### **Killing Mister Watson**

An all-new guide to sea kayaking trips throughout Florida's celebrated Keys.

### **Sea Kayaking in Florida**

Provides a canoe and kayak guide to Florida and its outdoors.

### **Along the Florida Trail**

The Everglades Wilderness Waterway winds an enthralling path through rivers, bays, and streams on the southwestern edge of Everglades National Park. Rich with wildlife and scenic beauty, it also poses many challenges for paddlers. Canoeists and kayakers must deal with wind, waves, limited campsites (in the form of "chickee" platforms over the water and historic groundsites), and no fresh water. As veterans of this complex passage, authors Holly Genzen and Anne Sullivan turn those limitations into glorious, safe adventure. Some out-and-back paddles lead to the rivers and bays of the Everglades National Park's interior; others wind to Gulf Coast sites; still others loop around islands, mangrove forests, or other natural phenomena. The authors provide marker-by-marker route descriptions (both north to south and south to north), and comprehensive information on safety, supplies, campsites, and navigation. They also chronicle the waterway's wildlife, social history, and origin of place names encountered along the way.

### **Touring the Springs of Florida**

### **My Canada**

### **South Moon Under**

Featuring the state's finest cold springs, Touring the Springs of Florida features full-color

photos of each site and in-depth descriptions of the springs and surrounding areas. Whether you're tubing, paddling, hiking, diving, or sightseeing, detailed maps, GPS coordinates, and thorough driving directions lead you every step of the way.

### **Paddling Southern Florida**

Provides photographs and text to discuss the geographic distribution and conservation status of coral reefs in the Atlantic and Eastern Pacific, the Indian Ocean and Southeast Asia, and the Pacific.

### **Florida Circumnavigational Saltwater Paddling Trail Guide (Text Only)**

Exhaustively illustrated in color with over 1000 photographs, figures, histopathology slides, and sonographs, this uniquely authoritative atlas provides the clinician with a visual guide to diagnosing congenital anomalies, both common and rare, in every organ system in the human fetus. It covers the full range of embryo and fetal pathology, from point of death, autopsy and ultrasound, through specific syndromes, intrauterine problems, organ and system defects to multiple births and conjoined twins. Gross pathologic findings are correlated with sonographic features in order that the reader may confirm visually the diagnosis of congenital abnormalities for all organ systems. Obstetricians, perinatologists, neonatologists, geneticists, anatomic pathologists, and all practitioners of maternal-fetal medicine will find this atlas an invaluable resource.

### **The Everglades**

Knack Kayaking for Everyone is the most visually driven and yet informative guide to every aspect of an aquatic sport whose popularity has skyrocketed in recent years. The first chapters comprise an idea-packed buying guide to kayak design, kayak features, accessories, and gear. The book then presents step-by-step information on transporting, launching and landing, basic and advanced strokes, techniques, navigation, rescues, and expedition planning. In addition, it fully explores recreational (flatwater) kayaking, whitewater kayaking, and sea kayaking, providing instructions for each. Ideas for fun and games and special paddlers (children, the elderly, the handicapped) are also included, as are chapters on weather and first aid.

### **Backroads of Florida**

In this widely hailed book, NPR correspondent Tom Gjelten fuses the story of the Bacardi family and their famous rum business with Cuba's tumultuous experience over the last 150 years to produce a deeply entertaining historical narrative. The company Facundo Bacardi launched in Cuba in 1862 brought worldwide fame to the island, and in the decades that followed his Bacardi descendants participated in every aspect of Cuban life. With his intimate account of their struggles and adventures across five generations, Gjelten brings to life the larger story of Cuba's fight for freedom, its tortured relationship with America, the rise of Fidel Castro, and the violent division of the Cuban nation.

