Does your empathic spirit feel like a broken leaf? Maybe you crave inner-peace or a renewed connection with the Divine Light. Are you interested in communicating with angels, mysticism, or learning about answers from the other side? I understand your inquisitiveness, sensitivity, and weariness because I felt the same way for decades. Then one night, I had a divine dream of Archangel Michael, and I was changed forever. Soon, I experienced supernatural encounters with the Spirit and received channels, signs, and visions about ways of restoring love. The enlightenment lifted me out of my night. From 2013 - 2017, I received sixty-four messages, two parables, and one personal essay dictated by the Angel of Death. I recorded them for self-reflection in my book, and they will provide hope, enhance all faiths, and refresh your dry heart with a new mindset about living a spiritual life again.

### **God Encounters Today**

Since ancient times, accounts of supernatural activity have mystified us. Ghost stories as we know them did not develop until the late nineteenth century, but the restless dead haunted the premodern

imagination in many forms, as recorded in historical narratives, theological texts, and personal letters. The Penguin Book of the Undead teems with roving hordes of dead warriors, corpses trailed by packs of barking dogs, moaning phantoms haunting deserted ruins, evil spirits emerging from burning carcasses in the form of crows, and zombies with pestilential breath. Spanning from the Hebrew scriptures to the Roman Empire, the Scandinavian sagas to medieval Europe, the Protestant Reformation to the Renaissance, this beguiling array of accounts charts our relationship with spirits and apparitions, wraiths and demons over fifteen hundred years, showing the evolution in our thinking about the ability of dead souls to return to the realm of the living--and to warn us about what awaits us in the afterlife.

## **Invitation to Encounter**

In dreams, part of the self seems to wander off to undertake both mundane tasks and marvellous adventures. Anthropologists have found that many peoples take this experience of dreaming at face value, assuming that their spirits literally leave the body to travel, meet other spirits, and acquire valuable knowledge - with dramatic consequence for relationships, social organization, and religions. Dream Travellers is about Melanesian, Aboriginal Australian, and Indonesian peoples who hold this assumption. Several leading anthropologists contribute theoretically and ethnographically rich chapters, showing that attention to these peoples' dream lives deeply enhances our understanding of their cultures and waking lives as well.

## **My Supernatural Encounter with the Orange Being**

One man's extraordinary encounters with God. God wants us to stay plugged into Him so that we can live a supernatural life of victory. We should expect this to be "normal" Christianity. This book is filled with stories of what the miraculous looks like in daily life and it gives key points to help you walk in the supernatural. A Miraculous Life tells of the miracles that Bruce Van Natta has personally experienced, including when he received a hug from Jesus at age five, when God called his name in a church service at nineteen, and when he saw the angels sent to save his life during an out-of-body experience at the point of death. Each encounter is given as an example of the knowledge and insights he has learned within the context of Scripture. The book also includes other real-life testimonies that show how God's supernatural power is released. You will be amazed to read of the miracles taking place today: blind eyes and deaf ears being opened, tumors vanishing, demons being cast out, and captives being set free from heartache, pain, depression, and fear. These faith-building stories and biblical references will help you live "supernaturally victorious" in every area of your life, regardless of the circumstances.

## **Spiritual Revolution**

What if there was a key that made every prayer more effective--something that would bring all prayers into agreement with the heart of God every single time? This type of praying does exist, says bestselling author and prophetic leader James W. Goll, and it's called prophetic intercession. It is the humble act of holding the needs of people before God while leaning into God's heart for them. There is nothing mystical or elite about this kind of praying, and it's for the new Christian and the most seasoned prayer warrior. All you need is to learn to lean into your heavenly Father and pray what you see and hear in alignment with his heart, empowered by the Holy Spirit. God wants you to align your heart with his. He wants you to pray more effectively in these turbulent times, and he wants you to help usher in the fullness of his purposes on the earth. Are you ready?

