Brian Herbert and Kevin J. Anderson's *Navigators of Dune* is the climactic finale of the Great Schools of Dune trilogy, set 10,000 years before Frank Herbert's classic *Dune*. The story line tells the origins of the Bene Gesserit Sisterhood and its breeding program, the human-computer Mentats, and the Navigators (the Spacing Guild), as well as a crucial battle for the future of the human race, in which reason faces off against fanaticism. These events have far-reaching consequences that will set the stage for *Dune*, millennia later. At the Publisher's

Dune: The Butlerian Jihad

The first book in a can't-put-it-down, can't-read-it-fast-enough action-thriller trilogy that's part Hatchet, part Alien! The invasion begins--but not as you'd expect. It begins with rain. Rain that carries seeds. Seeds that sprout--overnight, everywhere. These new plants take over crop fields, twine up houses, and burrow below streets. They bloom--and release toxic pollens. They bloom--and form Venus flytrap-like pods that swallow animals and people. They bloom--everywhere, unstoppable. Or are they? Three kids on a remote island seem immune to the toxic plants. Anaya, Petra, Seth. They each have strange allergies--and yet not to these plants. What's their secret? Can they somehow be the key to beating back this invasion? They'd better figure it out fast, because it's starting to rain again.

Spine of the Dragon

The Little Green Book of Chairman Rahma

"A darkly funny, wonderfully original detective tale."--Kelley Armstrong Single Dead Detective Seeks Clue Ever since the Big Uneasy unleashed vampires, werewolves, and other undead denizens on the world, it's been hell being a detective--especially for zombie P.I. Dan Chambeaux. Taking on the creepiest of cases in the Unnatural Quarter with a human lawyer for a partner and a ghost for a girlfriend, Chambeaux redefines "dead on arrival." But just because he was murdered doesn't mean he'd leave his clients in the lurch. Besides, zombies are so good at lurching. Now he's back from the dead and back in business--with a caseload that's downright unnatural. A resurrected mummy is suing the museum that put him on display. Two witches, victims of a curse gone terribly wrong, seek restitution from a publisher for not using "spell check" on its magical tomes. And he's got to figure out a very personal question--Who killed him? For Dan Chambeaux, it's all in a day's work. (Still, does everybody have to call him "Shamble"?) Funny, fresh, and irresistible, this cadaverous caper puts the P.I. in R.I.P. . . .with a vengeance. "Wickedly funny, deviously twisted and enormously satisfying. This is a big juicy bite of zombie goodness. Two decaying thumbs up!"--Jonathan Maberry "Anderson has become the literary equivalent of Quentin Tarantino in the fantasy adventure genre."--The Daily Rotation "An unpredictable walk on the weird side. Prepare to be entertained." --Charlaine Harris

Unfettered III

Set in a world of goblin wars, stag-sized battle ravens, and assassins who kill with deadly tattoos, Christopher Buehlman's *The Blacktongue Thief* begins a 'dazzling' (Robin Hobb) fantasy adventure unlike any other. Kinch Na Shannack owes the Takers Guild a small fortune for his education as a thief, which includes (but is not limited to) lock-picking, knife-fighting, wall-scaling, fall-breaking, lie-weaving, trap-making, plus a few small magics. His debt has driven him to lie in wait by the old forest road, planning to rob the next traveler that crosses his path. But today, Kinch Na Shannack has picked the wrong mark. Galva is a knight, a survivor of the brutal goblin wars, and handmaiden of the goddess of death. She is searching for her queen, missing since a distant northern city fell to giants. Unsuccessful in his robbery and lucky to escape with his life, Kinch now finds his fate entangled with Galva's. Common enemies and uncommon dangers force thief and knight on an epic journey where goblins hunger for human flesh, krakens hunt in dark waters, and honor is a luxury few can afford. "The Blacktongue Thief is fast and fun and filled with crazy magic. I can't wait to see what Christopher Buehlman does next." - Brent Weeks, New York Times bestselling author of the *Lightbringer* series

SIXTEEN TONS carries you down into the dark, dirty and dangerous coal mines of the early 1900s, as Italian immigrant Antonio Vacca and his sons encounter cave-ins and fires deep below the earth's surface. The dangers above ground are equally deadly, as the men and women battle gun thugs, corrupt sheriffs and crooked politicians at Virden, Matewan and Ludlow in an epic struggle to form a union and make the mines a safer place to work. Historian Kevin Corley has fashioned a unique novel by interviewing retired miners, their wives and children across the country throughout Illinois. He has used these oral histories to fashion an honest, accurate portrait of life among the coal mining families. You will be moved by the dramatic events in the novel, which are all the more moving and inspiring, given their foundation among real individuals who walked through history. -- back cover.

