Ecstasy and Intimacy

The Catholic Library World

In his missionary journeys, St. Paul spoke in a number of cities in the Greek peninsula including Athens, renowned for its philosophical heritage. He addressed to them the message of the One, Unknown God (Acts 17:22ff). Among those present in the Areopagus (the open city center of Athens) on that day was a certain Denys (Dionysios) who eventually became a disciple of Paul. Centuries later, a corpus of writings appeared bearing the name of the Denys the Areopagite. These texts were considered to be the writings of the first century disciple of the Apostle Paul and thus achieved almost immediate prominence, strongly influencing the lives of St. Maximus the Confessor (d. 662) and St. John Damascene (d.749) in the East and Eriugena (d. 877), St. Bede (d. 735), St. Bernard (d.1153) St. Thomas Aquinas (d. 1272) Nicholas of Cusa (d. 1464), St. John of the Cross (d. 1591), and many other great minds in the West. Later historical studies of Denys' texts, especially during the 19th century, showed conclusively that the writings are of a later date (5th century) than had generally been thought. Hence, the appending of "Pseudo-" before the name of Denys (Pseudo-Denys, Pseudo-Dionysius) became common place. The extraordinary brilliance of the texts themselves, however, has been in no way dimmed. The late Holy Father John Paul II in his monumental encyclical Fides et Ratio warns insistently against an approach to Revelation that shuns

metaphysics. The texts of Denys provide a majestic and profound metaphysical perspective. Deeply formed by the Divine Liturgy and the Sacred Scriptures, this mysterious author uses the great insights of Plato and his later disciples, expressing the deepest profundities of the faith in stunningly beautiful writings. In Denys, readers past, present, and future find a penetrating contemplative vision into the Mystery of the Trinity and its creation. This book is a focused exposition of Denys' theological understanding with particular attention to the illuminating metaphysical depth of his insight. Care has been taken to prepare a text that is readable for the serious laymen accompanied with footnotes to provide a more detailed background for the scholar.

The Cross in Agony and Ecstasy

History of Christian Philosophy in the Middle Ages

"Ecstasy, A Study of Happiness" by Louis Couperus (translated by Alexander Teixeira de Mattos). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Ecstasy

Course of the History of Modern Philosophy Translated by O. W. Wight

Surveying the views on baptism of eight of history's most influential theologians, Russell Haitch expertly explains the development and bases for the varieties of interpretation and practice of this holy sacrament throughout modern Christianity. First identifying the guiding motif in each of these foundational perspectives, Haitch ably and accessibly demonstrates how each yields unique theological and practical implications for Christian belief and life.

This book captures the beauty and complexity of God's evolving manifestation through vignettes from physics, biology, chemistry, mathematics, economics and politics. This book will inspire us to be co-creators with God in the process of Christogenesis, the growth of the ever greater Christ.

A History of Philosophy with Especial Reference to the Formation and Development of Its Problems and Conceptions

How to Find Your Light of Ecstasy Within. In How to Find Your Light of Ecstasy Within, author Billy Dugger offers readers a new and very effective way to simply commune with God and get the answers you need. He explains in an everyday conversational style just how organic life actually got started on earth. This is totally different than the evolution theory or the idea that we were created instantly, as some believe. The book is in three separate sections and is 550 pages long. It also answers the three main questions: Where did you come from? Why are you here? Where are you going? The last section includes a very effective meditation technique that takes only a few seconds to use.

The Mystic Heart

From one of the world's most influential spiritual thinkers, a long-awaited book exploring what it means that Jesus was called "Christ," and how this forgotten truth can restore hope and meaning to our world. "Anyone who strives to put their faith into action will find encouragement and inspiration in the pages of this book." -Melinda Gates In his decades as a globally recognized teacher, Richard Rohr has helped millions realize what is at stake in matters of faith and spirituality. Yet

Rohr has never written on the most perennially talked about topic in Christianity: Jesus. Most know who Jesus was, but who was Christ? Is the word simply Jesus's last name? Too often, Rohr writes, our understandings have been limited by culture, religious debate, and the human tendency to put ourselves at the center. Drawing on scripture, history, and spiritual practice, Rohr articulates a transformative view of Jesus Christ as a portrait of God's constant, unfolding work in the world. "God loves things by becoming them," he writes, and Jesus's life was meant to declare that humanity has never been separate from God--except by its own negative choice. When we recover this fundamental truth, faith becomes less about proving Jesus was God, and more about learning to recognize the Creator's presence all around us, and in everyone we meet. Thought-provoking, practical, and full of deep hope and vision, *The Universal Christ* is a landmark book from one of our most beloved spiritual writers, and an invitation to contemplate how God liberates and loves all that is.

How to Find Your Light of Ecstasy Within

THE AGONY AND THE ECSTASY

From Exorcism to Ecstasy

Cistercian Studies Quarterly

The Handbook of Transformative Learning The leading resource for the field, this handbook provides a comprehensive and critical review of more than three decades of theory development, research, and practice in transformative learning. The starting place for understanding and fostering transformative learning, as well as diving deeper, the volume distinguishes transformative learning from other forms of learning, explores future perspectives, and is designed for scholars, students, and practitioners. PRAISE FOR THE HANDBOOK OF TRANSFORMATIVE LEARNING "This book will be of inestimable value to students and scholars of learning irrespective of whether or not their emphasis is on transformative learning. It should find its way to the reference bookshelves of every academic library focusing on education, teaching, learning, or the care professions." —PETER JARVIS, professor of continuing education, University of Surrey "Can there be a coherent theory of transformative learning? Perhaps. This handbook goes a long way to answering this question by offering a kaleidoscope of

perspectives, including non-Western, that consider the meaning and practice of transformative learning." —SHAUNA BUTTERWICK, associate professor, University of British Columbia "This handbook will be valuable and accessible to both scholars and practitioners who are new to the study of adult education and transformative learning and to more seasoned scholars who seek a sophisticated analysis of the state of transformative learning thirty years after Mezirow first shared his version of a then-fledgling theory of adult learning." —JOVITA ROSS-GORDON, professor and program coordinator, MA in Adult Education, Texas State University