### **Voyage of the Paper Canoe**

In the summer of 1987 Ed Gillet achieved what no person has accomplished before or since, a solo crossing from California to Hawaii by kayak. Gillet, at the age of 36 an accomplished sailor

and paddler, navigated by sextant and always knew his position within a few miles. Still, Gillet underestimated the abuse his body would take from the relentless, pounding, swells of the Pacific, and early into his voyage he was covered with salt water sores and found that he could find no comfortable position for sitting or sleeping. Along the way he endured a broken rudder, among other calamities, but at last reached Maui on his 63rd day at sea, four days after his food had run out. Dave Shively brings Gillet's remarkable story to life in this gripping narrative, based on exclusive access to Gillet's logs as well as interviews with the legendary paddler himself.

### **Canoeing & Kayaking Florida**

"Navigating the 1.5-million-acre Everglades National Park just got easier. From lists of necessary tools for a safe, dry and successful adventure to locating ground and beach campsites for weary campers to rest their boards, the guide works."—St. Petersburg Times "This well-organized, clearly written guide . . . covers all the conceivable necessities. . . . Invaluable."—Tampa Tribune "[Molloy] describes backcountry campsites; unusual chickees to Calusa Indian mounds to beachfront islands. . . . A good starting point for those who would attempt such an up-close visit to the Everglades."—Ocala Star-Banner "After learning all about the Everglades in this book, you might want to get out and see this unique place firsthand."—Fairchild Tropical Garden Magazine "Offers important information for boaters (tidal activity, campsites, routes to avoid, what to pack, wind challenges, approximate paddling time, and much more) and includes detailed maps . . . . [Molloy's] writing style is both authoritative and enticing; he can almost make you want to drift about in clouds of mosquitoes and no-see-ums."—Library Journal Whether forging uncharted territory or slipping along marked canoe trails, Molloy guides readers through more than 400 miles of creeks, bays, marshes, and the Gulf of Mexico. This indispensable reference has been comprehensively updated, and now includes GPS coordinates and twelve new paddle routes.

### **Kayaking for Everyone**

"Profiles of 60 parks--from battlefields to national seashores--administered by the National Park Service, highlighting their diverse appeal and available outdoor activities. A brief glimpse is given of 29 additional parks, including the newly created Indiana Sand Dunes."

### **Color Atlas of Hematology**

Knack Kayaking for Everyone is the most visually driven and yet informative guide to every aspect of an aquatic sport whose popularity has skyrocketed in recent years. The first chapters comprise an idea-packed buying guide to kayak design, kayak features, accessories, and gear. The book then presents step-by-step information on transporting, launching and landing, basic and advanced strokes, techniques, navigation, rescues, and expedition planning. In addition, it fully explores recreational (flatwater) kayaking, whitewater kayaking, and sea kayaking, providing instructions for each. Ideas for fun and games and special paddlers (children, the elderly, the handicapped) are also included, as are chapters on weather and first aid.

### **Atlas of the National Parks - National Geographic**

A Flexibook for both the specialist and non-specialist, the new book offers accessible information on hematology in a succinct format. In addition to providing basic methodology, the

book utilizes more than 260 color illustrations to detail the most up-to-date clinical procedures. Numerous tables and flow charts are included to assist in differential diagnosis, making this a valuable didactic reference for nurses, practicing physicians and residents preparing for board examinations.

### **The Sea Can Wash Away All Evils**

Winner of a National Outdoor Book Award Honorable Mention, *Hiking Virginia* is indispensable for exploring the Commonwealth. Authors Bill and Mary Burnham breath fresh air into popular Virginia destinations, and explore commonly overlooked yet equally dramatic hikes. Explore the history of a young American nation; watch stories of lost cultures come alive; and imagine the ghosts of Indian raiders, moonshiners, and outlaws haunting the backcountry routes of the past. Packed with notes on plants, trees, and geology, plus a list of local attractions and "good eats and sleeps" for the weary hiker, *Hiking Virginia* covers the Commonwealth's outdoors from the sea shores to the mountain slopes, past and present. Also included is a special section detailing the Appalachian Trail through Virginia, taking thru-hikers along the six-week route from Damascus, Virginia to Harpers Ferry, West Virginia. Inside readers will find: full-color photos, detailed color maps, accurate route profiles showing the ups and downs of each hike, tips on equipment, trip planning, hiking with dogs and children, accurate directions, difficulty ratings, trail contacts, and more.

