### Writings in the United Amateur, 1915-1922

What the Moon Brings is a short story by H.P. Lovecraft, written on June 5, 1922. This story was first published in the National Amateur in May 1923, and based upon a dream. This story is told in the first person; the narrator is never named. The story describes a surreal dreamscape. The narrator wanders through his garden one night and in the moonlight sees strange and bizarre things.

### Tales of King Arthur and the Round Table

Howard Phillips Lovecraft was born to a well-to-do family in

Providence, Rhode Island. As a child, he revealed remarkable precocity in his early interests in literature and science. Ill-health dogged him in youth, rendering his school attendance sporadic; and in 1908 he experienced a nervous breakdown that rendered him a virtual recluse for several years. In 1914 he discovered the world of amateur journalism and began slowly emerging from his hermitry. He wrote tremendous amounts of essays, poetry, and other work; in 1917, under the encouragement from W. Paul Cook and others, he resumed the writing of horror fiction, and his career as a dream-weaver began anew. In 1921 Lovecraft met his future wife, Sonia H. Greene, at an amateur journalism convention. It was at this time that he began expanding his horizons, both geographical and intellectual: he traveled widely, from New England to New York to Cleveland; and he absorbed such literary and intellectual influences as Lord Dunsany, Friedrich Nietzsche, and Arthur Machen. In 1924 he and Sonia decided to marry, and Lovecraft moved to New York to pursue his literary fortune. But, as the first volume of this biography concludes, his metropolitan adventure would be bittersweet at best. S. T. Joshi's award-winning biography *H. P. Lovecraft: A Life* (1996) provided the most detailed portrait of the life, work, and thought of the dreamer from Providence ever published. But that edition was in fact abridged from Joshi's original manuscript, and this expanded and updated two-volume edition restores the 150,000 words that Joshi omitted and, in addition, updates the texts with new findings.

### The Book of the Smoke: The Investigator's Guide to Occult London

In this fresh and innovative middle grade fantasy, imagination matters most in a world where art can keep monsters trapped—or set them free. Lots of twins have a special connection, but twelve-year-old Matt and Emily Calder can do way more than finish each

other's sentences. Together, they are able to bring art to life and enter paintings at will. Their extraordinary abilities are highly sought after, particularly by a secret group who want to access the terrors called Hollow Earth. All the demons, devils, and evil creatures ever imagined are trapped for eternity in the world of Hollow Earth—trapped unless special powers release them. The twins flee from London to a remote island off the west coast of Scotland in hopes of escaping their pursuers and gaining the protection of their grandfather, who has powers of his own. But the villains will stop at nothing to find Hollow Earth and harness the powers within. With so much at stake, nowhere is safe—and survival might be a fantasy.

## Poetry of the Gods

“The Challenge from Beyond” is a five-part story written as a collaboration between various authors, including: A. Merritt, H. P. Lovecraft and Robert E. Howard. The story revolves around a man camping in the woods who hears a sound and, frightened, fumbles for the first thing he can find—a strange cube of unknown origin. Each writer attempted to continue the story from where his predecessor ended, developing the story in their own way. A cosmic quest through space and time to face horrors unknown, “The Challenge from Beyond” is not to be missed by fans of fantasy and science fiction. Howard Phillips Lovecraft (1890–1937) was an American writer of supernatural horror fiction. Though his works remained largely unknown and did not furnish him with a decent living, Lovecraft is today considered to be among the most significant writers of supernatural horror fiction of the twentieth century. Read & Co. is publishing this classic short story now as part of our “Fantasy and Horror Classics” imprint in a new edition with a dedication by George Henry Weiss.

Taking their inspiration from some of Lovecraft's choicest nightmares, follow us on a dream-quest as we explore what fresh terrors the Cthulhu Mythos has to offer from the other side of the Great Wall.

mentor—a middleman named Vespucci—said he was. He proved it with his first professional hit: a Fifth Circuit Court judge in Boston, executed with a sheet of Saran Wrap in the stairwell of her own courthouse. He's proved his merit often, usually with a Glock semiautomatic, but he's improvised too, with his bare hands, the heel of a shoe, knives, even a sewing machine. He is the consummate assassin, at the top of his form, immune to the psychological strains of his chosen profession. He is what the Russians call a Silver Bear. He calls himself Columbus. It's the name Vespucci gave him, ten years ago, when he discovered a dark, new world of fences, clients, marks, jobs, jack. Not that his real name meant much to him anyway. He never knew his father or his mother, a prostitute who became dangerously involved back in the seventies with an earnest young congressman named Abe Mann, then a rising star in the Democratic Party. The magnetic Abe Mann has since become the Speaker of the House. He is currently running for the Democratic nomination in an exhausting presidential campaign, weaving his way across the country. Columbus is not far behind. But as he pieces together his past and prepares the seamless assassination of his mark, the criminal underworld he has always ruled begins unraveling violently around him.