The History of Magic

In book volume one we learned how organic life was created. We also learned our purpose in life and where we were going. Now in book two we are going much deeper into advanced meditation skills. In order to create we need to get into the Light of Ecstasy in a flash while working. God-awareness is what we need! In book two we learn how to put into action what we learned in the 541 pages of book one. Our request for guidance from God must be from Light of your soul to the Light of God. We must be within the Light wordlessly to understand God. We will actually experience ecstasy in book two with the 3-second meditation skills we learned in book one.

Ecstasy, A Study of Happiness

Ecstasy, or extasis, is the Greek term for trance, and is linked with a pleasurable, God-given state of out-of-body experience recorded throughout the New Testament and the church age. Starting with the apostles' ecstatic experiences on Pentecost, the Book of Acts further records trances in the lives of Peter and Paul. From the early church to the Christian mystics of the Middle Ages and the famous revivalists of centuries present, God's movements on the earth have always been marked by these supernatural experiences. In this book, John Crowder takes us on a journey from Old Testament ecstatic prophets such as Samuel and Elijah, to the future ecstasies who will usher in a massive wave of harvest Glory to the streets in these last days. God has always wanted a people who live in the Heavens, even as they walk on the Earth. And the world is hungry for the demonstration of a gospel of supernatural power that flows from a life of divine pleasure. More than a state of mind, you will see how the nature of God's ecstasy is found in the joy, bliss and inner raptures of His presence. In this book, you will be encouraged to drink from the river of His pleasure! (Ps. 36:8)

A commentary on the Epistle of Paul the apostle to the Romans; with a new tr. and explanatory notes

With appendices

The Church of England quarterly review

Christ's message of faith and power sets the human spirit free. Dr. Sumrall shares the secret of overflowing, God-given happiness.

God and Christ

Foreword by Eugene H. Peterson Countering the generic "spirituality" so popular today, Edith Humphrey presents an authentic Christian spirituality that draws on Scripture and the profound riches of the Christian tradition -- Orthodox, Catholic, and Protestant. Humphrey shows how Christian spirituality is rooted in the Trinity, in the ecstasy ("going out" of oneself) and intimacy (profound closeness with another) marking the relations between Father, Son, and Holy Spirit. The book embodies a banquet of excerpts from the greatest spiritual writers in history -- such luminaries as St. Augustine, St. John Chrysostom, Julian of Norwich, St. Teresa of vila, the Wesley brothers, Thomas Merton, and Alexander Schmemmann. Humphrey's elegant prose, laced with stories and images from her own life, beautifully uncovers the ways in which God's trinitarian life informs all human communion. Each chapter ends with questions for further reflection and discussion.

Your 3 Second Meditation into God'S Light of Ecstasy Is Here!

God's Ecstasy

Three tasks direct the author's work: to establish from available sources the circumstances in life, the mental development, and the doctrines of individual philosophers; to reconstruct from these facts the "genetic" process, so that the effect of these factors upon each philosopher's doctrine can be determined; to determine the overall value in the history of philosophy of the doctrines considering their origin.

The Word

An extensive look at all the aspects of multi-natured Shiva • Explores the shamanic roots of world spirituality as exemplified by this Hindu god who shares many of the attributes of the Norse Odin and the Celtic Cernunnos • Looks at Shiva's relation to contemporary culture, Tantra, and the dualistic religions of the West To his devotees Shiva is the entire universe and the core of all beings. Hindu myth shows him appearing at the beginning of creation as a giant pillar of fire from which this world sprang forth. Yet he is also the most approachable of gods, for he is the lover of lovers and the devotee of his devotees. Of the 1,008 names of Shiva, Pashupati, Lord of Animals, is one of the most common. His special relation to animals along with his trickster nature reveal the deep connection of Shiva to shamanism and other gods such as the Norse Odin and the Celtic Cernunnos that came out of the Paleolithic traditions. Ethnologist Wolf-Dieter Storl was first captivated by Shiva when he was in India as a visiting scholar at Benares Hindu University. In this book he invites readers to join in the lively and mythical world of Shiva, or Mahadev, God of All Gods. Shiva is a study in contrasts: As the lord of dance he loses himself in ecstatic abandon; with his consort Parvati he can make love for 10,000 years. Both men and women worship him for his ability to unite and balance masculine and feminine energies. But as the ascetic Shankar he sits in deep meditation, shunning women, and none dare disturb him lest he open his third eye and immolate the entire universe. Lord of intoxicants and poisons, he is the keeper of secret occult knowledge and powers, for which he is worshipped by yogis and demons alike. Shiva dances both the joy of being and the dance of doom--but in every aspect he breaks through the false ego to reveal the true self lying within. This is his true power.

Introduction to the History of Religions

Talk about chaos is pervasive. Biblical scholars, theologians, and scientists have been using the word chaos for some time, occasionally mingling ideas across disciplines around the shared word. Quite often, discussions of chaos center on the issues of creation's origin and nature, as well as on God's creative methods and relationship to creation. Eric M. Vail investigates the current uses of the word chaos in those areas. A new way of articulating creation out of nothing is offered as both helpful and appropriate in our current milieu. He suggests where we ought to focus our use of the word chaos in Christian discourse and argues that chaos is more fitting for naming where creation has gone awry rather than for naming that state out of which creation comes to be.
