### **Patriots**

Neal has managed to survive after an EMP decimated the power grid and all critical infrastructures. When tragedy strikes, he keeps going only because of a promise he made to his family. One day he found Hope along a desolate highway in the desert - will it be enough?

### **Conflicted Home**

"It's been a long hard ride for Morgan and everyone. Just when things were starting to look up, the park was attacked, and they lost Bobbie. Danny's physical wounds were nothing like the emotional loss of Bobbie. It was hard on Mel as well and the rest of the group also felt the loss. With the attacks on the community becoming a greater threat, they must be dealt with. These attacks must end. But

## Read Book Online Enforcing Home The Survivalist Series Book 6

what can the group do against an army with artillery? It's been almost a year since The Day, and Morgan is worried about his parents. It's something that has been on his mind, often hidden or buried under the daily burden of his new reality. That worry is getting harder to ignore and something is going to have to be done so he can know for certain that they are safe, one way or another. Even with all the life-threatening issues, life must go on. The daily requirements of feeding everyone and dealing with the innumerable challenges that crop up must be addressed. And there's Fred's pregnancy. While a blessing, it presents serious risks to her, and morning sickness is the least of her concerns. The only easy day in this new world is yesterday." -- back cover.

### **Accelerando**

A masterful blend of horror, science fiction, and pulse-pounding thrills, the first book in Nicholas Sansbury Smith's bestselling Orbs series introduces the last survivors of an alien invasion. The year is 2061, and the planet is dying. Cataclysmic solar storms have forced leaders from around the world to finally put aside their differences and agree on one thing—to jump ship. The human race is headed to Mars. Dr. Sophie Winston is hired by New Tech Corporation to test a biosphere deep within the heart of Cheyenne Mountain; a mission she believes will help prepare the company for the three-year flight to the red planet. But, just days into the assignment, things start to go wrong. When the blast doors hiss open, Winston's team finds a changed world outside. Humans are gone, vanished without a trace, and they aren't the only thing missing. The planet's water is gone, too. As the team explores their surroundings, they find thousands of luminous blue orbs lining the streets. It isn't until they uncover what's inside that they realize the nightmare that lies ahead. And what it means for our most important resource...

## **Charlie's Requiem**

This book analyses the past and ongoing decline of Zimbabwe under the rule of ZANU-PF, with a primary focus on the period 1997 to the present. In contrast to much existing literature on post-independence Zimbabwe which has focused on the political dimensions of Zimbabwe's fragility, this research highlights the economic aspects of Zimbabwe's regression flowing from prolonged mismanagement of the economy which has served to consolidate the rule of the country's political and economic elite. The Zimbabwean experience offers unique insights into the economic dimensions of regime preservation. This book situates the Zimbabwe experience within the context of wider debates within the field of development studies, and the international community's response to such situations.

## **One Year After**

Book 3 of The Survivalist Series When society ceases to exist, who can you trust? After the collapse of the nation's power grid, America is under martial law?and safety is an illusion. As violence erupts around him, Morgan Carter faces one of his most difficult decisions yet: whether to stay and defend his home, or move to a more isolated area, away from the prying eyes of the government. He and his family are hesitant to leave their beloved Lake County, but with increasingly suspicious activities happening in a nearby refugee camp, all signs point towards defecting. Morgan and his friends aren't going to leave without a fight, though?and they'll do anything to protect their freedoms. From the author of the hit survivalist novels *Going Home* and *Surviving Home*, *Escaping Home* describes the struggle to live in a world with no rules, and how, sometimes, the strength of family is the only thing that can pull you through.

# Read Book Online Enforcing Home The Survivalist Series Book 6

## **Millennium Rage**

"Months before publication, William R. Forstchen's *One Second After* was cited on the floor of Congress as a book all Americans should read. Hundreds of thousands of people have read the tale. *One Year After* is the thrilling follow-up to that smash hit. The story picks up a year after *One Second After* ends, two years since the detonation of nuclear weapons above the United States brought America to its knees. After suffering starvation, war, and countless deaths, the survivors of Black Mountain, North Carolina, are beginning to piece back together the technologies they had once taken for granted: electricity, radio communications, and medications. They cling to the hope that a new national government is finally emerging. Then comes word that most of the young men and women of the community are to be drafted into an "Army of National Recovery" and sent to trouble spots hundreds of miles away. When town administrator John Matherson protests the draft, he's offered a deal: leave Black Mountain and enter national service, and the draft will be reduced. But the brutal suppression of a neighboring community under its new federal administrator and the troops accompanying him suggests that all is not as it should be with this burgeoning government"--

