How to Stop Losing Your Sh*t with Your Kids

In this New York Times bestseller, Ijeoma Oluo offers a hard-hitting but user-friendly examination of race in America. Widespread reporting on aspects of white supremacy -- from police brutality to the mass incarceration of Black Americans -- has put a media spotlight on racism in our society. Still, it is a difficult subject to talk about. How do you tell your roommate her jokes are racist? Why did your sister-in-law take umbrage when you asked to touch her hair -- and how do you make it right? How do you explain white privilege to your white, privileged friend? In *So You Want to Talk About Race*, Ijeoma Oluo guides readers of all races through subjects ranging from intersectionality and affirmative action to "model minorities" in an attempt to make the seemingly impossible possible: honest conversations about race and racism, and how they infect almost every aspect of American life. "Oluo gives us -- both white people and people of color -- that language to engage in clear, constructive, and confident dialogue with each other about how to deal with racial prejudices and biases." -- National Book Review "Generous and empathetic, yet usefully blunt . . . it's for anyone who wants to be smarter and more empathetic about matters of race and engage in more productive anti-racist action." -- Salon (Required Reading)

How to Talk So Kids Will Listen & Listen So Kids Will Talk

Michel Foucault offers an iconoclastic exploration of why we feel compelled to continually analyze and discuss sex, and of the social and mental mechanisms of power that cause us to direct the questions of what we are to what our sexuality is.

Summary

Our super-speed, electronically driven workplace has begun eroding our ability to talk and, what's more, to listen. Yet we must all keep presenting ourselves and our ideas verbally, in person, to make that final sale or get ahead. That means you need new verbal and visual approaches to everything from giving a presentation, handling a client, making an impact at a meeting, or just selling yourself. Sonya Hamlin is one of the country's leading communication experts. She tackles the new issues in the workplace, rewriting her previous best-selling *How to Talk So People Listen* to provide a host of new techniques for getting what you want at work today. She covers all your workplace communication needs to discover and return to every time you have to present yourself or your ideas. This book is written for everyone, from the entry-level employee to the executive. Hamlin delivers groundbreaking insights and solutions to some of today's major communication issues at work: negotiating the generation gaps, integrating a multicultural workforce, organizing your message and making it visual, and understanding what motivates today's audiences. She provides unique, innovative tools in an informal, practical style. This is an invaluable resource for achieving one's goals through skillful, compelling communication techniques.

The History of Sexuality

Until now, freedom-minded parents had no educational material to teach their children the concepts of liberty. The Tuttle Twins series of books helps children learn about political and economic principles in a fun and engaging manner. With colorful illustrations and a fun story, your children will follow Ethan and Emily as they learn about liberty!

So You Want to Talk About Race

By presenting the popular 1-2-3 Magic parenting program from a child's point of view, this innovative guide provides kids with a thorough understanding of the disciplinary system—from the counting and time-out methods parents will be using to how better behavior benefits the entire family and leaves more time for play. Storytelling portions are coupled with copious illustrations to help describe the basic tenets of 1-2-3 Magic—such as positive reinforcement, charting, and the docking system—while a question-and-answer section outlines common situations, including What if I don't go to my room? Will I still be counted if I have a friend over? and What kinds of things can we do for one-on-one fun? Crossword puzzles, word searches, and journal suggestions further encourage children to apply what they've learned about the methods.

Mind: A Journey to the Heart of Being Human (Norton Series on Interpersonal Neurobiology)

"In keeping with person-centered theory and therapy, John and Rita Sommers-Flanagan have produced a book that will be immensely helpful for professionals who work with parents. Throughout the pages, there are many examples of practitioners honoring and respecting parents and listening deeply to how best be of help. I am delighted that this book continues to echo and expand on my father's work." —Natalie Rogers, PhD, REAT, author, *The Creative Connection* and *The Creative Connections for Groups* "Because parenting can be such a dizzying task, professionals working with parents need to have intelligible, compassionate, and ethical principles to guide their work. John and Rita Sommers-Flanagan have mastered this complex terrain, and we are fortunate, in this articulate and accessible book, to gain from their exceptional experience and wisdom." —Andrew Peterson, EdD, author, *The Next Ten*

Minutes: 51 Absurdly Simple Ways to Seize the Moment Step-by-step guidance for building healthy dialogues with parents that open communication and promote positive outcomes Embracing the uniqueness of every parent, family situation, and practitioner, How to Listen so Parents Will Talk and Talk so Parents Will Listen helps professionals address the parent-child problems that families often find puzzling or challenging and for which they seek support and guidance. How to Listen so Parents Will Talk and Talk so Parents Will Listen features many specific interventions and methods for helping parents implement developmentally appropriate and scientifically supported strategies for building healthy parent-child relationships and working through the most common conflicts encountered in families. It includes: Tips for creating a positive therapist-client experience with parents Guidelines for working with a variety of parents Parenting tip sheets and homework assignments Case studies focusing on many different parenting problems, including the strong-willed child, divorce, homework battles, spanking, and more How to Listen so Parents Will Talk and Talk so Parents Will Listen will help you develop positive relationships with parents so that constructive two-way dialogue can be established. Even the most difficult and resistant parents can be successfully engaged through the helpful strategies, advice, and tools found in this practical guide.

