Bullet Journal

Mysterious doors with lizard-head knobs. Talking stone statues. A crazy girl with a hatchet. Yes, Liv's dreams have been pretty weird lately. Especially the one where she's in a graveyard at night, watching four boys conduct dark magic rituals. The strangest part is that Liv recognizes the boys in her dream. They're classmates from her new school in London, the school where she's starting over because her mom has moved them to a new country (again). But what's really scaring Liv is that the dream boys seem to know things about her in real life, things they couldn't possibly know—unless they actually are in her dreams? Luckily, Liv never could resist a good mystery, and all four of those boys are pretty cute.

"[A] solid how-to book For amateur dream researchers, this is a must." **WHOLE EARTH REVIEW** This book goes far beyond the confines of pop dream psychology, establishing a scientifically researched framework for using lucid dreaming--that is, consciously influencing the outcome of your dreams. Based on Dr. Stephen LaBerge's extensive laboratory work at Stanford University mapping mind/body relationships during the dream state, as well as the teachings of Tibetan dream yogis and the work of other scientists, including German psychologist Paul Tholey, this practical workbook will show you how to use your dreams to: Solve problems; Gain greater confidence; improve creativity, and more. From the Paperback edition.

The Pennsylvania School Journal

A modern classic, *Einstein's Dreams* is a fictional collage of stories dreamed by Albert Einstein in 1905, about time, relativity and physics. As the defiant but sensitive young genius is creating his theory of relativity, a new conception of time, he imagines many possible worlds. In one, time is circular, so that people are fated to repeat triumphs and failures over and over. In another, there is a place where time stands still, visited by lovers and parents clinging to their children. In another, time is a nightingale, sometimes trapped by a bell jar. Now translated into thirty languages, *Einstein's Dreams* has inspired playwrights, dancers, musicians, and painters all over the world. In poetic vignettes, it explores the connections between science and art, the process of creativity, and ultimately the fragility of human existence.

A Winter Dream

Good news! Fannie's back in town—and the town is among the leading characters in her new novel. Along with Neighbor Dorothy, the lady with the smile in her voice, whose daily radio broadcasts keep us delightfully informed on all the local news, we also meet Bobby, her ten-year-old son, destined to live a thousand lives, most of them in his imagination; Norma and Macky Warren and their ninety-eight-year-old Aunt Elner; the oddly sexy and charismatic Hamm Sparks, who starts off in life as a tractor salesman and ends up selling himself to the whole state and almost the entire country; and the two women who love him as differently as night and day. Then there is Tot Whooten, the beautician whose luck is as bad as her hairdressing skills; Beatrice Woods, the Little Blind Songbird; Cecil Figgs, the Funeral King; and the fabulous Minnie Oatman, lead vocalist of the Oatman Family Gospel Singers. The time is 1946 until the present. The town is Elmwood Springs, Missouri, right in the middle of the country, in the midst of the mostly joyous transition from war to peace, aiming toward a dizzyingly bright future. Once again, Fannie Flagg gives us a story of richly human characters, the saving graces of the once-maligned middle classes and small-town life, and the daily contest between laughter and tears. Fannie truly writes from the heartland, and her storytelling is, to quote Time, "utterly irresistible."

Ever since Freud first delved into the language of the unconscious, readers have been aware that the metaphorical dream language of the human psyche is a vehicle of wisdom. Dream images can promote growth and healing. Katherine Nelson remembers her dreams in drawings, 80 of which are reproduced in this text. The book combines the dream images with journal entries to reveal the wisdom of one dreamer's psyche. There are blank journal pages so that readers can do their Night Fishing.