## **One Second After**

Across the United States, increasing numbers of employers are breaking, bending, or evading long-established laws and standards designed to protect workers, from the minimum wage to job safety standards to the right to organize. This gloves-off economy, no longer confined to a marginal set of sweatshops and fly-by-night small businesses, is sending shock waves into every corner of the low-wage labor market. In the process, employers who play by the rules are under growing pressure to follow suit, intensifying the

## Read Book Online Enforcing Home The Survivalist Series Book 6

search for low-cost business strategies across a wide range of industries and ratcheting up into ever higher reaches of the labor market. Although other books have touched on pieces of this problem, *The Gloves-off Economy* is the first to provide a comprehensive, integrated analysis--and quite a disturbing one. This book examines a range of gloves-off practices, the workers who are affected by them, and strategies for enforcing workplace standards. The editors, four respected labor scholars, have brought together economists, sociologists, labor attorneys, union strategists, and other experts to offer varying perspectives on both the problem and the creative solutions currently being explored in a wide range of communities and industries. Annette Bernhardt, Heather Boushey, Laura Dresser, and Chris Tilly and the volume's other authors combine rigorous analysis with a stirring call to renew worker protections in the twenty-first century. --Michael Childers, *Labor Studies Journal*, March 2010

### **Rural Crime and Rural Policing**

"Just when Morgan thinks things are assuming some kind of normal another surprise lands in his lap. He's made Sheriff. Harkening back to a time when law enforcement was a local face in the community Morgan is forced to step up and be that face, much to his chagrin. With the help of Thad, Danny and the rest of the crew he accepts the challenge and tries to make a positive impact. But he's in for yet another surprise. New foes will arise and old ones will return to conspire to destroy his efforts."--Back cover.

### **The Secret Rescue**

The only possible thing that could make Morgan's world even more difficult happened. The Japanese fleet off the coast of California was wiped out. An even that Morgan and friends and family only

## Read Book Online Enforcing Home The Survivalist Series Book 6

knew about because of the radio broadcasts from the Radio Free Redoubt. So far removed from them it barely warranted notice. That is until the Chinese retaliated by launching a nuclear counter-strike against Mac Dill Air Force base. This, did warrant their attention and had the potential to profoundly impact their lives. As bad as the fear of nuclear fallout was, it wasn't the only threat still haunting northern Lake county. With proof the Russians had pathfinder units on the ground, at a minimum, in the state and discovery of Cuban forces cooperating with them, something had to be done. After encountering armored units and realizing they were ill equipped to deal with the threat, the old man called for help. The call was answered, but would require a near impossible trip by truck to Eglin Air Force base. America was certainly on the ropes, but she wasn't down yet. All Morgan wants to do is protect his family and friends. To restore a normal sense of life. To see to it Mel and his girls are safe and protected. He doesn't want to get involved in these military actions. He's more focused on trying to restore power to town. But his desires are, to use a military term, overtaken by circumstances, and, once again, Morgan and his friends are compelled to get involved. And this time, it will cost them.

### **Steve Jobs**

. When a leading presidential candidate feels comfortable proclaiming he'll destroy "the New World Order"--A code word for the supposed minority-led, worldwide conspiracy - it cannot be a moment too soon to learn the truth about the covert symbols, spreading zealotry, and deadly machinations of the armies of millennium rage.

### **Escaping Home**

# Read Book Online Enforcing Home The Survivalist Series Book 6

## **Guns, Democracy, and the Insurrectionist Idea**

One man struggles to save his family and his small North Carolina town after America loses a war in one second, a war based upon an Electro Magnetic Pulse (EMP) weapon that will send America back to the Dark Ages.

