* Explores the darker psychological drama behind the exploits of eleven adventurers, famous and lesser-known * Written by a practicing clinical psychologist * Accounts include heretofore unpublished information provided by archival witnesses, friends, and family Every culture, in every era, has its adventure myths: The golden hero willing to walk through fire elevates us all beyond our fears and limits. But more often than readily seen, there are darker reasons for dangerous pursuits. Where falls the line between adventure and madness? Geoff Powter, a practicing clinical psychologist, looks into the stories of eleven troubled adventurers, divided into three

categories: The Burdened, The Bent, and The Lost. * Polar explorer Robert Falcon Scott has been called a "willing martyr" ready to die for the mystical deliverance of adventure. * Meriwether Lewis, convinced that he had failed to achieve the objectives set by mentor and father figure, Thomas Jefferson, died by his own hand. * Maurice Wilson's plan for climbing Everest included deliberately crashing his plane as high as possible on the mountain. * Jean Batten was a remarkably driven early aviator whose clothes and make-up were always more perfect than her flying technique. * Polar balloonist Solomon Andrée was certain that his rigorous understanding of scientific principles would overcome any challenge posed by nature or equipment failure. * Aleister Crowley, a brilliant mountaineer who founded the Golden Dawn cult, was labeled pathologically, and even fatally, arrogant. In each of these stories, darkness of some kind -- ambition, ego, a thirst for redemption, the need to please others -- carried these characters in a perilous direction. In the end, understanding these difficult but utterly human stories helps us comprehend the deepest purpose and allure of adventure, and, ultimately, to more honestly measure ourselves.

Strange Deliverance

"Truth is Stranger Than Fiction".

Prison is a strange land, a land of deep heartache and sadness. Over two million people are serving prison time in America. Millions more are carrying the mark of prison as those who were formerly incarcerated, including large numbers of men and women who have been released on parole. In the midst of such human misery, when loosened tongues are freed to sing of God's redemptive love, grief is diminished and the prison loses its power.

The spirit wife and husband phenomenon though not often spoken about by many is one of the most dangerous avenue through which satan and his demons accesses lives, homes and other various life institutions to cause both physical and spiritual damages to mankind. Many today are having these experiences and instead of finding a way to deal with them, they are practically enjoying the experience and ignorantly suffers the consequences not knowing that every relationship with a demonic being either consciously or unconsciously will lead into serious demonic possession, control and several other evil consequences. Certain experiences like life disorganization, marital unfaithfulness, divorces, late marriage, business failure, disoriented homes, demonic soul-tie, soul or spirit pollution by demonic spirit, ministerial pitfall all has their root from the attack or operation of the spiritual husband/wife. Until you understand their mode of operation and how to avoid their evil influence in your life, you may never be able to fully fulfill your destiny here on earth. This little book is an eye opener to the various operation of these sexual demons call incubus and succubus. It will not only open your eyes to the truth behind this spiritual phenomenon but it will also help you to permanently destroy their stronghold and terminate their operations in your life. Stay bless as you read.

pathology reports--from subjects in medical research projects whose dreams diagnosed illness and helped heal their lives • Explores medical studies and ongoing research on the diagnostic power of precognitive dreams, including Dr. Burk's own medical research • Includes an introduction to dream journaling and interpretation techniques Your dreams can provide inner guidance filled with life-saving information. Since ancient Egypt and Greece, people have relied on the art of dreaming to diagnose illness and get answers to personal life challenges. Now, dreams are making a grand reappearance in the medical arena as recent scientific research and medical pathology reports validate the diagnostic abilities of precognitive dreams. Are we stepping back into the future as modern medical tests show dreams can be early warning signs of cancer and other diseases? Showcasing the important role of dreams and their power to detect and heal illness, Dr. Larry Burk and Kathleen O'Keefe-Kanavos share amazing research and true stories of physical and emotional healings triggered by dreams. The authors explore medical studies and ongoing research on the diagnostic power of precognitive dreams, including Dr. Burk's own research on dreams that come true and can be medically validated. They share detailed stories--all confirmed by pathology reports--from subjects in medical research projects whose dreams diagnosed illness and helped heal their lives, including Kathleen's own story as a three-

It is here at last, the deliverance manual for addressing dream battles and nightmares. By the time a person is 60 years old, he would have spent 20 years sleeping and dreaming. Your dreams are your spiritual monitoring system. Many do not know what is happening to their lives because, they do not understand their dreams. The land of slumber is as important as life itself. Dreams from God are to: assure, encourage, comfort, direct, instruct, guide, exhort, correct, warn or reveal the plan and purposes of God. Satanic dreams are noted for their absurdity, emptiness, harassment and punishment by dream criminals. This book teaches you how to understand your dreams and how to deal with your dream battles. This book is a must for every serious Christian home. Read it and pray the prayer points therein and your life will no longer remain the same.
