers a general test preparation plan. Subsequent chapters set forth detailed strategies and exercises for success in all five test sections of both the iBT and the ITP TOEFL: Reading, Listening, Speaking, Structure, and Writing. Accompanying MP3 CDs complement all of the book's test strategies. All audio material contained on the compact discs is also presented in printed form in the book's Audioscripts section. Answer Keys for all questions appear at the back of the book. This book helps students prepare for the TOEFL before they take the test, and it helps them outsmart the TOEFL while they are actually taking the test. The book and MP3 CD program offer valuable TOEFL test preparation when used alone, and it is even more effective when used with Barron's TOEFL iBT, Test of English as a Foreign Language with CD-ROM and Audio CDs, 14th Edition (978-1-4380-7282-1).

Exploring English Language Teaching in Post-Soviet Era Countries analyses different elements of English language teaching from the Soviet era to a new era of Westernised influence. countries, considering English language teaching at all stages of education. The book outlines the challenges that many countries of the former Soviet Union experienced at the turn of the twenty-first century and relates these to education as a crucial social phenomenon. It considers the teaching of English as a lingua franca at all education levels in the countries of the former Soviet Union, with particular emphasis on universities. Using empirical research from case studies in Azerbaijan, the book considers whether post-Soviet era countries have truly moved towards a Westernised model of language education, or simply imitated one. This book is the first of its kind to treat the problem by listening to teachers' and students' voices as the major actors of the educational process. This book will be of great interest to academics, researchers and post-graduate students in the fields of English language education, education in Eastern Europe and applied linguistics.