## **Africa's Informal Workers**

The definitive story of Amazon.com, one of the most successful companies in the world, and of its driven, brilliant founder, Jeff Bezos. Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store will be the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

## **Forsaking Home**

Africa's Informal Workers is a vigorous examination of the informalization and casualization of work, which is changing

## Read Book Online Enforcing Home The Survivalist Series Book 6

livelihoods in Africa and beyond. Gathering cases from nine countries and cities across sub-Saharan Africa, and from a range of sectors, this volume goes beyond the usual focus on household 'coping strategies' and individual agency, addressing the growing number of collective organizations through which informal workers make themselves visible and articulate their demands and interests. The emerging picture is that of a highly diverse landscape of organized actors, providing grounds for tension but also opportunities for alliance. The collection examines attempts at organizing across the formal-informal work spheres, and explores the novel trend of transnational organizing by informal workers. Part of the ground-breaking Africa Now series, Africa's Informal Workers is a timely exploration of deep, ongoing economic, political and social transformations.

### **The Everything Store**

Fiction novel by David J. Heath

### **Nuclear War Survival Skills**

The Singularity. It is the era of the posthuman. Artificial intelligences have surpassed the limits of human intellect. Biotechnological beings have rendered people all but extinct. Molecular nanotechnology runs rampant, replicating and reprogramming at will. Contact with extraterrestrial life grows more imminent with each new day. Struggling to survive and thrive in this accelerated world are three generations of the Macx clan: Manfred, an entrepreneur dealing in intelligence amplification technology whose mind is divided between his physical environment and the Internet; his daughter, Amber, on the run from her domineering mother, seeking her fortune in the outer system as an indentured astronaut; and Sirhan, Amber's son, who finds his

# Read Book Online Enforcing Home The Survivalist Series Book 6

destiny linked to the fate of all of humanity. For something is systematically dismantling the nine planets of the solar system. Something beyond human comprehension. Something that has no use for biological life in any form

## **The Challenge of Slums**

BOOK 5 OF THE SURVIVALIST SERIES Against all odds, Morgan Carter and his family have endured despite the deteriorating conditions surrounding them. Armed with survivalist tactics, Morgan's crew, alongside their new friends from the recently-liberated DHS camp, have worked together to build a sustainable community. But not all situations can be prepared for. When a massive wildfire threatens their very existence, they must decide: fight or flight? From the author of the hit Survivalist Series books, *Resurrecting Home* is an action-packed adventure that depicts the harrowing possibilities of a world gone awry, and the courage it takes to protect what matters most.

## **Educated**

The NRA steadfastly maintains that the 30,000 gun-related deaths and 300,000 assaults with firearms in the United States every year are a small price to pay to guarantee freedom. As former NRA President Charlton Heston put it, "freedom isn't free." And when gun enthusiasts talk about Constitutional liberties guaranteed by the Second Amendment, they are referring to freedom in a general sense, but they also have something more specific in mind--freedom from government oppression. They argue that the only way to keep federal authority in check is to arm individual citizens who can, if necessary, defend themselves from an aggressive government. In the past decade, this view of the proper relationship between government and individual rights and the

## Read Book Online Enforcing Home The Survivalist Series Book 6

insistence on a role for private violence in a democracy has been co-opted by the conservative movement. As a result, it has spread beyond extreme "militia" groups to influence state and national policy. In *Guns, Democracy, and the Insurrectionist Idea*, Josh Horwitz and Casey Anderson reveal that the proponents of this view base their argument on a deliberate misreading of history. The Insurrectionist myth has been forged by twisting the facts of the American Revolution and the founding of the United States, the denial of civil rights to African-Americans after the Civil War, and the rise of the Third Reich under Adolf Hitler. Here, Horwitz and Anderson set the record straight. Then, challenging the proposition that more guns equal more freedom, they expose Insurrectionism---not government oppression---as the true threat to freedom in the U.S. today. Joshua Horwitz received a law degree from George Washington University and is currently a visiting scholar at the Johns Hopkins Bloomberg School of Public Health. He is Executive Director of the Coalition to Stop Gun Violence and the Educational Fund to Stop Gun Violence. He has spent nearly two decades working on gun violence prevention issues. He lives in Arlington, Virginia. Casey Anderson holds a law degree from Georgetown University and is currently a lawyer in private practice in Washington, D.C. He has served in senior staff positions with the U.S. Congress, the Coalition to Stop Gun Violence, and Americans for Gun Safety. He lives in Arlington, Virginia.