### The Dream Cycle of H. P. Lovecraft: Dreams of Terror and Death

The story begins with the woman feeling outside of society and then Hermes appears and tells her that she has, though her reading of poetry learned something that only a few others have, that the gods are not dead but only asleep. They meet a series of the different gods and then artists from the past but it is time for a new poet to arrive and become a great messenger for the gods. The woman will not be that poet though but she will know it.

## The Picture in the House

Ghouls, ghosts, and macabre terrors stalk the night in this spine-tingling collection. With tales describing unnatural frights and haunting visions of cosmic terror, you will be taken on a journey into the disturbing imaginations of some of horror's greatest writers. The stories' heroes face incredible creatures, unknowable gods, and supernatural beings who have no regard for human life. Horror literature has its roots in the mists of time. In the 19th century, writers delved into ancient folk tales and local legends to inspire an entire genre. In the 20th century, the next generation of writers brought to life a brand new array of terrifying monsters. The authors in this volume range from Victorian pioneers, such as Bram Stoker and Edgar Allan Poe, to the pulp writers of the 20th century, such as William Hope Hodgson and H. P. Lovecraft. The tradition of horror writing that developed took very different turns on either side of the Atlantic - while American authors turned to unknowable horrors and cosmic terrors, British writers such as E. F. Benson and M. R. James mastered a more familiar form, the classic ghost story. It was not only English-speakers who sought to terrify their readers. The French writer Guy de Maupassant, a prolific short story writer and pupil of the acclaimed novelist Gustave Flaubert, found ways to make his protagonists doubt their own sanity as they faced terrors that would drive any ordinary man mad. This collection of bone-chilling tales comes from the pens of some of horror's most acclaimed writers. Authors include: E. F. Benson Ambrose Bierce Francis Marion Crawford W. W. Jacobs M. R. James William Hope Hodgson H. P. Lovecraft Guy de Maupassant Edgar Allan Poe

## Necronomicon

Following on from the phenomenal success of NECRONOMICON comes ELDRITCH TALES. Howard Phillips Lovecraft died at the age of 47, but in his short life he turned out dozens of stories which changed the face of horror. His extraordinary imagination spawned both the Elder God Cthulhu and his eldritch cohorts, and the strangely compelling town of Innsmouth, all of which feature within these pages. This collection gathers together the rest of Lovecraft's rarely seen but extraordinary short fiction, including the whole of the long-out-of-print collection FUNGI FROM YOGGOTH. Many of these stories have never been available in the UK! Stephen Jones, one of the world's foremost editors of dark fiction, will complete the

## The Last Test

WIKIPEDIA says: 'H.P. Lovecraft's reputation has grown tremendously over the decades, and he is now commonly regarded as one of the most important horror writers of the 20th century, exerting an influence that is widespread, though often indirect.' H.P. Lovecraft's tales of the tentacled Elder God Cthulhu and his pantheon of alien deities were initially written for the pulp magazines of the 1920s and '30s. These astonishing tales blend elements of horror, science fiction and cosmic terror that are as powerful today as they were when they were first published. This electronic tome collects together Lovecraft's tales of terror, including the complete Cthulhu Mythos cycle, just the way they were originally published. It will introduce a whole new generation of readers to Lovecraft's fiction, as well as being a must-buy for those fans who want all his work in a single, definitive volume.

## The Dream Cycle

The Case of Charles Dexter Ward is a short novel by H. P. Lovecraft. The novel tells the story of young Charles Dexter Ward, who becomes embroiled in the past, due to his fascination with the history of his wizard ancestor, Joseph Curwen (who had left Salem for Providence in 1692, and acquired notoriety for his haunting of graveyards, his apparent lack of aging, and his chemical experiments). Ward physically resembles Curwen, and attempts to duplicate his ancestor's Qabalistic and alchemical feats, eventually locating Curwen's remains and by means of his "essential Saltes", resurrecting him. Ward's doctor, Marinus Bicknell Willett, becomes

enmeshed in Ward's doings, investigating Curwen's old Pawtuxet bungalow which Ward has restored. The horrors of what Willett finds, and the crux of the identities of Ward and Curwen, form the hinge of horror on which the novel moves.

