101 Dream Interpretation Tips

Dreams have always been important to humanity, but in modern times we have lost the ability to understand what our dreams are telling us. In *The Dreamer's Odyssey*, the author provides a step-by-step guide to help the individual interpret and work through their own dreams. It can also be used by counsellors and other professionals to give them an understanding of the basis of Jung's dream analysis. The 10 week guide has been adapted from the courses that the author, Jacquie Flecknoe-Brown, has run successfully for many years. Closely linked to the theory of C. G. Jung, each chapter includes an interpreted dream relevant to the weekly content. It also includes analysis of dream-theory, and interpretation of mythical material to illustrate theoretical points. Working with dreams and their images helps us to be more conscious of ourselves, our shadows, our opposites, and our purpose. Dreams can ease our burdens, help us problem-solve, improve our memories, and enlighten us. The dream is a natural and living phenomenon--working to understand our dreams will have an effect on many aspects of our lives.