## **How to Contend for Your Miracle**

Is your child a dreamer? Does your child see visions? If so, do not ignore them. Although every dream or vision does not have any spiritual benefit we still need to listen to our children. This is so important because dreams and visions are the language of God. Every human being on the planet has the innate ability to receive divine communication from God especially in the form of a dream. The concept of dreams is fascinating and has researchers across the globe trying to find answers. Dreams are a language all their own and interpretation comes solely from our Heavenly Father. So, if your child is a dreamer you need to explain to them that God can speak to them through dreams. And take the time to show them scriptures about dreams. This will cause them to be more mindful and pay attention when they have dreams. Remember in 1 Samuel the 3rd chapter God was speaking to Samuel but he was young and did not yet know the voice of the Lord. Very often God is speaking to our children and it is up to us to teach them to recognize and respond to the voice of the Lord. Understand that not only will God communicate with children in dreams and visions the enemy will try and come with demonic communication. Many prophetic children that are dreamers battle with nightmares and being harassed at night by demonic spirits. Some children dream vividly almost every night and taking the time to listen to their dreams can give some insight to the source of their dreams or even reveal a message that God has been speaking through dreams. The first half of this book is geared towards you, the parents and other adults that are responsible for prophetic children. The second half of this book is some activities for you to do along with your prophetic child.

### **To Dream Is To Die**

Many people today are reluctant to believe in blessings ensuing from a supernatural source, and they are hesitant to lend credence to the possibility of miracles and supernatural experiences as well. Numerous Christians too, although they profess allegiance to the God of the Holy Bible, tread delicately on a path that would otherwise bridge a chasm between the temporal or tangible and the miraculous or preternatural. The result is a departure from Biblical Christianity and the embracing of a kind of pseudo-religiosity far removed from the Gospel of Jesus Christ. In *Blessings, Miracles & Supernatural Experiences: A Biblical Perspective - A Christian's Story*, the author presents an explicative discussion about blessings, miracles and supernatural experiences from a Biblical standpoint. He purposes to explain the supernaturalness of God, while acknowledging present-day humankind's falling away from Biblical Christianity and its pronouncements about an omniscient, omnipotent and omnipresent Creator and Designer of life and of the universe. The author devotes three full-length chapters to the recollection of blessings, miracles and supernatural experiences in his life, the lives of family members including his siblings and their families, and his parents. There are stories about healings, miracles, supernatural experiences and even demon possession and exorcism, all of which actually took place. The penultimate and final chapters of *Blessings, Miracles & Supernatural Experiences: A Biblical Perspective - A Christian's Story* examine the greatest miracle in history - the Resurrection of Jesus Christ - and analyze what religious scholars refer to as "End-time events" and the ushering in of eternity, a period of everlastingness in either of two locations - heaven or hell!

It is written not to merely dispense information, but to impart revelation and help to activate your dream life. You are called to experience and enjoy adventures in dreaming. ### **Dream Travelers**

As we move through life, we are constantly being addressed through both our normal and paranormal senses. Kabbalah teaches us that we can always benefit from these signals by adopting a dual strategy: the innocent path of simplicity together with the focused approach of rational analysis. "For some years now, I have been aware that I have the ability to tap into other worlds and experience various paranormal events Should I try to work to eliminate these experiences from my life, and if so, how?" "I have a question regarding the removal of a curse on land and turning it into a blessing. Can you tell me any procedures or do's and don'ts concerning this? Any information will be appreciated." "I have had several very significant dreams that have so disturbed me No one I know really seems to have any insight

into what these dreams may mean. I would greatly appreciate any wisdom you might pass on to me." In this selection of letters concerning dreams and paranormal experiences, you will find detailed answers to these questions and others. Studying the replies in this volume will present you with a new, fuller and clearer attitude towards perceiving and interpreting the spiritual phenomena that you may experience.

### **Enchanted Dreams**

Gwenna Luna is seventeen and on the run. And she dreams of strange things: A child-eating giant who lives in the woods; ghosts haunting a laboratory; a valley of the undead; a magical book and Jack the Ripper's escape from hell Why did Gwenna Luna seek out the help of a jaded psychiatrist to unravel these dreams?