The Far Kingdoms

A beautifully told and intriguing mystery about two generations of Scottish women united by blood, an obsession with the past, and a long-hidden body, from the author of *The House Between Tides*. Libby Snow has always felt the pull of Ullaness, a headland on Scotland's sea-lashed western coast where a legend has taken root. At its center is Ulla, an eighth-century Norsewoman whose uncertain fate was entangled with two warring brothers and a man who sought to save her. Libby first heard the stories from her grandmother, who had learned it from her own forebear, Ellen, a maid at Sturrock House. The Sturrocks have owned the land where Ulla dwelled for generations, and now Libby, an archaeologist, has their permission to excavate a mysterious mound, which she hopes will cast light on the legend's truth. But before she can begin, storms reveal the unexpected: the century-old bones of an unidentified man. The discovery triggers Libby's memories of family stories about Ellen, of her strange obsession with Ulla, and of her violent past at Sturrock House. As Libby digs deeper, she unravels a recurring story of love, tragedy, and threads that bind the past to the present. And as she learns more of Rodri Sturrock, the landowner's brother, she realizes these forces are still at work, and that she has her own role to play in Ulla's dark legend.

The Race for God

Lori Vale, a rebellious teen, is thrust into the middle of a violent religious conflict when her mother is murdered, and the girl is taken to a fortress in an ancient Greek monastery. There, a group of radical women is creating an earthshaking religious text. The Holy Women's Bible will include the Old and New Testaments, edited to alter gospels that are detrimental to the interests of women, such as passages asserting that they should obey their husbands, remain silent in churches, and suffer the burden of Eve's sins. The Holy Women's Bible also holds a bombshell: the Testament of the She-Apostles. It asserts that Jesus Christ had 24 apostles,

and half were women called "she-apostles." Eleven she-apostles have been reincarnated in modern times as female children, and are revealing new female-oriented gospels about the life of Jesus, stories they say were omitted from the Bible by male church authorities who decided what to include in the Bible and what to leave out, in order to assert the power and dominance of men over women. The radical women have dangerous enemies, and Lori's life is in grave peril, along with the lives of the remarkable female apostles of Jesus. . . .

Dune

Eternity's Mind is the climactic final book in Kevin J. Anderson's Saga of Shadows Trilogy, which began with the Hugo nominee *The Dark Between the Stars*. The Saga of Shadows, as well as its predecessor series, the international bestselling Saga of Seven, are among the grandest epic space operas published in this century. Two decades after the devastating

Elemental War, which nearly destroyed the cosmos, the new Confederation restored peace and profitable commerce among the peoples and worlds of the Spiral Arm. The ambitious, innovative Roamers went back to their traditional business of harvesting the vital stardrive fuel *ekti* from the clouds of gas giant planets, and the telepathic green priests of Theroc provided instantaneous galaxy-wide communication via their connection to the powerful and sentient worldtrees. The alien Ildiran Empire rebuilt their grand Prism Palace under the light of their seven suns, and their Mage-Imperator declared a new age of expansion and discover. But peace was not to last. The malevolent Klikiss robots soon found an ally in the ancient and near-omnipotent Shana Rei, destructive creatures who are the personification of darkness and chaos awakened after millennia of slumber to destroy all sentient life in the universe. The Confederation and the Ildiran Empire fought in every way possible, but the Spiral Arm itself seemed doomed. All across the transportal network, space is tearing apart, the links between the gateways are breaking down, the fabric of space unraveling. The worldtrees are dying, entire planets are englobed in impenetrable black barriers erected by the Shana Rei, and the murderous taint has infiltrated the Ildiran race as well as Mage-Imperator Jora'h himself. Desperate for stardrive fuel to power the military and all space travel, the industrialist Lee Iswander has been extracting *ekti*—the blood of the cosmos—from mysterious giant nodules found floating in empty space, draining these “bloaters” dry by the thousands. But in doing so, is he weakening the only ally that all of civilization may have against the Shana Rei? A breathtakingly large canvas with a huge cast of characters, *Eternity's Mind* is the grand finale of a story as complex as any Science Fiction epic you will ever read.
