Pit Bull Flower Power

For decades, pit bulls have been demonized by society and portrayed as hellhounds. They've become the most feared, hated, and abused of all companion animals. Some cities and even entire countries ban them, while the media persist in associating them with viciousness. This unjust reputation has sealed the fate of millions of dogs, who face prejudice around the world and languish in shelters, where they are the most euthanized. In America alone, hundreds of thousands of pit bulls are put to sleep every year. Since 2014, French photographer Sophie Gamand has been composing portraits of adoptable pit bulls from more than thirty shelters and rescues throughout the United States. Many had been waiting for years for a home. Adorning her models with handmade flower-crowns, Gamand tells each dog's story and celebrates their inherent personality, vulnerability, and individuality. Posted and shared widely on social media, the portraits--at once charming, candid, and deeply affecting--have not only led to hundreds of dogs finding loving, forever homes, but have also spurred efforts to destigmatize an animal whose reputation for violence says more about us than it does the character of the dogs themselves. Full of moving, honest, and inspiring stories of individual dogs and their lives (and deaths), Pit Bull Flower Power presents a vivid, beautifully composed cross-section of Gamand's extraordinary work. The book also serves as a testament to the caring people who work in animal rescue, the passion and dedication of those who provide homes for these animals, and the dignity, forbearance, and love of these dogs, who are at the mercy of humans.

In a world searching for happiness, bestselling author Max Lucado provides a personal plan for a life filled with lasting and fulfilling joy, supported by Jesus' teaching and modern research. Do you feel happy? How long has it been since you felt a level of contagious, infectious, unflappable, unstoppable happiness? Maybe your answer is, "All the time." If so, God bless you! (And consider suggesting this book to someone who needs it.) For many of us the answer is, "Well, it's been a while. I used to be happy, but then life took its toll." Only one-third of Americans surveyed said they were happy. How can this be? Education is accessible to most. We've made advancements in everything from medicine to technology, yet 66 percent of us can't find an adequate reason to check the "yes" box on the happiness questionnaire. Worldwide, people profess that happiness is their most cherished goal. Marketers get this. "Want to be happy?" they ask. Eat at this restaurant, drive this car, wear this dress. Happiness happens when you lose the weight, get the date, find the mate, or discover your fate. It's wide, this way to happiness. Yet, for all its promise, it delivers a fragile joy; here one day, tomorrow scattered by the winds of comparison, disappointment, or unmet expectations. Max writes, "There is another option. It requires no credit card, monthly mortgage, or stroke of fortune. Age and ethnicity aren't factors an unexpected door to joy." In this book Max shares the unexpected path to a lasting happiness, one that produces reliable joy in any season of life. Based on the teachings of Jesus and backed by modern research, *How Happiness Happens* presents a surprising but practical way of living that will change you from the inside out. Also available in Spanish.

Do you long to see more of the living water of Jesus flowing freely through your community, generating a fresh wave of ministry momentum? Buckle up: you're in for a whitewater ride! Liquid Church tells the fascinating story of a New Jersey church that began "on accident" and grew into one of America's 100 Fastest-Growing Churches, with over 5,000 in weekly attendance and more than 2,400 baptisms to date. Their secret? They harnessed the power of six powerful ministry currents sweeping across North America including: special needs, creative communication, ministry mergers, compassionate cause, radical generosity, and leadership development.