There has always been something wrong about All Hallows Church. Not just the building, but the very land upon it stands. Reports dating back to Roman times reveal that it has always been a bad place—blighted by strange sightings, unusual phenomena, and unexplained disappearances. So in the 1990s, a team of para-psychiatrists is sent in to investigate the various mysteries surrounding the Church and its unsavoury legends. From the start, they begin to discover a paranormal world that defies belief. But as they dig deeper, not only do they uncover some of the secrets behind the ancient edifice designed by “Zombie King” Thomas Moreby but, hidden away beneath everything else, something so ancient and so terrifying that it is using the architect himself as a conduit to unimaginable evil. After four days and nights, not everybody survives—and those that do will come to wish they hadn't. Imagine *The Haunting of Hill House*, *The Amityville Horror*, *The Entity* and *The Stone Tape* rolled together into the very fabric of a single building. And then imagine if all that horror is accidentally released . . .

## A Reminiscence of Dr. Samuel Johnson

The story begins in the attic of an ancient house. The narrator's companion refers to the former owner of the house and the presumably violent end that befell him. He advises the narrator not to stay after dark or touch anything, especially the small object on a table, which the companion seems to fear considerably. The narrator is then left alone in the attic; he notes the many theological and classical books, and one bookshelf in particular containing books on magic. He feels a considerable curiosity for the forbidden object on the table. The narrator finds a strange flashlight-like device in his pocket that produces a peculiar violet glow. He attempts to illuminate the object on the table with this strange light, which he describes as being composed of particles. The object makes a crackling sound like a sparking vacuum tube, and takes on a pinkish glow with a vague white shape taking form from its center. The narrator, feeling that his surroundings are taking on strange new properties, realizes that he is not alone; the sinister newcomer is described as wearing clerical garb typical of the Anglican Church.

WIKIPEDIA says: 'H.P. Lovecraft's reputation has grown tremendously over the decades, and he is now commonly regarded as one of the most important horror writers of the 20th century, exerting an influence that is widespread, though often indirect.' His tales of the tentacled Elder God Cthulhu and his pantheon of alien deities were initially written for the pulp magazines of the 1920s and '30s. These astonishing tales blend elements of horror, science fiction and cosmic terror that are as powerful today as they were when they were first published. THE NECRONOMICON collects together the very best of Lovecraft's tales of terror, including the complete Cthulhu Mythos cycle, just the way they were originally published. It will introduce a whole new generation of readers to Lovecraft's fiction, as well as being a must-buy for those fans who want all his work in a single, definitive volume.

The publication in 2001 of "The Ancient Track: The Complete Poetical Works of H. P. Lovecraft" was a landmark. For the first time, all of Lovecraft's 500 or more poems-including hundreds of Christmas greetings, untitled poems, fragments, and poems embedded in his published and unpublished letters-were gathered in accurate texts, with critical commentary and full bibliography. Since that time, a dozen or more poems or poetic fragments have been discovered by scholars and researchers, and this new edition prints these items along with several other works of interest. Poems

The original versions of poems by Ovid, Horace, and other classical poets that Lovecraft translated are provided. And the commentary and bibliography have been thoroughly revised and updated. It can well be said that this second edition of "The Ancient Track" is the definitive collection of Lovecraft's entire poetic output. It has been edited by S. T. ## Fenrir

"A Reminiscence of Dr. Samuel Johnson" is a short story written in 1917 by American horror fiction writer H. P. Lovecraft. It was first published in the September 1917 issue of the *United Amateur*, under the pseudonym Humphrey Littlewit, Esq. The story is a spoof of Lovecraft's antiquarian affectations. Littlewit, the narrator, is born August 20, 1690—200 years to the day before Lovecraft's birthdate—making him nearly 228 years old as he writes a memoir. Critic Daniel Harms writes, "While not one of the most inspired of his pieces, it at least shows that HPL realized his pretensions of being an older, cultured gentleman of an earlier era, and could make fun of himself."