### **Florida's Living Beaches**

*Insiders' Guide to Florida Keys & Key West* is a beautiful full-color guide and the essential source for in-depth travel information for visitors and locals to this ever-growing city. Written by a local (and true insider), *Insiders' Guide to Florida Keys & Key West* offers a personal and practical perspective of this location that makes it a must-have guide for travelers as well as residents looking to rediscover their hometown.

### **Bacardi and the Long Fight for Cuba**

With 1,400 miles of hiking across Florida, what does the Florida National Scenic Trail look like? Its beauty and botanical diversity reflects the incredible variety of landscapes found in Florida, from Caribbean-style tropical hammocks to Appalachian-like ravines with mountain laurel blooming in spring. This compact coffee table book introduces you to a walk in the woods across the state of Florida.

### **Cloud Atlas**

A sea kayaker's version of the Appalachian Trail, the 1,515-mile Florida Circumnavigational Saltwater Paddling Trail takes adventurers from Pensacola to Key West to the Georgia border. Every Florida coastal habitat type is featured, from barrier island dune systems to salt marsh to mangroves, as well as the Sunshine State's colorful history. This is the seventh printed guide for the trail, useful for short and long-distance paddlers alike. It includes information on launches, campsites, campgrounds, motels, points-of-interest, and the many public lands along the route. A trail data book, equipment list and trip tips and planning instructions are also included. Complementary color maps can be downloaded for free from [www.floridagreenwaysandtrails.com](http://www.floridagreenwaysandtrails.com). Included in this edition is information about alternate routes in the Panhandle and Keys.

## **Zamumo's Gifts**

The first edition of Florida's Living Beaches (2007) was widely praised. Now, the second edition of this supremely comprehensive guide has even more to satisfy the curious beachcomber, including expanded content and additional accounts with more than 1800 full-color photographs, maps, and illustrations. It heralds the living things and metaphorical life along the state's 700 miles of sandy beaches. The expanded second edition now identifies and explains over 1400 curiosities, with lavishly illustrated accounts organized into Beach Features, Beach Animals, Beach Plants, Beach Minerals, and Hand of Man.

## **Florida Keys Paddling Guide**

Completely updated yet again, the latest edition of Canoeing & Kayaking Florida is the most comprehensive guide to the best of Florida's unique streams, springs, creeks, and rivers. Engaging and concise, yet filled with carefully selected details vital to any successful Florida paddling adventure, Canoeing & Kayaking Florida spares readers encyclopedic fluff in favor of practical, no-nonsense information. With expanded regional maps and revised river maps, Canoeing & Kayaking Florida is simply the best and most informative Florida paddling guide available. Several new paddling destinations have been added to this latest edition, including waterways like Shingle Creek, where a swift stream swishes through a cypress forest. Then there's quiet coastal Shell Creek and the mighty Apalachicola River, a big water destination with big sandbars, big hills, and a fast current compared to more intimate Florida waterways. Still other new streams await your arrival. For over 30 years, Canoeing & Kayaking Florida has provided the essential information needed to paddle the waterways of Florida. Paddling has grown steadily in Florida due in part to this excellent guidebook, the establishment of paddling clubs, the positioning of outfitters on rivers, and population growth. The rise in the use of recreational kayaks has also led to the rebirth of paddling's popularity. Let Canoeing & Kayaking Florida be your guide to the paddling possibilities in the Sunshine State.

## **Florida Keys Paddling Atlas**

Drawn from fragments of historical fact, Matthiessen's masterpiece brilliantly depicts the fortunes and misfortunes of Edgar J. Watson, a real-life entrepreneur and outlaw who appeared in the lawless Florida Everglades around the turn of the century.

