As Yehuda Berg showed with *The 72 Names of God*, hidden beneath the surface of ancient texts exist powerful, transformative technologies. In *Kabbalah: The Dreams Book*, Berg examines the meanings of dreams by using Kabbalistic principles. Dreams, he says, offer valuable messages and wisdom, and to ignore them is the same as leaving a potentially life-changing letter unopened. Berg shows readers how to interpret the directions in their dreams, from how to find a soul mate to ways to deflect negative energy and judgments.

Secret Shakespeare

This book thoroughly documents traditions and beliefs, using concrete biblical references, that every religious denomination is wrong about, and it proves how all biblical references must work together without contradiction to tell us the whole truth. This book also reveals secrets of the entire Holy Bible and the book of Revelation in detail, and solves the mystery of the Trinity which has been debated by the churches for decades. This book also contains crucial information concerning apocalyptic events that have been kept secret from the general public for centuries. There are secrets disclosed in detail in this book that no mortal man or religious scholar has ever figured out prior to it being written in this book. The biblical secrets in this book have been researched, studied, and thoroughly documented. This book is not only biblically accurate. It is predominantly indisputable, philosophically profound,

prophetically insightful, and extremely overwhelming.

The Dreams in the Witch-House

The Venona Secrets presents one of the last great, untold stories of World War II and the Cold War. In 1995, secret Soviet cable traffic from the 1940s that the United States intercepted and eventually decrypted finally became available to American historians. Now, after spending more than five years researching all the available evidence, espionage experts Herbert Romerstein and Eric Breindel reveal the full, shocking story of the days when Soviet spies ran their fingers through America's atomic-age secrets. Included in The Venona Secrets are the details of the spying activities that reached from Harry Hopkins in Franklin Roosevelt's White House to Alger Hiss in the State Department to Harry Dexter White in the Treasury. More than that, The Venona Secrets exposes: information that links Albert Einstein to Soviet intelligence and conclusive evidence showing that J. Robert Oppenheimer gave Moscow our atomic secrets How Soviet espionage reached its height when the United States and the Soviet Union were supposedly allies in World War II The previously unsuspected vast network of Soviet spies in America How the Venona documents confirm the controversial revelations made in the 1940s by former Soviet agents Whittaker Chambers and Elizabeth Bentley. The role of the American Communist Party in supporting and directing Soviet agents How Stalin's paranoia had him target Jews (code-named Rats) and Trotskyites even after Trotsky's death How the Soviets penetrated America's own intelligence services The Venona Secrets is a masterful compendium of spy versus spy that puts the Venona transcripts in context with secret FBI reports, congressional

investigations, and documents recently uncovered in the former Soviet archives. Romerstein and Breindel cast a spotlight on one of the most shadowy episodes in recent American history a past when treason infected Washington and Soviet agents were shielded, either wittingly or unwittingly, by our very own government officials.

7 Untold Secrets of Living Abroad

We all dream; we all share these strange experiences that infuse our nights. But we only know of those nightly adventures when we decide to represent them. In the long history of coming to terms with dreams there seem to be two different ways of delineating our forays into the world of the unconscious: One is the attempt of interpreting, of unveiling the hidden meaning of dreams. The other one is not so much concerned with the relation of dream and meaning, of dream and reality, it rather concentrates on trying to find means of representation for this extremely productive force that determines our sleep. The essays collected in this book explore both attempts. They follow debates in philosophy and psychoanalysis and they study literature, theatre, dance, film, and photography.

Secrets of the Holy Bible

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama “guides us straight to the intersection of the most serious questions of identity, class, and race” (The Washington Post Book World). “Quite extraordinary.”—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother’s family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father’s life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* “Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride’s *The Color of Water* and Gregory Howard Williams’s *Life on the Color Line* as a tale of living astride America’s racial categories.”—Scott Turow “Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither.”—The New York Times Book Review “Obama’s writing is incisive yet forgiving. This is a book worth savoring.”—Alex Kotlowitz, author of *There Are No Children Here* “One of the most powerful books of self-discovery I’ve ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture

and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel.”—Charlayne Hunter-Gault, author of *In My Place* “*Dreams from My Father* is an exquisite, sensitive study of this wonderful young author’s journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white.”—Marian Wright Edelman

Walking in Two Worlds

A quarterly review of religion, theology, and philosophy.

Encounter

Randolph Carter dreams three times of a majestic sunset city, but each time he is abruptly snatched away before he can see it up close. When he prays to the gods of dream to reveal the whereabouts of the phantasmal city, they do not answer, and his dreams of the city stop altogether. Undaunted, Carter resolves to go to Kadath, where the gods live, to beseech them in person. However, no one has ever been to Kadath and none even knows how to get there. In dream, Randolph Carter descends "the seventy steps to the cavern of flame" and speaks of his plan to the priests Nasht and Kaman-Thah, whose temple borders the Dreamlands. The priests warn Carter of the great danger of his quest and suggest

The Athenæum

The Aldine

The Dreams Book

Secrets Untold, Stories of Love, Longing and Movin' On will take you on a journey where decisions and deeds, thoughts, inner voices, and secrets people normally keep to the themselves are revealed with unflinching - and often humorous - candor. In the opening story, Honesty, a young woman finds out the truth about her mother's death. In Skinny and Unavailable, a single mom offers the reader simultaneous translations of her true feelings as she discovers her boyfriend's attention seems tied to her weight and availability. In the title story, the main character runs away with a cowboy and shares the secrets she learns about herself through her infidelity. Sorrow and Dust looks at a woman coping with the loss of her best friend, while Gravity describes the downside of getting old and still being crazy in love. Lose yourself in the stories of these women as they embrace love lust, loss and the need to move on.

The Hibbert Journal

Dreams and Dreaming

The Spanish anatomist Santiago Ramon y Cajal (1852-1934) explored the microscopic world of the brain and found a landscape inhabited by distinctly individual cells, later termed neurons. "The mysterious butterflies of the soul," he called them, "whose beating of wings may one day reveal to us the secrets of the mind." Although he ranks among the greatest scientists in history, the name of the Nobel Prize-winning "father of modern neuroscience" is not as well-known as that of Darwin, Pasteur, Galileo, Einstein, Copernicus, and Isaac Newton. The second half of the nineteenth century saw a revolution in the study of the mind. Cajal was a

contemporary of Sigmund Freud (1856-1939), whose radical theories would scandalize the next century. Before he was a neuroanatomist Cajal conducted psychiatric experiments and before Freud became a psychiatrist, he worked in neuroanatomy. In public, Cajal spoke respectfully about Freud, but in private, Cajal rejected the man and his theories. In order to disprove Freud's "lies," Cajal started to record his own dreams in a diary, part of a notably personal book project, which he worked on from 1918 until his death in 1934. For reasons unknown, Cajal never published this work. Until recently, it was assumed that the manuscript had been destroyed during the Spanish Civil War. The Dreams of Santiago Ramon y Cajal is this lost dream diary, translated into English for the first time. The text is accompanied by an introduction to the life and work of Cajal, his relationship with the famed Viennese psychoanalyst, and the historical context surrounding the contributions of two great dueling intellects. "