### **Going Home**

A major release in the New York Times bestselling *One Second After* series, set in an alternate America rebuilding after an electromagnetic pulse, this is William R. Forstchen's *The Final Day*. Since the detonation of nuclear weapons above the United States more than two years ago, the small town of Black Mountain, North Carolina has suffered famine, civil war, and countless deaths. Now,

## Read Book Online Enforcing Home The Survivalist Series Book 6

after defeating a new, tyrannical federal government, John Matherson and his community intend to restore their world to what it was before the EMP apocalypse. For the most part, they are succeeding. This period of relative stability doesn't last long. A new, aggressive government announces that it's taking over and ceding large portions of the country to China and Mexico. The Constitution is no longer in effect, and what's left of the U.S. Army has been deployed to suppress rebellion in the remaining states. John fears he and his town will be targets. General Bob Scales, John's old commanding officer and closest friend from prewar days, is sent to bring John into line. Will John and his people accept the new, autocratic regime? Or will revolution rip the fledgling nation apart at the seams? Months before publication, William R. Forstchen's novel *One Second After* was cited on the floor of Congress as a book all Americans should read. This third book in the series immerses readers once more in the story of our nation's struggle to rebuild itself after an electromagnetic pulse wipes out all electricity and plunges the country into darkness, starvation, and death. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

### **Pre-Incident Indicators of Terrorist Incidents**

When Morgan Carter's car breaks down 250 miles from his home, he figures his weekend plans are ruined. But things are about to get much, much worse: the country's power grid has collapsed. There is no electricity, no running water, no Internet, and no way to know when normalcy will be restored-if it ever will be. An avid survivalist, Morgan takes to the road with his prepper pack on his back. During the gruelling trek from Tallahassee to his home in Lake County, chaos threatens his every step but Morgan is hell-bent on getting home to his wife and daughters.

# Read Book Online Enforcing Home The Survivalist Series Book 6

## **Ice Shack**

Draws on more than forty interviews with Steve Jobs, as well as interviews with family members, friends, competitors, and colleagues to offer a look at the co-founder and leading creative force behind the Apple computer company.

## **Sanctuary**

Going Home set a high bar for what life could look like after an EMP. But Morgan's journey and even his home focuses on more rural areas. The small towns of Florida are nothing compared to the chaos the tourist corridor would be like. Could you imagine being at Disney or Universal Studios when such an event occurred? What would those tens of thousands of people do? Where would they go? If you've been following the series, you know the DHS isn't exactly concerned with the well being of the people of this country. But what are they really working towards? Who are they looking out for? Morgan is doing his best to keep his small community safe, now let's take a look at Orlando and how Charlie deals with the crisis. It's a whole different situation surrounded by millions of residents and visitors all trying to survive. I want to thank my good friend Walt Browning, who did a lot of the heavy lifting on this novella. Our teamwork has produced some fine work here. We hope you enjoy this and if you want more we will be happy to continue.

## **The Gloves-off Economy**

The Hunger Games trilogy is a popular culture success. Embraced by adults as well as adolescents, Suzanne Collins's bestselling books have inspired an equally popular film franchise. But what, if anything, can reading the Hunger Games tell us about what it means to be human in the world today? What complex social and political

## Read Book Online Enforcing Home The Survivalist Series Book 6

issues does the trilogy invite readers to explore? Does it merely entertain, or does it also instruct? Bringing together scholars in literacy education and the humanities, *The Politics of Panem: Challenging Genres* examines how the Hunger Games books and films, when approached from the standpoint of theory, can challenge readers and viewers intellectually. At the same time, by subjecting Collins's trilogy to literary criticism, this collection of essays challenges its complexity as an example of dystopian literature for adolescents. How can applying philosophic frameworks such as those attributable to Socrates and Foucault to the Hunger Games trilogy deepen our appreciation for the issues it raises? What, if anything, can we learn from considering fan responses to the Hunger Games? How might adapting the trilogy for film complicate its ability to engage in sharp-edged social criticism? By exploring these and other questions, *The Politics of Panem: Challenging Genres* invites teachers, students, and fans of the Hunger Games to consider how Collins's trilogy, as a representative of young adult dystopian fiction, functions as a complex narrative. In doing so, it highlights questions and issues that lend themselves to critical exploration in secondary and college classrooms.

