The Womanly Art of Breastfeeding

Balance your body, mind, and spirit and heal yourself with your own hands using this clear, step-by-step illustrated guide to the practice of the ancient Japanese healing art of Jin Shin—written by a trained expert with nearly three decades of experience. You might be surprised to learn that the majority of today's most common ailments including anxiety, backaches, colds and flu, digestive issues, immune disorders, migraines, and insomnia, can be alleviated naturally by restoring and harmonizing blocked, stagnant energy. The art of Jin Shin, based on the Japanese healing art of energy medicine, is practiced throughout the world. While related to acupressure and massage therapy, this holistic practice uses only minimal pressure and gentle touching with the fingers and hands to redirect or unblock the flow of energy along the body's fifty-two points (twenty-six on each side of the body)—called Safety Energy Locations, or SELs—areas where energy tends to get congested. This simple, non-invasive process allows your body's energy to flow smoothly, and with

balance restored, you will experience a sense of wellbeing and calm. The Art of Jin Shin explains all the basics of this healing art and provides you with the knowledge you need to practice it on yourself—with exercises ranging from simply holding a finger for a few minutes to spending twenty minutes to harmonize a specific circulation pattern. Whether you desire a deeper understanding of the body/mind/spirit connection or want to create a daily Jin Shin maintenance routine the power is literally at your fingertips.

Yoga students and teachers alike appreciate the power and art of hands-on assists. Many teachers would like to assist more, but don't yet have the confidence or skills -- increasingly important as yoga and teacher training programs grow in popularity, and new generations of teachers are called to serve their communities. EXTRA LOVE: The Art of Hands-on Assists is a "MUST" for Yoga teachers, assistants and advanced students who want to assist more, but need a little extra confidence and technical insight. Based on 13 years of teaching experience and a popular workshop series taught on both coasts, the manual reveals how to assist, as well as what to look for - to optimize students' alignment/energy flow, ensure their safety, and deepen their experience and joy of Yoga. The manual covers general principles (AKA "golden rules") of assisting, crystal clear, detailed recommendations for assisting popular poses for students of all levels, including common misalignments for each pose, thumbnail photos to enhance your understanding, and practical ethics and safety considerations.

Tales of the Caliph

After a disastrous speculation, Aristide Saccard was forced to sell his mansion and to cast about for means of creating a fresh fortune. Chance made him acquainted with Hamelin, an engineer whose residence in the East had suggested to him financial schemes which at once attracted the attention of Saccard. With a view to financing these schemes the Universal Bank was formed, and by force of advertising became immediately successful. Emboldened by success, Saccard launched into wild speculation.
