NATIONAL BESTSELLER "A profound book. It will break your heart but also leave you with hope." —J.D. Vance, author of Hillbilly Elegy "[A] deeply empathetic book." —The Economist With stark photo essays and unforgettable true stories, Chris Arnade cuts through "expert" pontification on inequality, addiction, and poverty to allow those who have been left behind to define themselves on their own terms. After abandoning his Wall Street career, Chris Arnade decided to document poverty and addiction in the Bronx. He began interviewing, photographing, and becoming close friends with homeless addicts, and spent hours in drug dens and McDonald's. Then he started driving across America to see how the rest of the country compared. He found the same types of stories everywhere, across lines of race, ethnicity, religion, and geography. The people he got to know, from Alabama and California to Maine and Nevada, gave Arnade a new respect for the dignity and resilience of what he calls America's Back Row--those who lack the credentials and advantages of the so-called meritocratic upper class. The strivers in the Front Row, with their advanced degrees and upward mobility, see the Back Row's values as worthless. They scorn anyone who stays in a dying town or city as foolish, and mock anyone who clings to religion or tradition as naïve. As Takeesha, a woman in the Bronx, told Arnade, she wants to be seen she sees herself: "a prostitute, a mother of six, and a child of God." This book is his attempt to help the rest of us truly see, hear, and respect millions of people who've been left behind.

"The tale of Carl Wake and the hurricane that was waiting for him goes straight to the heart of the greatest sea stories: they are not about man against the sea, but man against himself. John Kretschmer's book is as perfectly shaped and flawlessly written as such a story can be. In addition to being the best depiction I have ever read of what it is like to be inside a hurricane at sea, At the Mercy of the Sea is as moving a story of a man's failure and redemption as can be found anywhere in the literature of the sea. This book is surely destined to become a classic."—Peter Nichols, author of Sea Change and A Voyage for Madmen "John Kretschmer has transformed this story of three men on a collision course with a hurricane into a modern seafaring classic."—Peter Nielsen, editor of SAIL magazine "With expert analysis and taut writing, he draws readers into that mad storm. You can't turn away. You keep reading until it breaks your heart."—Fred Grimm, columnist for the Miami Herald "Once begun, his vivid and powerful narrative is impossible to put down."—Derek Lundy, author of Godforsaken Sea and The Way of a Ship "I felt I knew Carl Wake, because John Kretschmer found in him an archetype—an aging sailor with an age-old dream."—Jim Carrier, transatlantic sailor and author of The Ship and the Storm: Hurricane Mitch and the Loss of the Fantome "A remarkable book, impossible to put down."—Herb McCormick, sailing

The history of Philadelphia's Boathouse Row is both wide and deep.Dotty Brown, an avid rower and former editor at the Philadelphia Inquirer, immersed herself in boathouse archives to provide a comprehensive history of rowing in Philadelphia. She takes readers behind the scenes to recount the era when rowing was the spectator sport of its time—and the subject of Thomas Eakins' early artwork—through the heyday of the famed Kelly dynasty, and the fight for women to get the right to row. (Yes, it really was a fight, and it took generations to win.) With more than 160 photographs, a third of them in full color, Boathouse Row chronicles the "waves of change" as various groups of different races, classes, and genders fought for access to water and the sport. Chapters also discuss the architectural one-upmanship that defined Boathouse Row after Frank Furness designed the stunning and eclectic Undine Barge Club, and the regattas that continue to take place today on the Schuylkill River, including the

forgotten forces that propelled high school rowing. Beautifully written and illustrated, Boathouse Row will be a keepsake for rowers and spectators alike.