### **The Final Day**

## **Falcon Wild**

This is a print on demand edition of a hard to find publication.

Explores whether sufficient data exists to examine the temporal and

spatial relationships that existed in terrorist group planning, and if

so, could patterns of preparatory conduct be identified? About one-

half of the terrorists resided, planned, and prepared for terrorism

## Read Book Online Enforcing Home The Survivalist Series Book 6

relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

### **The Primacy of Regime Survival**

An action-packed, contemporary novel about surviving in the wilderness. Thirteen-year-old Karma is desperate to become a certified falconer. At her dad's bird education center, she helps give demonstrations to guests and can fly the birds. But when her favorite rescued falcon, Stark, hurts Karma, her parents insist that they return the bird to its previous owner--in Canada. On the way to bring Stark back, a car accident in the middle of nowhere leaves Karma's dad trapped, and it's up to Karma to find a way to rescue him and her younger brother. When Karma loses her way trying to get help, she crosses paths with Cooper, a troubled teenaged boy. Lost for three days, the two figure out how to survive, and Karma teaches Stark to hunt like an actual bird of prey. Karma may be closer than she thinks to becoming a real falconer and having a real friend.

### **Hope**

Morgan has managed to get through a lot. Having made it back to his family and dealt with the issues of unscrupulous neighbors, he then had to deal with the presence of the federal government and their nefarious activities. But with the help of his close knit group he prevailed. Life is settling into a familiar routine. And with the

## Read Book Online Enforcing Home The Survivalist Series Book 6

help of the US Army they are starting to rebuild their community. But just when Morgan thinks things are assuming some kind of normal another surprise lands in his lap. He's made Sheriff. Harkening back to a time when law enforcement was a local face in the community Morgan is forced to step up and be that face, much to his chagrin. With the help of Thad, Danny and the rest of the crew he accepts the challenge and tries to make a positive impact. But he's in for yet another surprise. New foes will arise and old ones will return to conspire to destroy his efforts. Morgan's group will suffer loss, injury and constant assault. His new position has made him a target, as well as those he loves. The peace and tranquility that the group has fought so hard for will continue to elude them. The fight, as Morgan soon learns, is just beginning.

### **Bad Little Falls**

A tale by the creator of SurvivalBlog.com imagines a world in which a cataclysmic financial crisis prompts a total collapse of American society and forces people to fend for themselves, in a story that follows a group of protagonists who make their way to a shared secure ranch in northern Idaho, where they struggle to survive against violent looting and natural hazards. Original.

### **Enforcing Home**

The 'Global Report on Human Settlements' demonstrates that to meet the UN millennium goals of significantly improving the lives of 100 million slum dwellers by 2020, policies must go beyond traditional infrastructural approaches to create livelihoods, and hope, for the urban poor.

### **Resurrecting Home**

REVOLT ON A FRONTIER PLANET The corrupt Earth government is sending an army to Greenwood to remove the pioneers who discovered and settled the planet: the potential profits are too great to leave the world to scraggly ne'er-do-wells! Though the rugged individualists of Greenwood may be fractious and disinclined to agree on most things, the greedy politicians of Earth will learn a harsh lesson if they think the settlers won't join together to save their livelihoods and homes! Under Yerby Bannock, who never walked away from a drink or a fight, the Greenwood patriots will face thugs in the night, lawyers in a distant court, traitors in their own ranks<sup>3/4</sup> And, if they have to, a fortress built to shrug off the assault of a battlefleet! At the publisher's request, this title is sold without DRM (Digital Rights Management).

### **Patriots**

"Manu Saadia has managed to show us one more reason, perhaps the most compelling one of all, why we all need the world of Star Trek to one day become the world we live in." — Chris Black, Writer and Co-Executive Producer, Star Trek: Enterprise What would the world look like if everybody had everything they wanted or needed? Treconomics, the premier book in financial journalist Felix Salmon's imprint PiperText, approaches scarcity economics by coming at it backwards — through thinking about a universe where scarcity does not exist. Delving deep into the details and intricacies of 24th century society, Treconomics explores post-scarcity and whether we, as humans, are equipped for it. What are the prospects of automation and artificial intelligence? Is there really no money in Star Trek? Is Treconomics at all possible?