## **Embryo and Fetal Pathology**

Yoga for Paddling is a visual, instructional guide designed to walk readers through 30 -35 yoga poses that are effective in stretching the muscles that paddlers use most, and strengthening the muscles that they use least. The book includes chapters on anatomy and alignment principles specific to the movements of paddling for kayakers, canoeists, and SUPers, and includes tips on proper paddling technique, performance focus, relaxation, and short stories about paddling injuries healed via yoga. One to three photos demonstrate each pose, with clear, concise text on how to get into and hold the poses

## **Hiking Virginia**

## **Hiking Virginia**

Trees, identification.

### **Day Paddling Florida's 10,000 Islands and Big Cypress Swamp**

Stretching more than 1,200 miles across the Sunshine State, the green ribbon of the Florida National Scenic Trail connects the silent depths of the Everglades cypress swamps with the crystalline white sand beaches of Pensacola. Illustrated with fetching full-color photographs, this volume weaves a narrative of day hikes and backpacking trips with snippets of the natural and cultural history that define the essence of Florida.

### **Exploring Wild South Florida**

In 1540, Zamumo, the chief of the Altamahas in central Georgia, exchanged gifts with the Spanish conquistador Hernando de Soto. With these gifts began two centuries of exchanges that bound American Indians and the Spanish, English, and French who colonized the region. Whether they gave gifts for diplomacy or traded commodities for profit, Natives and newcomers alike used the exchange of goods such as cloth, deerskin, muskets, and sometimes people as a way of securing their influence. Gifts and trade enabled early colonies to survive and later colonies to prosper. Conversely, they upset the social balance of chiefdoms like Zamumo's and promoted the rise of new and powerful Indian confederacies like the Creeks and the Choctaws. Drawing on archaeological studies, colonial documents from three empires, and Native oral histories, Joseph M. Hall, Jr., offers fresh insights into broad segments of southeastern colonial history, including the success of Florida's Franciscan missionaries before 1640 and the impact of the Indian slave trade on French Louisiana after 1699. He also shows how gifts and trade shaped the Yamasee War, which pitted a number of southeastern tribes against English South Carolina in 1715-17. The exchanges at the heart of Zamumo's Gifts highlight how the history of Europeans and Native Americans cannot be understood without each other.

### **Florida's Fabulous Canoe and Kayak Trail Guide**

The Florida Keys Paddling Atlas, a first of its kind detailed color atlas of the Florida Keys, from Key Largo to Key West, is specifically designed for paddlers, fly fishers, snorkelers, and other small craft water enthusiasts interested in shallow water exploration. Color charts for this atlas are fully annotated with key put-ins, take-outs, paddle friendly marinas, hidden waterways, bird watching, fishing spots, surf spots, and more. Other narrative information, including descriptive commentary, natural history, flora and fauna, and points of interest will be presented and referenced in order to guide water travelers on their own excursions and adventures.

### **Tree Book**

Winner of a National Outdoor Book Award Honorable Mention, Hiking Virginia is indispensable for exploring the Commonwealth. Authors Bill and Mary Burnham breath fresh air into popular Virginia destinations, and explore commonly overlooked yet equally dramatic hikes. Explore the history of a young American nation; watch stories of lost cultures come alive; and imagine the ghosts of Indian raiders, moonshiners, and outlaws haunting the backcountry routes of the past. Packed with notes on plants, trees, and geology, plus a list of local attractions and "good eats and sleeps" for the weary hiker, Hiking Virginia covers the Commonwealth's outdoors from the sea shores to the mountain slopes, past and present. Also included is a special

section detailing the Appalachian Trail through Virginia, taking thru-hikers along the six-week route from Damascus, Virginia to Harpers Ferry, West Virginia. Inside readers will find: full-color photos, detailed color maps, accurate route profiles showing the ups and downs of each hike, tips on equipment, trip planning, hiking with dogs and children, accurate directions, difficulty ratings, trail contacts, and more.

