## Baby Tracker for Newborns

An "innovative" (The New Yorker) retelling of the story of Dracula. Told with the flourish and poise of a talented storyteller, Kostova turns the age-old tale into a compelling "late night page-turner" (San Francisco Chronicle) When a young woman discovers a cache of ancient letters, she is thrown into the turbulent history of her parents' dark pasts. Uncovering a labyrinthine trail of clues, she begins to reconstruct a staggering history of deceit and violence. Debut novelist Elizabeth Kostova creates an adventure of monumental proportions, a relentless tale that blends fact and fantasy, history and the present, with an assurance that is almost unbearably suspenseful and utterly unforgettable.

My Journal for Dreaming Bid is a guided journal designed to help children realise that they already possess the skills they need to foster a growth mindset. They just need to practice these skills on a daily basis and in every activity. Developing a growth mindset doesn't have to be complicated or dogmatic. The simple questions and answers in this journal, and fun activities that stretch their imagination, will help guide kids towards a more open minded outlook and ultimately cultivate a growth mindset. This journal is divided into 52 weekly journal entries, with some fun diversions in between, and helps kids develop a growth mindset by: Writing down their weekly goals Breaking them down into tasks Reviewing the previous week Following their success over time Plus, borrowing a page from visualization theory, this

"David Wong has updated the Lovecraft tradition and infused it with humor that rather than lessening the horror, increases it dramatically. Every time I set the book down down, I was wary that something really was afoot, that there were creatures I couldn't see, and that because I suspected this, I was next. Engaging, comic, and terrifying." -- Joe Garden,

Features Editor, The Onion "Wong is like a mash-up of Douglass Adams and Stephen King 'page-turner' is an understatement." --Don Coscarelli, director, Phantasm I-V, Bubba Ho-tep "That rarest of things--a genuinely scary story."--David Wellington, author of Monster Island, Vampire Zero "JOHN DIES AT THE END has a cult following for a reason: it's horrific, thought-provoking, and hilarious all at once. This is one of the most entertaining and addictive novels I've ever read."--Jacob Kier, Publisher, Permuted Press STOP. You should not have touched this flyer with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David Wong. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this: The drug is called Soy Sauce and it gives users a window into another dimension. John and I never had the chance to say no. You still do. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: None of this was my fault.

James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team

## **Watchers**

The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

## The Library at Mount Char

This is the HARDBACK version. "Use the combos, keep the feet light. This is it." That's boxing champ Julius, psyching himself up for a showdown with, of all people, unstoppable killer Jason Voorhees in Friday the 13th Part VIII: Jason Takes Manhattan. Perhaps not familiar with the fact that a goalie mask is meant to stop rock hard vulcanized rubber flying at 100 mph, his fists prove laughably ineffective. Jason's though, are anything but. He punches Julius's head clean off with one right cross. A fist might seem like unconventional weaponry compared with the knives and axes usually deployed by unspeaking, unfeeling, unstoppable killers in horror films. And it is. But it doesn't even scratch the surface when it comes to weird ways people have been killed in horror. Horror movie victims have had ears of corn buried in their backs, they've been decapitated by basketballs, lacerated by avant-garde sculptures, skewered by mounted deer antlers, bludgeoned by pogo sticks, and punctured with unfurled umbrellas. Death by Umbrella! The 100 Weirdest Horror Movie Weapons showcases these oddball deaths and some even stranger ways killers have gone about their grisly business - MOs that would leave even the most seasoned coroner shaking their head provided, of course, that it's still attached, for in the world of horror, no one is safe. Authors Christopher Lombardo and Jeff Kirschner are Toronto horror journalists and hosts of the Really Awful Movies Podcast, a weekly celebration of low budget genre film. They also review horror films new and old at [ReallyAwfulMovies.com](http://ReallyAwfulMovies.com).

## What Dreams May Come

Carolyn's not so different from the other people around her. She likes guacamole and cigarettes and steak. She knows how to use a phone. Clothes are a bit tricky, but everyone says nice things about her outfit with the Christmas sweater over the gold bicycle shorts. After all, she was a normal American herself once. That was a long time ago, of course. Before her parents died. Before she and the others were taken in by the man they called Father. In the years since then, Carolyn hasn't had a chance to get out much. Instead, she and her adopted siblings have been raised according to Father's ancient customs. They've studied the books in his Library and learned some of the secrets of his power. And sometimes, they've wondered if their cruel tutor might secretly be God. Now, Father is missing-perhaps even dead-and the Library that holds his secrets stands unguarded. And with it, control over all of creation. As Carolyn gathers the tools she needs for the battle to come, fierce competitors for this prize align against her, all of them with powers that far exceed her own. But Carolyn has accounted for this. And Carolyn has a plan. The only trouble is that in the war to make a new God, she's forgotten to protect the things that make her human.
