## **Love Lives Here**

Have you ever had a dream? How did you make that dream come true? Dave McGillivray is a world-renowned athlete, entrepreneur, captivating motivational speaker, and philanthropist. He's also the director of the Boston Marathon, the world's oldest and maybe most famous annual race! But he

wasn't always so accomplished. In *Dream Big: A True Story of Courage and Determination*, his nonfiction picture book for readers ages 6 to 10, Dave shares his unique, true story about reaching deep and showing extreme determination in the face of doubt, disappointment, and loss. In *Dream Big: A True Story of Courage and Determination*, Dave is a small kid who wants more than anything to be a professional athlete. But there's one problem. You have to be tall to play basketball. You have to be big to play football. And Dave? He's little, but his dreams are BIG. He turns to running, because you don't have to be big to be a marathon runner! But you do need to train. And Dave doesn't do much training before he crosses his first starting line of the Boston Marathon. Which is probably why he doesn't quite cross the finish line on his first attempt at the famous race. But his Grandpa believes in him, and that's enough to make Dave train hard for the next Boston Marathon. But will his Grandpa be there to see him succeed? Kids and grownups alike will be inspired by Dave's story of passion, determination, and grit. Nomad Press's first foray into the genre of nonfiction picture books, *Dream Big* delivers on all the promise you'd expect from a vibrant, real-life character paired with an award-winning fine artist. Together, Dave McGillivray and Ron Himler create a story that is heartwarming, inspiring, and beautifully presented.

## **Once Upon a Time, Bitches**

In this inspiring and provocative memoir, Caylin Moore tells the against-all-odds story of his rise from cruel poverty in gang-ridden Los Angeles to academic success at Oxford University, with hope as his compass. By all rights, Caylin Louis Moore should be dead, in prison, or stalking the streets of Compton with his fellow gang-members. Instead, he's a Rhodes Scholar, author, speaker, and role model for every kid deprived of hope in downtrodden communities. *A Dream Too Big* is the story of Moore's exodus from one of the most impoverished, gang-infested communities in the United States to the golden, dreaming spires of Oxford, England. After Moore's mother gathered her three young children and fled an abusive husband of nine years, leaving behind a comfortable middle-class life, Moore found himself in a bewildering and dangerous environment. The family lived in a neighborhood ruled by the Bloods, and Caylin often lay awake at night, terrified by both the sounds of gunfire outside and the scratching of rats and roaches moving in the walls. When Moore's father was convicted of murder and his mother was sexually assaulted in the hospital while recovering from open-heart surgery, Moore was forced to enter adulthood prematurely. Embracing his mother's steely faith in God and education, Moore skirted the gangs and the endemic violence of Compton to excel on the football field and in the classroom. Academics and athletics led to college scholarships, which led to a Fulbright

# File Type PDF Dream Big Know What You Want Why You Want It And What You Re Going To Do About It

and eventually the Rhodes Scholarship. Along the way, Moore cofounded a student organization that brought college athletes into underserved classrooms as inspirational speakers, role models, and mentors. Moore's eye-opening, inspirational story proves that, contrary to what others told him on his journey, there is no such thing as a dream too big. "A dream too big is a truly special book. Caylin's story is not just inspirational, it is instructional. I have admired him and his journey for a long time; read this book and you'll understand why." --Wes Moore, bestselling author of *The Other Wes Moore*, CEO of Robin Hood "I loved this story of triumph in praise of a sacrificial single mom and a kid who, against all odds, fought hunger-pains and gangs to make a dream-too-big become a dream-come-true. Through gunshots and the temptations of inner city poverty, Caylin Moore laced up his cleats, outran gangs, and caught the 6:00am bus on an empty stomach. A future world-changer, Caylin has penned an inspiring tale that should be mandatory reading for every student, parent, and anyone else interested in the success of those who will shape and define our future." -- Ron Hall, #1 New York Times bestselling author of *Same Kind of Different as Me* and *Workin' Our Way Home*

## **The Informationist**

Adolescents face unique pressures and worries. Will they pass high school? Should they go to college? Will they find love? And what ways do they want to act in the world? The uncertainty surrounding the future can be overwhelming. Sadly, and all too often, if things

# File Type PDF Dream Big Know What You Want Why You Want It And What You Re Going To Do About It

don't go smoothly, adolescents will begin labeling themselves as losers, unpopular, unattractive, weird, or dumb. And, let's not forget the ubiquitous 'not good enough' story that often begins during these formative years. These labels are often carried forward throughout life. So what can you do, now, to help lighten this lifelong burden? The Thriving Adolescent offers teachers, counselors, and mental health professionals powerful techniques for working with adolescents. Based in proven- effective acceptance and commitment therapy (ACT), the skills and tips outlined in this book will help adolescents and teens manage difficult emotions, connect with their values, achieve mindfulness and vitality, and develop positive relationships with friends and family. The evidence-based practices in this book focus on developing a strong sense of self, and will give adolescents the confidence they need to make that difficult transition into adulthood. Whether it's school, family, or friend related, adolescents experience a profound level of stress, and often they lack the psychological tools to deal with stress in productive ways. The skills we impart to them now will help set the stage for a happy, healthy adulthood. If you work with adolescents or teens, this is a must-have addition to your professional library.

