Moon Florida

Hiking South Carolina covers the best hiking throughout the entire state. This book has the reader traversing from the mountains to the sea in one of the most beautiful and diverse states in the US. No matter where you are in the state, it is likely that this book will have a trail for you to explore nearby. Detailed maps and trail descriptions make navigating these wonderful trails easy, and interesting information about the environment and history of each trail gives hikers a unique insight into the trail that they are exploring.

Hiking South Carolina

50 Hikes in North Florida

A Thousand-Mile Walk to the Gulf by John Muir

Moon Colorado

Experience wild Florida with this guide to 100 off-the-grid hikes from every corner of the state. Florida's five water management districts encompass millions of acres of public property that include thousands of miles of public trails. In *Backcountry Trails of Florida*, Terri Mashour explains where to find these little-known routes, which ecosystems they feature, and how to plan your perfect outdoor adventure. Mashour describes the hidden wonders hikers will discover in each district. Northwest Florida offers views of sandhills, clear and cold springs, and river bluffs. The Suwannee River area is crisscrossed with meandering creeks. In the St. Johns River watershed, conservation lands include large cattle ranches, lakeshores, and levee restoration projects. In Southwest Florida, manatee swim up rivers from the Gulf of Mexico. And the South Florida district is home to water treatment areas, pine flatwoods, and the mangrove islands of the Everglades. As a former land manager who has taken care of many of the areas these trails cross, Mashour shares her experiences working with cowboys and ranchers and her love of the Florida backcountry. Whether you are a hiker, trail runner, off-road bicyclist, or equestrian, this guidebook will help you locate and enjoy wide expanses of pristine nature not far from your own backyard.

America's Great Hiking Trails

A Florida hike for every interest and ability Florida's landscape is a marvel of diversity, and Central Florida is its pinnacle. Footpaths range through salt marshes, river floodplains, and along coastal dunes and beaches. Trails pass through desert- like scrub islands, jungle- like hydric hammocks, and deep, dark bayous. There's no better way to take in this natural world than by walking it. Ranging from 1 to 43 miles in length, each hike includes directions, a detailed map, and information on hike duration, difficulty, and trail conditions. Explore a new side of Florida, from hidden urban gems like the Circle Bar B Ranch in Lakeland and Ponce Preserve in Daytona Beach, to the quiet rural landscapes of Catfish Creek State Park and Chinsegut Hill.

Moon Florida Gulf Coast

A guide to 50 hikes and backpacking trips in the northern Florida peninsula, ranging from State Road 40 to the Georgia border and east of the panhandle.

Moon South Florida & the Keys Road Trip

"The Partnership for the National Trails System (PNTS)"--Colophon.

Discovering the Florida Trail

The Florida Trail stretches the length and breadth of the Sunshine State, from Gulf Islands National Seashore in the panhandle to Big Cypress National Preserve less than an hour from suburban Miami. In 2006, veteran hiker and outdoorsman Johnny Molloy hiked the length of the trail in one three-month stretch. This engaging story of his journey, the first narrative account of a Florida Trail thru-hike, is peppered with outrageous and charming characters. Molloy's peanut butter thermometer and his "Five Foot Radius Theory of Camping" for tired hikers will make experienced backpackers smile knowingly. Novice hikers will find his insider tips priceless. Beginning at the southern end of the trail, less than an hour from suburban Miami, he was challenged by some of the roughest terrain he would face before making his way around Lake Okeechobee, the second largest freshwater lake in the continental United States. Traveling north and west traversing sand pine scrub forests, he made his way up the Suwannee River, around the Big Bend into the cathedral of palms in St. Marks Refuge, through the Apalachicola National Forest, and along white sand beaches to the Alabama state line. Many may never hike the entire course of the Florida Trail, but its convenient trailheads make it easily accessible to any resident or tourist. So, start the adventure; plan your own short hike, thru-hike, or simply join Molloy without leaving the comfort of your armchair.