### **Just in Case**

Summoned to a rustic cabin during a blizzard, Maine game warden

## Read Book Online Enforcing Home The Survivalist Series Book 6

Mike Bowdich embarks on a dangerous investigation involving a notorious drug dealer, a beautiful woman with a dark past and her troubled young son. By the Anthony Award- and Edgar Award-nominated author of *The Poacher's Son*. 35,000 first printing.

### **Orbs**

The compelling untold story of a group of stranded U.S. Army nurses and medics fighting to escape Nazi-occupied Europe. When 26 Army nurses and medics-part of the 807th Medical Air Evacuation Transport Squadron-boarded a cargo plane for transport in November 1943, they never anticipated the crash landing in Nazi-occupied Albania that would lead to their months-long struggle for survival. A drama that captured the attention of the American public, the group and its flight crew dodged bullets and battled blinding winter storms as they climbed mountains and fought to survive, aided by courageous villagers who risked death at Nazi hands to help them. A mesmerizing tale of the courage and heroism of ordinary people, *The Secret Rescue* tells not only a new story of struggle and endurance, but also one of the daring rescue attempts by clandestine American and British organizations amid the tumultuous landscape of the war.

### **Free for All**

A field-tested guide to surviving a nuclear attack, written by a revered civil defense expert. This edition of Cresson H. Kearny's iconic *Nuclear War Survival Skills* (originally published in 1979), updated by Kearny himself in 1987 and again in 2001, offers expert advice for ensuring your family's safety should the worst come to pass. Chock-full of practical instructions and preventative measures, *Nuclear War Survival Skills* is based on years of meticulous scientific research conducted by Oak Ridge National Laboratory.

# Read Book Online Enforcing Home The Survivalist Series Book 6

Featuring a new introduction by ex-Navy SEAL Don Mann, this book also includes: instructions for six different fallout shelters, myths and facts about the dangers of nuclear weapons, tips for maintaining an adequate food and water supply, a foreword by “the father of the hydrogen bomb,” physicist Dr. Edward Teller, and an “About the Author” note by Eugene P. Wigner, physicist and Nobel Laureate. Written at a time when global tensions were at their peak, Nuclear War Survival Skills remains relevant in the dangerous age in which we now live.

## **Home Coming**

If disaster strikes and public services are limited, you want to know that your family will be taken care of. Learn how to inventory and rotate your food supply, pack an evacuation kit, maintain communication with loved ones, and much more. You’ll soon gain the ingenuity and resourcefulness to get your family through even the most unfortunate circumstances.

## **World War Z**

Book 3 of the New World Series Surviving the attack proved to be more than they could have imagined... Months after a super-EMP attack devastated the United States, the country is now unrecognizable. Major cities are run by gangs, survivors are dying of starvation and the government is falling victim to lawlessness. Those who were prepared for the end find that they weren’t really prepared at all. While some seek vengeance for their losses, others are determined to restore the nation. Gordon, Samantha, Sebastian, Barone, Connor and Pablo are all on different paths, but they are all in search of a home away from chaos. They are all in search of a sanctuary.

# Read Book Online Enforcing Home The Survivalist Series Book 6

## **Surviving Home**

\*\*\*NATIONAL BESTSELLER\*\*\* Book 4 of The Survivalist Series They survived the collapse, but can they survive the aftermath? Morgan Carter has weathered the weeks after the collapse of the nation's power grid, reuniting with his family and ensuring their safety, but his struggle isn't over yet. Carter must focus on survival in an increasingly unstable society--but the challenges he faces are beyond his wildest imagination. Meanwhile, the enclosed quarters of the nearby government-run refugee camp make for an environment where injury, assault and murder are the norm. As Jess creates trouble within the camp, Sarge and his crew plot to take down the entire establishment. From the author of the hit Survivalist Series books, Forsaking Home is an action-packed adventure that depicts the harrowing possibilities of a world gone awry, and the courage it takes to protect what matters most.

## **Treconomics**

An account of the decade-long conflict between humankind and hordes of the predatory undead is told from the perspective of dozens of survivors who describe in their own words the epic human battle for survival.

## **The Politics of Panem**

A lawyer, social critic, and columnist at "The American Prospect," Kaminer sets her sights on the fate of civil liberties in America.

## **Avenging Home**

Includes the first chapter of Going home.