## **Love Does**

Michael Strahan spent his childhood on a military base in Europe, where community meant everything, and life, though idyllic, was different. For one, when people referenced football they meant soccer. So

# File Type PDF Dream Big Know What You Want Why You Want It And What You Re Going To Do About It

when Michael's father suggested he work toward a college scholarship by playing football in Texas, where tens of thousands of people show up for a weekend game, the odds were long. Yet he did, indeed, land a scholarship and from there a draft into the NFL where he scaled the league's heights, broke records, and helped his team win the Super Bowl, as a result of which he was inducted into the Hall of Fame. How? By developing "Strahan's Rules" -- a mix of mental discipline, positive thinking, and a sense of play. He also used the Rules to forge a successful post pro-ball career as cohost with Kelly Ripa on Live! -- a position for which he was considered the longshot -- and much more. In *Wake Up Happy*, Michael shares personal stories about how he gets and stays motivated and how readers can do the same in their quest to attain their life goals.

## **Dream Big, Little One**

This is a book about discovering what we really need. There are a lot of second-best options, but we weren't made to live a second-best life. Finding what we actually need is different than what we are often offered. There are many books full of opinions, steps and programs. This isn't one of them. This is about craving the things that matter. Things that don't just work, but last. In a life that may seem to be all fun and games with an endless supply of balloons, author Maria Goff shows how this life is also lived with intentionality, passionate purpose, and a little planning—all of which make a life rich in legacy. But she had to figure out the help she needed first in order to live the beautiful life God wanted for her and wants for us. *Love Lives Here* is a collection of stories

# File Type PDF Dream Big Know What You Want Why You Want It And What You Re Going To Do About It

that include the ways Maria and her husband, Bob, navigated family their way, without clear instructions or a road map. It's about what they learned to make their lives meaningful and whimsical and how they created a space for their family to grow together while they reached outward. "What a gift to read Love Lives Here and find within it a friend who is as authentic and inviting as Maria Goff. Through her earnest telling of the stories of her life, she provides greater meaning to all our lives. We were thrilled to read this book." Donald Miller (bestselling author of Blue Like Jazz and Scary Close) with Betsy Miller "Grace is a contagious force we all crave and Maria contains so much grace it floods you from just a short time with her. May these pages overwhelm you with God's love, and hope that Maria knows so well." Jennie Allen, Founder of IF: Gathering and Author of Nothing to Prove

At some point, we resign ourselves to living by the scripts and rhythms established by other people. Perhaps it's a parent. Maybe it's a pastor or a boss or a teacher. Maybe it's a mortgage or wedding date or that next pay raise. Wherever the source, today there is an ocean full of people living on the life rafts of what they were expected to do. If we look at the mirror, we might see ourselves on that life raft as well. In this five-session video study (DVD/digital downloads sold separately), bestselling author Bob Goff dares to ask the questions: What would you do if opinion, reason, or probability were no objects? What do you deeply desire to do even if it scares you to the marrow of your bones? What were you meant to do even if no other person thinks you should? He shares stories from the Bible that show how God called certain individuals to follow him—regardless of their lack of "qualifications"—and how those people changed the world when they dared to follow God's dreams for their lives. In the same way, God is calling us to step into the version of our lives that he intended for us before others told us it was impossible and once again dream big. If anyone knows how to live life to the fullest, it is Bob Goff. He has already dazzled readers and audiences with his crazy, audacious, live-out-loud approach and stories told in *Love Does* and *Everybody, Always*. Yet as unique as Bob might seem, he had to make his own choice to dream big. In this study, he will take participants on this journey he has already traveled and help them to rediscover the dreams God has for them and turn

them into reality. Dream Big will help group members understand that God has a plan for their lives and provide a step-by-step road map to breaking through the barriers that are holding them back. Designed for use with the Dream Big Video Study (sold separately).

Set in the wilds of the African savanna, Think Big follows moody Baboon as he discovers another powerful secret. In the third installment in her Live Big Series, best-selling, award-winning author Kat Kronenberg takes readers back to the wilds of the African savanna where the animals not only still struggle to find food, but now they face life-threatening situations. They must fight to survive and are terrified. But when our beloved moody Baboon challenges Kudu on what to do, everything begins to change. One by one, Kudu, Giraffe, and Bee are faced with the dilemma of who they want to be. After watching Bee choose to do good, Baboon figures out a new secret: We can light the stars in our hearts, empowering our lives, once we smile big deep within, truly believing in who we are, our ideas, and the importance of caring for others. The danger continues to mount and Baboon finally gets so scared that he

cries out for help. Luckily, some fun animals and Baobab Tree come to the rescue! Will they try the new—SHHH—secret so their collective ideas not only help all the animals survive, but thrive together so that their dreams can come true? Once again, Kronenberg creates a mythical evolution story of some of nature's most fascinating characters to teach young readers foundational skills for life—in this case, helping them build a loving community that knows the joy of gratitude, giving, and going for the extraordinary. Through playful dialogue and beautiful illustrations, readers learn to take a deep breath, connect their heads to their hearts, and celebrate their best lives as they problem solve. As with *Dream Big and Love Big*, Kronenberg includes hands-on activities at the end of the book and on her website. Her dream is that the whole experience will inspire young readers everywhere to learn to think big together.