Moon South Carolina

Discover South Carolina with Moon Travel Guides! From the creative hub of Charleston to the laidback Lowcountry, see what sets the Palmetto State apart with Moon South Carolina. The Open Road

The first history of the American hiking community and its contributions to the nation's vast network of trails. In the mid-nineteenth century urban walking clubs emerged in the United States. A little more than a century later, tens of millions of Americans were hiking on trails blazed in every region of the country. This groundbreaking book is the first full account of the unique history of the American hiking community and its rich, nationwide culture. Delving into unexplored archives, including those of the Appalachian Mountain Club, Sierra Club, Green Mountain Club, and many others, Silas Chamberlin recounts the activities of hikers who over many decades formed clubs, built trails, and advocated for environmental protection. He also discusses the shifting attitudes of the late 1960s and early 1970s when ideas about traditional volunteerism shifted and new hikers came to see trail blazing and maintenance as government responsibilities. Chamberlin explores the implications for hiking groups, future club leaders, and the millions of others who find happiness, inspiration, and better health on America's trails. "With rich historical context Silas Chamberlin inspires new appreciation for trailblazers, while sharing the legacy of hiking and its growing importance today, as people find their way to a new relationship with the natural world."—Richard Louv, author of *Last Child in the Woods* and *Vitamin N* "Chamberlin has demonstrated that what at first looks simple—walking on our own two feet—has a complex history of changing cultural associations, social infrastructure, and national significance."—James Longhurst, University of Wisconsin – La Crosse

Best Dog Hikes South Carolina

With 1,400 miles of hiking across Florida, what does the Florida National Scenic Trail look like? Its beauty and botanical diversity reflects the incredible variety of landscapes found in Florida, from Caribbean-style tropical hammocks to Appalachian-like ravines with mountain laurel blooming in spring. This compact coffee table book introduces you to a walk in the woods across the state of Florida.

Florida's Paved Bike Trails

"South Florida is a unique and spectacular environment for both birding and gardening, and this is a thorough and enjoyable guide."--Carl Lewis, director, Fairchild Tropical Gardens "A step-by-step guide on how to create a garden that not only benefits birds but increases your enjoyment of your yard, patio, or balconies. No space is too small for helping birds, and this book tells you how to do it."--Stephen D. Pearson, director, University of Miami's John G. Gifford Arboretum "For all South Floridians concerned about vanishing stopover habitat and hoping to contribute to the re-greening of Florida in their own backyards, *Attracting Birds to South Florida Gardens* is essential reading."--Brian Rapoza, author of *Birding Florida Lush and warm, South Florida is a gardener's dream and a birder's delight. James Kushlan and Kirsten Hines draw on their years of experience to provide practical, ecologically sound advice for creating landscapes that will appeal to the many birds that can be found in the region. Aimed primarily at backyard gardeners and birders, but applicable for commercial landscapers as well, their precepts can be applied to a broad range of outdoor spaces, from balconies to suburban yards to rural estates. The authors identify plants that provide food or shelter and explain how each can attract specific bird species. They also explain what plants work well together, offer advice on simplifying garden maintenance, and provide tips on how other elements can make an area avian-friendly. Filled with brilliant photographs, *Attracting Birds to South Florida Gardens* addresses a conspicuous void in the literature on two of America's most*

popular activities.

50 Hikes in Central Florida (Third Edition)

At the heart of *Walking Distance: Extraordinary Hikes for Ordinary People* are firsthand descriptions of thirty of the world's best long-distance hikes on six continents—including personal anecdotes, historical backgrounds, and useful tips—accompanied by stunning full-color photographs and maps.

The Florida Trail Guide

Soon to be a major motion picture starring Kate Bosworth, Josh Lucas, Anthony Edwards, and Radha Mitchell "Each book by Jack Kerouac is unique, a telepathic diamond. With prose set in the middle of his mind, he reveals consciousness itself in all its syntactic elaboration, detailing the luminous emptiness of his own paranoid confusion. Such rich natural writing is nonpareil in later half XX century, a synthesis of Proust, Céline, Thomas Wolfe, Hemingway, Genet, Thelonus Monk, Basho, Charlie Parker, and Kerouac's own athletic sacred insight. "Big Sur's humane, precise account of the extraordinary ravages of alcohol delirium tremens on Kerouac, a superior novelist who had strength to complete his poetic narrative, a task few scribes so afflicted have accomplished—others crack up. Here we meet San Francisco's poets & recognize hero Dean Moriarty ten years after *On the Road*. Jack Kerouac was a 'writer,' as his great peer W.S. Burroughs says, and here at the peak of his suffering humorous genius he wrote through his misery to end with 'Sea,' a brilliant poem appended, on the hallucinatory *Sounds of the Pacific Ocean at Big Sur*." —Allen Ginsberg

