Annual Report of the Medical Officer

The Ohio River

Written in light of the growing interest in the Colorado River after the US Government's proposition to build a dam in Black Canyon. The author's memoirs emphasize the uncontrolled fury of this extraordinary stream in its headlong descent from the mountains of the north.

The River Amazon from Its Sources to the Sea

The hair-raising true story of the first team to raft the entire length of the Amazon. To a trio of twenty-something adrenaline junkies, it sounded like an irresistible challenge: Tackle the Amazon with nothing more than a rubber raft between them and fate. In Amazon Extreme Colin Angus provides a you-are-there account of his expedition's terrors and

triumphs. In spite of Shining Path gunmen, mosquito-laden drinking water, and, of course, the terrifying rapids themselves, his crew also found a reverence for the equally compelling beauty that makes this region so renowned. Graceful dolphins, lush forests, and the intriguing people who live along the river complete the backdrop as Angus's five-month excursion unfolds. Culminating in an astonishing victory that garnered major media coverage, this is the story of three guys who truly went off the deep end, and one who came back to write a riveting recollection of it. From the Trade Paperback edition.

Dangerous River

Laws and Ordinances of the City of Fall River

Written with R. M. Patterson's characteristic sharp wit and observation, this classic tale chronicles the year he spent battling frigid temperatures and wild waters along the Nahanni River in Canada's Northwest Territories. Patterson originally travelled to the North with hopes of finding gold, and clues to the mysterious disappearance of earlier prospectors. Instead, he fell in love with the landscape, and through his meticulously recorded journals and hauntingly beautiful photographs he introduced the now-famous Nahanni River to the world. Patterson's bestselling first book is now back in print and ready to take readers down the treacherous and challenging waters of the Nahanni River once again.