### **Best Hikes Near Washington,**

Southern Florida is a paddler's paradise, from sandy keys, to mazes of mangroves, and sparkling aquamarine water in between. This guide includes more than 50 trips that are a perfect introduction to exploring the waterways and coasts of Southern Florida. Nigel Foster offers expert insider tips on how to manage tides and changeable weather, alerts readers to potential hazards on the routes, and includes fun anecdotes of his experiences with the area wildlife. Look inside to find: clear maps, difficulty ratings, and points of special interest, as well as fascinating insights on the history and ecology of Florida's waterways.

### **Knack Kayaking for Everyone**

Joys and hardships of pioneer-like life of Florida scrub-dwellers.

### **Discovering the Florida Trail**

Kimberley Patton examines the environmental crises facing the world's oceans from the perspective of religious history. Much as the ancient Greeks believed, and Euripides wrote, that "the sea can wash away all evils," a wide range of cultures have sacralized the sea, trusting in its power to wash away what is dangerous, dirty, and morally contaminating. The sea makes life on land possible by keeping it "pure." Patton sets out to learn whether the treatment of the world's oceans by industrialized nations arises from the same faith in their infinite and regenerative qualities. Indeed, the sea's natural characteristics, such as its vast size and depth, chronic motion and chaos, seeming biotic inexhaustibility, and unique composition of powerful purifiers-salt and water-support a view of the sea as a "no place" capable of swallowing limitless amounts of waste. And despite evidence to the contrary, the idea that the oceans could be harmed by wasteful and reckless practices has been slow to take hold. Patton believes that environmental scientists and ecological advocates ignore this relationship at great cost. She bases her argument on three influential stories: Euripides' tragedy Iphigenia in Tauris; an Inuit myth about the wild and angry sea spirit Sedna who lives on the ocean floor with hair dirtied by human transgression; and a disturbing medieval Hindu tale of a lethal underwater mare. She also studies narratives in which the sea spits back its contents-sins, corpses, evidence of guilt long sequestered-suggesting that there are limits to the ocean's vast, salty heart. In these stories, the sea is either an agent of destruction or a giver of life, yet it is also treated as a passive receptacle. Combining a history of this ambivalence toward the world's oceans with a serious scientific analysis of modern marine pollution, Patton writes a compelling, cross-disciplinary study that couldn't be more urgent or timely.

### **Insiders' Guide® to Florida Keys & Key West**

Winner of a National Outdoor Book Award Honorable Mention, Hiking Virginia is indispensable for exploring the Commonwealth. Authors Bill and Mary Burnham breath fresh air into popular

Virginia destinations, and explore commonly overlooked yet equally dramatic hikes. Explore the history of a young American nation; watch stories of lost cultures come alive; and imagine the ghosts of Indian raiders, moonshiners, and outlaws haunting the backcountry routes of the past. Packed with notes on plants, trees, and geology, plus a list of local attractions and "good eats and sleeps" for the weary hiker, *Hiking Virginia* covers the Commonwealth's outdoors from the sea shores to the mountain slopes, past and present. Also included is a special section detailing the Appalachian Trail through Virginia, taking thru-hikers along the six-week route from Damascus, Virginia to Harpers Ferry, West Virginia. Inside readers will find: full-color photos, detailed color maps, accurate route profiles showing the ups and downs of each hike, tips on equipment, trip planning, hiking with dogs and children, accurate directions, difficulty ratings, trail contacts, and more.

### **World Atlas of Coral Reefs**

An insider's guide to the natural areas of south Florida, from Hobe Sound in the east and Punta Gorda in the west down to the Keys and the Dry Tortugas. Includes Everglades National Park, Big Cypress National Preserve, the coral reefs of both Biscayne National Park and Pennekamp State Park, and Ding Darling National Wildlife Refuge and Corkscrew Swamp, as well as many smaller state and county parks, recreation areas, and nature centers. Includes maps and information on camping, boating, hiking, fishing, tours, etc.