Surviving the Wilds of Florida

This completely revised second edition of the definitive South Florida guidebook offers coverage of Tampa, the Gulf Coast, South Beach, Miami, and the Keys. In diverse, exciting South Florida you might catch a glimpse of an endangered Florida panther in a nature preserve in the morning and visit a four-star restaurant and world-class nightclub that evening. This rich destination welcomes visitors from all over the world with its vibrant arts communities and multicultural historic sites, luxurious seaside resorts and lush forests, and some of the best fishing and diving in the United States. With cattle ranches and citrus groves all the way down to the mighty swamps of the Everglades and Big Cypress there are endless opportunities for exploration and discovery for singles, couples, and families. From eco-friendly establishments and environmental information about the region to its trendy nightlife, out-of-the-way attractions, and best beach hotels, *Explorer's Guide South Florida* is a thorough introduction to an alluring place that tourists as well as locals simply shouldn't miss. Detailed maps, an index, an alphabetical "What's Where" subject guide, and helpful icons that highlight places that offer special value, are pet-, gay-, and family-friendly, and are wheelchair accessible round out this incredible resource, your perfect travel companion.

Moon 101 Great Hikes San Francisco Bay Area

Using this comprehensive hiker's guide to travel services along Florida's National Scenic Trail, you can plan a weekend, a week, or an entire walk across Florida using the logistical details for hikers and backpackers presented in this book. Covering more than 1,400 miles of hiking on the Florida Trail and connected footpaths, *The Florida Trail Guide* offers you hundreds of starting points for a walk in the woods, Florida-style. Spanning from the edge of the Everglades to Gulf Islands National Seashore in Pensacola Beach, the Florida Trail is one of America's great National Scenic Trails. With statewide volunteer efforts coordinated by the Florida Trail Association since 1966, the route of the trail leads you through the most diverse landscapes you'll find along a trail in a single state. From tropical forests in South Florida to the deep ravines and Appalachian-like bluffs of Northwest Florida, hikers enjoy an extraordinary amount of scenery on a trail that is best enjoyed from October through April. The trail passes by and through many small towns and several cities and is within an hour's drive of most of Florida's major cities. Included in this guide are a full map of the trail, 36 regional overview maps, 63 town maps with service details for towns located along or close to the trail, GPS coordinates for several hundred trailheads and trail access points, at-a-glance services icons, section and thru-trail mileage, mileage charts with point-to-point details based on trail landmarks, calculated mileages between designated campsites, post office locations and hours, hotels and campgrounds near the trail, contact information for thousands of services, permit requirements, important precautions, and basics you should know about hiking in Florida. Links are included to let you expand on the details in this book with online resources.

Hiking the Florida Trail

Stretching more than 1,200 miles across the Sunshine State, the green ribbon of the Florida National Scenic Trail connects the silent depths of the Everglades cypress swamps with the crystalline white sand beaches of Pensacola. Illustrated with fetching full-color photographs, this volume weaves a narrative of day hikes and backpacking trips with snippets of the natural and cultural history that define the essence of Florida.

Day Hiking Southwest Florida

Backcountry Trails of Florida

M. J. Eberhart, aka the Nimblewill Nomad, was a 60-year-old retired doctor in January 1998 when he set off on a foot journey that carried him 4,400 miles (twice the length of the Appalachian Trail) from the Florida Keys to the far north of Quebec. Written in a vivid journal style, the author unabashedly recounts the good (friendships with other hikers he met), the bad (sore legs, cutting winds and rain), and the godawful (those dispiriting doubts) aspects of his days of walking along what has since become known as the Eastern Continental Trail (ECT). An amazing tale of self-discovery and insight into the magic that reverberates from intense physical exertion and a high goal, Eberhart's is the only written account of a thru-hike along the ECT. Covering 16 states and 2 Canadian provinces, Ten Million Steps deftly mixes practical considerations of an almost unimaginable undertaking with the author's trademark humor and philosophical musings.