The American Story of the Bookstores on Fourth Avenue from the 1890s to the 1960s New York City has eight million stories, and this one unfolds just south of Fourteenth Street in Manhattan, on the seven blocks of Fourth Avenue bracketed by Union Square and Astor Place. There, for nearly eight decades from the 1890s to the 1960s, thrived the New York Booksellers' Row, or Book Row. This richly anecdotal memoir features historical photographs and the rags-to-riches tale of the Strand, which began its life as a book stall on Eighth Street and today houses 2.5 million volumes (or sixteen miles of books) in twelve miles of space. It's a story cast with characters as legendary and colorful as the horse-betting, poker-playing, go-getter of a book dealer George D. Smith; the irascible Russian-born book hunter Peter Stammer; the visionary Theodore C. Schulte; Lou Cohen, founder of the still-surviving Argosy Book Store; and gentleman bookseller George Rubinowitz and his formidably shrewd wife, Jenny. Book Row remembers places that all lovers of books should never forget, like Biblo & Tamen, the shop that defied book-banning laws; the Green Book Shop, favored by John Dickson Carr; Ellenor Lowenstein's world-renowned gastronomical Corner Book Shop (which was not on a corner); and the Abbey Bookshop, the last of the Fourth Avenue bookstores to close its doors. Rising rents, street crime, urban redevelopment, and television are many of the reasons for the demise of Book Row, but in this volume, based on interviews with dozens of the people who bought, sold, collected, and breathed in its rare, bibliodiferous air, it lives again.

Now a documentary narrated by Common, produced by Grant Hill, Dwyane Wade, and 9th Wonder, from filmmaker Mary Mazzio The moving true story of a group of young men growing up on Chicago's West side who form the first all-black high school rowing team in the nation, and in doing so not only transform a sport, but their lives. Growing up on Chicago's Westside in the 90's, Arshay Cooper knows the harder side of life. The street corners are full of gangs, the hallways of his apartment complex are haunted by drug addicts he calls "zombies" with strung out arms, clutching at him as he passes by. His mother is a recovering addict, and his three siblings all sleep in a one room apartment, a small infantry against the war zone on the street below. Arshay keeps to himself, preferring to write poetry about the girl he has a crush on, and spends his school days in the home-ec kitchen dreaming of becoming a chef. And then one day as he's walking out of school he notices a boat in the school lunchroom, and a poster that reads "Join the Crew Team". Having no idea what the sport of crew is, Arshay decides to take a chance. This decision to join is one that will forever change his life, and those of his fellow teammates. As Arshay and his teammates begin to come together to learn how to row—many never having been in water before—the sport takes them from the mean streets of Chicago, to the hallowed halls of the Ivy League. But Arshay and his teammates face adversity at every turn, from racism, gang violence, and a sport that has never seen anyone like them before. A Most Beautiful Thing is the inspiring true story about the most unlikely band of brothers that form a family, and forever change a sport and their lives for the better.

First You Have to Row a Little Boat

Raised in the steamy bayous of New Orleans in the early 1900s, LeRoi "King" Tremain, caught up in his family's ongoing feud with the rival DuMont family, learns to fight. But when the teenage King mistakenly kills two white deputies during a botched raid on the DuMonts, the Tremains' fear of reprisal forces King to flee Louisiana. King thus embarks on an adventure that first takes him to France, where he fights in World War I as a member of the segregated 369th Battalion—in the bigoted army he finds himself locked in combat with American soldiers as well as with Germans. When he returns to America, he battles the Mob in Jazz Age Harlem, the KKK in Louisiana, and crooked politicians trying to destroy a black township in Oklahoma. King Tremain is driven by two principal forces: He wants to be treated with respect, and he wants to create a family dynasty much like the one he left behind in Louisiana. This is a stunning debut by novelist Guy Johnson that provides a true depiction of the lives of African-Americans in the early decades of the twentieth century.

Arguably the most capable of all the open source databases, PostgreSQL is an object-relational database management system first developed in 1977 by the University of California at Berkeley. In spite of its long history, this robust database suffers from a lack of easy-to-use documentation. Practical PostgreSQL fills that void with a fast-paced guide to installation, configuration, and usage. This comprehensive new volume shows you how to compile PostgreSQL from source, create a

database, and configure PostgreSQL to accept client-server connections. It also covers the many advanced features, such as transactions, versioning, replication, and referential integrity that enable developers and DBAs to use PostgreSQL for serious business applications. The thorough introduction to PostgreSQL's PL/pgSQL programming language explains how you can use this very useful but under-documented feature to develop stored procedures and triggers. The book includes a complete command reference, and database administrators will appreciate the chapters on user management, database maintenance, and backup & recovery. With Practical PostgreSQL, you will discover quickly why this open source database is such a great open source alternative to proprietary products from Oracle, IBM, and Microsoft.
