A Little Log Cabin in the Corner of Heaven

Starting a corporation (C-corporation or S-corporation)? Started a corporation and need to issue common stock certificates that look professional and are easy to use? If yes, then this book is for you! What is a corporation? A corporation is a legal entity that is separate and distinct from its owners (aka stockholders or shareholders). What is a stock certificate? A stock certificate represents ownership in a corporation. All states require corporations to properly document the number of shares issued, the par value of each share, the type of stock issued (common vs. preferred), and the name of each shareholder. Generally, stock certificates are issued during the initial meeting of the Board of Directors. A stock transfer ledger is also used to record the initial issuance of common stock and the transfer of shares whenever buy-sell transactions occur during the corporation's existence. This book contains 20 blank common stock certificates (for the use of any corporation formed in the state of Connecticut), a stock transfer ledger to record buy-sell transactions of shares, and bill of sale forms to document the purchase of common stock.

You're making a difference Your purchase of this book helps benefit cancer research. Read below for more details. "Rags to riches to rags" - that saying has endured for centuries through many cultures because family success, whether fame, fortune, or otherwise, rarely survives through the third generation. In the United States, only 30 percent of family businesses make it through the second generation, while only 12 percent make it through the third. "You Can't Spend Pride" tells the story of one family business, Mister Kleen, that has defied the odds. Not only are three generations of the family working in the company, but Mister Kleen has grown to be a multi-million-dollar operation that ranks among the top 10 percent of businesses in its industry. Narrated as a first-person account by the co-founder, Mary Ann Clark, and her son and current company president, Ernie Clark Jr., "You Can't Spend Pride" tells the improbable story of how the family built their business from cleaning one client's office in the evenings to maintaining millions of square feet of high-security and commercial space throughout the Washington, D.C. area. And success certainly didn't happen overnight. The family fought through financial challenges, health issues, and many bad economic times over the course of decades to get the business on solid ground-now employing more than 400 people. "You Can't Spend Pride" is a must-read for anyone looking to start their own company, having difficulty growing their current company, and most certainly for anyone running a family business. Filled with stories and solid entrepreneurial advice, you'll find yourself immersed in the inspirational history of Mister Kleen as it rises from a home-based business in 1976 to the trusted leader in high-security and commercial cleaning in the Nation's Capital. All proceeds from the sale of this book go to the Cancer Research Institute For a minimum of one year, beginning May 20, 2014, Mister Kleen will donate to the Cancer Research Institute 100 percent of the proceeds (\$3.53 for each paperback copy, \$2.40 for each Kindle copy) of "You Can't Spend Pride" sold on Amazon.com. Your purchase of this book is making a difference by providing funding to one of the most significant organizations in the fight against cancer. The Cancer Research Institute (CRI) is the world's only nonprofit organization dedicated exclusively to harnessing the immune system's power to conquer all cancers. This important work has led to a promising new class of cancer treatments called cancer immunotherapy. These treatments mobilize, strengthen, and sustain the immune system's natural ability to destroy cancer cells, wherever they are in the body. CRI awards research grants and fellowships to support scientists at leading research universities and clinics around the world. To accomplish this, CRI relies on generous support from individuals, corporations, and foundations who have a desire to become partners in their effort to conquer cancer through immunology.