### **Yoga for Paddling**

Bill and Mary Burnham have successfully blended their love of the outdoors with backgrounds in journalism and photography for more than 15 years. For their first book, they spent two full years hiking and writing about the best trails in the Old Dominion. The result, *Hiking Virginia: a Falcon Guide*, received a National Outdoor Book Award. The *Florida Keys Paddling Atlas* also earned a NOBA award as the best guidebook of 2008. Among their nine books are two in The Globe Pequot Press' how-to Knack series: *Car Camping for Everyone* and *Kayaking*. They live on the Eastern Shore of Virginia where they guide kayak trips, write for several publications, and post their adventures on [www.BurnhamVirginia.com](http://www.BurnhamVirginia.com) and [www.Burnham-Florida.com](http://www.Burnham-Florida.com).

### **Hiking Virginia**

This picture book atlas of Canada is a whimsical, informative introduction to our country from sea to sea to sea. Each province and territory is featured on its own spread, with icons and labels indicating the capital city, other major cities, key lakes and rivers, iconic landmarks, animals, and plants, significant national and provincial parks, and more. Each map is lively and colorful with plenty of details to discover. Simple labels make key places and landmarks easily searchable for further research. Inspired by the illustrator's map of PEI, a longtime gift shop bestseller, *My Canada* includes basic information about Canada and a full map of the country. Also available in French.

### **Across the Everglades**

This revised guide to a fast-growing water sport is for both novices and experienced kayakers. Whether you want to fish or just watch wildlife, sea kayaking offers new ways to enjoy Florida's hidden bays and open oceans. You'll find the latest information for a kayaking adventure: boats, camping, clothing, and gear, as well as an expanded list of boat liveries and outfitters.

Learn about the birds, wildlife, and coastal vegetation you can expect to see as you paddle Florida's coasts. In this new edition you'll find new maps and campsite guides to the Big Bend Sea Grasses Saltwater Paddling Trail, as well as an expanded trail itinerary allowing you to see even more of Florida's "nature coast." There are also additional tips, maps, and campsite locations for paddling the open water of the Everglades. Though the Everglades and the Big Bend are the two most important paddling areas of the state, the rest of the coastline is also described, highlighting Florida's history and geography.

### **Paddling the Everglades Wilderness Waterway**

A brilliantly illustrated guide to the secret splendors, quieter haunts, and wilder side of Florida, from spectacular shores and otherworldly swamplands to historic sites and cultural gems.

### **The Pacific Alone**

By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon. Praise for *Cloud Atlas* “[David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his ambition is written in magma across this novel’s every page.”—The New York Times Book Review “One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature.”—Dave Eggers “Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative.”—People “The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I’ve never read anything quite like it, and I’m grateful to have lived, for a while, in all its many worlds.”—Michael Chabon “*Cloud Atlas* ought to make [Mitchell] famous on both sides of the Atlantic as a writer whose fearlessness is matched by his talent.”—The Washington Post Book World “Thrilling . . . One of the biggest joys in *Cloud Atlas* is watching Mitchell sashay from genre to genre without a hitch in his dance step.”—Boston Sunday Globe “Grand and elaborate . . . [Mitchell] creates a world

and language at once foreign and strange, yet strikingly familiar and intimate.”—Los Angeles Times From the Hardcover edition.

### **A Paddler's Guide to Everglades National Park**

This new paddling guide to Florida's 10,000 Islands and Big Cypress region features trips for canoes and kayaks. This new guide features saltwater paddling tours in the northern and central 10,000 Islands, as well as a handful of freshwater tours in the Big Cypress Swamp. Trips emanate out of multiple put-ins and take-outs, including Rookery Bay Estuarine Reserve (Marco Island), Goodland, Port of the Islands, Fakahatchee Strand State Preserve, Everglades City, and Big Cypress National Preserve. Each trip described in this new guide will include information on distance, difficulty, recommended charts, and navigational features, as well as discussing winds, tides, and safety issues. The author also discusses natural and historical features, estuarine and mangrove ecology, and local wildlife. Finally, he provides information on equipment, outfitters, supplies, rentals, and recommendations for low-impact paddling. 35 black & white photographs, index.
