White Spirit Animals

Spirit Lives in the Mind

Explores the powers and wisdom of sacred White Spirit Animals • Looks in-depth at the lessons of the major White Spirit Animals: the White Bear, White Lion, White Elephant, White Wolf, and White Buffalo • Explains how to use shamanic dreaming and trans-species telepathy to communicate with these great spiritual teachers • Reveals how White Spirit Animals are calling humanity to restore balance, respect, reverence, and honor to protect our animal kin, ourselves, and the earth Beautiful rarities of nature, all-white animals are held sacred by many indigenous cultures and offer deep wisdom to all who will listen. In addition to the White Buffalo, there are other revered white animals, such as the White Wolf, White Lion, White Elephant, and White Bear. Each of these White Spirit Animals belongs to a species at the apex of their ecosystem, meaning the environment in which they live will unravel without them. Speaking through ancient and modern prophecy and the many humans who communicate with them, these White Spirit Animals are urgently calling to humanity to restore balance and protect our animal kin, ourselves, and the earth. Combining sacred elder lore, science, and her own telepathic dreams, Zohara Hieronimus looks at the special role played by White Spirit Animals in spiritual traditions and prophecy around the globe, where they are seen as guardians of animal wisdom, each with a special purpose and gift. She reveals how they have collaborated with humanity since the last ice age, inspiring spiritual practices and conferring shamanistic powers, and are considered the stewards of the great spiritual transformations that occur during transitional times. Sharing the waking vision of White Spirit Animals that called her to write this book, and their message of CPR for the earth--conservation, preservation, and

restoration--she explains how to use shamanic dreaming and trans-species telepathy to communicate with these great spiritual teachers. Exploring each one of the major White Spirit Animals--White Buffalo, White Lion, White Elephant, White Wolf, and White Spirit Bear--and the cultures in which they are honored, the author shows, for example, how the White Buffalo is called a harbinger of peace and abundance by many Native American tribes and the White Bear, the great earth healer, teaches us about nurturance and patience. As a bridge between the spiritual and physical worlds, between humans and animals, White Spirit Animals are calling us to open our hearts to the wild, to the sacredness of the wind, the water, the earth, and dream a new world into being to heal our own personal and collective wounds and restore the earth to balance.

Dreaming with Polar Bears

After the publication of his best-selling book *Power Animals*, many people inquired about the meaning of spirit animals that were not contained in that work. In *Animal Spirit Guides*, Dr. Farmer provides concise, relevant details about the significance of more than 200 animals that may come to you in physical or symbolic form as guides and teachers. With each animal listed, you'll find general meanings of the visitation; practical ways that they can help you as spirit guides; and how, as your power animal, they reflect characteristics that you possess. You'll also find a "whom-to-call-on" section that will tell you which animal spirit guide to call on for any specific purpose.

10,000 Dreams Interpreted

A guide to co-dreaming with animals for personal and planetary evolution • Presents lucid dream encounters with living polar bears and teachings from polar bear spirits • Explores ways to consciously engage with dreams, co-dream with animals through shared awareness, and form human-animal dream relationships • Reveals the role of human-polar bear dreaming in the Earth's planetary evolution Dreams speak to us on deep levels. Through dreaming we open a gateway to our inner world. Through lucid dreaming we open to conscious interaction with the surroundings, happenings, and living beings within the dreamscape. Over many years, animal communicator Dawn Baumann Brunke dreamed of polar bears. One night, a lucid dream triggered the realization that not only was she dreaming of a living polar bear but also that the polar bear was dreaming of her. Through shared dream encounters, Brunke became adept at connecting with the bear both while asleep and awake. Together, they explored nonphysical locales where lucid dreamers meet to join in consciousness and co-dream together. Recounting the dreams she had with polar bears as well as with a council of spirit bears, Brunke presents techniques she learned to enter shared dreamscapes and form meaningful dream relationships with other species. Brunke also examines how our assumptions about polar bears, or any animal, can teach us about ourselves. As we awaken to the wisdom of our dreams, we begin to heal ourselves and our Earth. Sharing ways to recall dreams and engage lucid dream awareness, Brunke shows how dreamwork can help us forge deeper connections with the natural world and move more consciously in planetary evolution with all beings. Guided by the polar bears in her dreams, the sacred guardians of North Pole evolutionary energy, Brunke reveals how we can each dream ourselves awake and, with animal companions and guides, help dream a new world into being.

Sweet Dreams, Polar Bear

The Memoirs of a Polar Bear stars three generations of talented writers and performers—who happen to be polar bears. *The Memoirs of a Polar Bear* has in spades what Rivka Galchen hailed in the *New Yorker* as “Yoko Tawada’s magnificent strangeness”—Tawada is an author like no other. Three generations (grandmother, mother, son) of polar bears are famous as both circus performers and writers in East Germany: they are polar bears who move in human society, stars of the ring and of the literary world. In chapter one, the grandmother matriarch in the Soviet Union accidentally writes a bestselling autobiography. In chapter two, Tosca, her daughter (born in Canada, where her mother had emigrated) moves to the DDR and takes a job in the circus. Her son—the last of their line—is Knut, born in chapter three in a Leipzig zoo but raised by a human keeper in relatively happy circumstances in the Berlin zoo, until his keeper, Matthias, is taken away. Happy or sad, each bear writes a story, enjoying both celebrity and “the intimacy of being alone with my pen.”
