English Made Easy Volume One: British Edition

This teaching resource book is suitable for children in elementary school aged 6 to 10 who are learning English at a beginner to intermediate level, but it's also great for native English speaking children who are in kindergarten.

English for Everyone: English Vocabulary Builder

As an educator with many years of experience in directing English as a Second Language (ESL) and cross-cultural programs, Kathleen Gripman spotted a troubling gap in the educational preparation of many students. Learning the essentials of American history is a critical educational milestone, but most overviews of America's story are designed for reading levels beyond the ability of most English Language Learners. Gripman decided to fill that gap with the richly illustrated and fun-to-read book *American History Made Easy*. The book begins with the meeting of European and native cultures in what is now the U.S. after the voyage of Christopher Columbus in 1492. The story continues through the American Revolution, the expansion of the nation in the 1800s, the Civil War and key events in America's most recent century of challenges and triumphs. To make students' studying easier, the book also includes lots of supplemental materials, among them: study questions, the text of the U.S. Constitution, a list of American authors and recommended reading, a glossary and an index. Gripman had the perfect qualifications to meet this challenge as a successful business owner supervising ESL educators in southeast Michigan—and as a developer of some of the literacy-training materials used in her programs. Gripman also had lived overseas, including five years of service in Europe with the U.S. Navy. She designed her overview of American history for the millions of English Language Learners (ELL), including English as a Second Language students, who are studying each year across the United States. The book can be used either in a classroom or for self-study. Between these covers, Gripman narrates the essential chapters of American history, written at an intermediate reading level and accompanied by original black-and-white sketches and charts to deepen reader recall. In selecting the chapters to include, she drew on the questions frequently asked on exams and certification tests that immigrants commonly encounter, making the book a practical way to prepare for testing. Most importantly, Gripman decided not to distill America's story into a series of dry facts to be memorized.

Free Copy English Made Easy Volume One British Edition A New EsL Approach Learning English Through Pictures

Writing in an engaging narrative style, her book also is ideal for any reader who wants an overview of the essentials of American history.

ESL Games for the Classroom

Our personal and political worlds are rife with arguments and disagreements, some of them petty and vitriolic. The inability to compromise and understand the opposition is epidemic today, from countries refusing to negotiate, to politicians pandering to their base. Social media has produced a virulent world where extreme positions dominate. There is much demonization of the other side, very little progress is made, and the end result is further widening of positions. How did this happen, and what might be done to address it? Walter Sinnott-Armstrong says there is such a thing as a "good" argument: Reasonable arguments can create more mutual understanding and respect, and even if neither party is convinced by the other, compromise is still possible. *Think Again* shows the importance of good arguments and reveals common misunderstandings. Rather than a means to persuade other people or beat them in an intellectual competition, Sinnott-Armstrong sees arguments as an essential tool for constructive interaction with others. After showing how the failure of good arguments has led us to society's current woes, he shows readers what makes a good argument. In clear, lively, and practical prose, and with plentiful examples from politics, popular culture, and everyday life, Sinnott-Armstrong explains what defines an argument, identifies the components of good arguments as well as fallacies to avoid, and demonstrates what good arguments can accomplish. Armed with these tools, readers will be able to spot bad reasoning and bad arguments, and to advance their own views in a forceful yet logical way. These skills could even help repair our tattered civic culture.

Language Together English for Kids Set One

This is a fun and user-friendly way to learn English English Made Easy is a breakthrough in English language learning—imaginatively exploiting how pictures and text can work together to create understanding and help learners learn more productively. It gives beginner English learners easy access to the vocabulary, grammar and functions of English as it is actually used in a comprehensive range of social situations. Self-guided students and classroom learners alike will be delighted by the way they are helped to progress easily from one unit to the next, using a combination of pictures and text to discover for themselves how English works. The pictorial method used in this book is based on a thorough understanding of language structure and how language is successfully learned. The authors are experienced English language teachers with strong backgrounds in language analysis and language learning. English Made Easy, Volume 1 consists of a total of 20 units arranged in groups of five. The first four units presents language and provide learners the opportunities to practice as they learn. The first page of each unit has a list of all the words and phrases to be learned in that unit, together with pronunciation guide. At the end of each unit, an interesting story which uses the language that has just been learned is presented. The fifth unit in each group contains exercises designed to reinforce the language learned in the first four units.

Cleared for Takeoff: Aviation English Made Easy is the second book in the comprehensive Mariner Method(tm) series. Author Liz Mariner presents the sensible approach she has been using with remarkable success in pilot training and English for aviation classrooms all over the world for the last 20 years. Cleared for Takeoff has been designed not as a textbook, but as a workbook for use in the ESL or flight training classroom or as a tool for individual study. Students will benefit from group learning exercises and working in pairs or individually by following the simple instructions. The essential Aviation English text for your pilot training or air traffic control training program, Cleared for Takeoff is the proven, practical approach. The accompanying audio recordings accurately recreates the environment pilots and controllers encounter. Students will gain extensive listening practice and opportunities to practice speaking what they have learned from the wide variety of interactive exercises. The audio recordings are embedded in the iBook version, downloadable in the kindle and pdf versions, and in the print version. In this book, students will understand and use the most common terms in: Communications with air traffic control Student and instructor communications Airport features and the traffic pattern Aircraft features The ATIS The basics of flight

The Cat

"Robert McCloskey's unusual and stunning pictures have long been a delight for their fun as well as their spirit of place."—The Horn Book Mrs. Mallard was sure that the pond in the Boston Public Gardens would be a perfect place for her and her eight ducklings to live. The problem was how to get them there through the busy streets of Boston. But with a little help from the Boston police, Mrs. Mallard and Jack, Kack, Lack, Nack, Ouack, Pack, and Quack arrive safely at their new home. This brilliantly illustrated, amusingly observed tale of Mallards on the move has won the hearts of generations of readers. Awarded the Caldecott Medal for the most distinguished American picture book for children in 1941, it has since become a favorite of millions. This classic tale of the famous Mallard ducks of Boston is available for the first time in a full-sized paperback edition. *Make Way for Ducklings* has been described as "one of the merriest picture books ever" (The New York Times). Ideal for reading aloud, this book deserves a place of honor on every child's bookshelf. "This delightful picture book captures the humor and beauty of one special duckling family. McClosky's illustrations are brilliant and filled with humor. The details of the ducklings, along with the popular sights of Boston, come across wonderfully. The image of the entire family proudly walking in line is a classic."—The Barnes & Noble Review "The quaint story of the mallard family's search for the perfect place to hatch ducklings. For more than fifty years kids have been entertained by this warm and wonderful story."—Children's Literature

This is a self-study guide to the Japanese language Harvard University's Tazuko Monane teaches you the secret of speaking Japanese fluently in simple 20-minute lessons. Each lesson zeroes in on one everyday activity: introducing yourself, asking directions, ordering sushi, giving directions to a taxi driver, eating with friends, and other everyday conversations. Japanese Made Easy is designed for people living in or going to Japan who would like to learn Japanese but have never studied it before. Obviously, living or traveling in Japan is itself not the secret to learning Japanese—many Westerners live in Japan for a long time and except for a few words learn very little about its language. The important thing will be your motivation to learn. An ability to speak Japanese and read Japanese is vital to understanding your surroundings. Whether you travel to Japan as a tourist, student or businessperson, whether you use this book before or after your arrival in Japan, what could provide better motivation than knowing that a familiarity with the Japanese language (and with the culture it reflects) will help make your stay in Japan