How the Other Half Learns

Stop the yelling, lose the guilt, and become a calmer, happier parent. Drawing on evidence-based practices, here is an insight-packed and tip-filled plan for how to stop the parental meltdowns. Its compassionate, pragmatic approach will help readers feel less ashamed and more empowered to get their, ahem, act together instead of losing it. "Using a powerful combination of humor and reality checks, Naumburg helps parents unpack their unique stressors (we all have them) and find ways to stay calm even the most frustrating of family moments." —Katie Hurley, LCSW, author of *No More Mean Girls* and *The Happy Kid Handbook* "By the end not only are you laughing out loud, but you've gained a sense of self-compassion and a concrete action plan."—Rebecca Schrag Hershberg, PhD, author of *The Tantrum Survival Guide*

Ask a Manager

"From his decades of research and work with thousands of families, leading authority Russell A. Barkley knows how overwhelming the everyday challenges of ADHD can be. This unique book guides parents to help their child or teen thrive and keep their loving connection strong, even in hot-button situations. Dr. Barkley presents 12 key parenting principles that address the most common problems that ADHD poses, such as family conflicts, difficult behavior, school problems, out-of-control emotions, and parental stress. He shows how cultivating a mindset of acceptance and compassion--together with an understanding of the executive function deficits of ADHD--gives parents powerful new tools for supporting their child's success. Concise, inspiring, and filled with quick-reference lists and tips, this is the perfect book for parents to read cover to cover or pick up any time they need extra support"--

How To Talk So Kids Can Learn

NATIONAL BOOK FOUNDATION 5 UNDER 35 PICK. LONGLISTED FOR THE CENTER FOR FICTION'S FIRST NOVEL PRIZE. Named one of the Best Books of 2018 by NPR, Bookforum and Bustle. One of Entertainment Weekly's 10 Best Debut Novels of 2018. An Amazon Best Book of the

Month and named a fall read by BuzzFeed, Nylon, Entertainment Weekly, Elle, Vanity Fair, Vulture, Refinery29 and Mind Body Green A gorgeous, raw debut novel about a young woman braving the ups and downs of motherhood in a fractured America In Lydia Kiesling's razor-sharp debut novel, *The Golden State*, we accompany Daphne, a young mother on the edge of a breakdown, as she flees her sensible but strained life in San Francisco for the high desert of Altavista with her toddler, Honey. Bucking under the weight of being a single parent—her Turkish husband is unable to return to the United States because of a “processing error”—Daphne takes refuge in a mobile home left to her by her grandparents in hopes that the quiet will bring clarity. But clarity proves elusive. Over the next ten days Daphne is anxious, she behaves a little erratically, she drinks too much. She wanders the town looking for anyone and anything to punctuate the long hours alone with the baby. Among others, she meets Cindy, a neighbor who is active in a secessionist movement, and befriends the elderly Alice, who has traveled to Altavista as she approaches the end of her life. When her relationships with these women culminate in a dangerous standoff, Daphne must reconcile her inner narrative with the reality of a deeply divided world. Keenly observed, bristling with humor, and set against the beauty of a little-known part of California, *The Golden State* is about class and cultural breakdowns, and desperate attempts to bridge old and new worlds. But more than anything, it is about motherhood: its voracious worry, frequent tedium, and enthralling, wondrous love.

1-2-3 Magic for Kids

The leading experts on parent-child communication show parents and teachers how to motivate kids to learn and succeed in school. Using the unique communication strategies, down-to-earth dialogues, and delightful cartoons that are the hallmark of their multimillion-copy bestseller *How to Talk So Kids Will Listen and Listen So Kids Will Talk*, Adele Faber and Elaine Mazlish show parents and teachers how to help children handle the everyday problems that interfere with learning. This breakthrough book demonstrates how parents and teachers can join forces to inspire kids to be self-directed, self-disciplined, and responsive to the wonders of learning.

How to Talk So People Listen

From the authors of *The Whole-Brain Child* and *No-Drama Discipline*, an indispensable guide to unlocking your child's innate capacity for resilience, compassion, and creativity. When facing contentious issues such as screen time, food choices, and bedtime, children often act out or shut down, responding with reactivity instead of receptivity. This is what New York Times bestselling authors Daniel J. Siegel and Tina Payne Bryson call a No Brain response. But our kids can be taught to approach life with openness and curiosity. When kids work from a Yes Brain, they're more willing to take chances and explore. They're more curious and imaginative. They're better at relationships and handling adversity. In *The Yes Brain*, the authors give parents skills, scripts, and activities to bring kids of all ages into the beneficial "yes" state. You'll learn * the four fundamentals of the Yes Brain--balance, resilience, insight, and empathy--and how to strengthen them * the key to knowing when kids need a gentle push out of a comfort zone vs. needing the "cushion" of safety and familiarity * strategies for navigating away from negative behavioral and emotional states (aggression and withdrawal) and expanding your child's capacity for positivity *The Yes Brain* is an essential tool for nurturing positive potential and keeping your child's inner spark glowing and growing strong. Praise for *The Yes Brain* "This unique and exciting book shows us how to help children embrace life with all of its challenges and thrive in the modern world. Integrating research from social development, clinical psychology, and neuroscience, it's a veritable treasure chest of parenting insights and

techniques."--Carol S. Dweck, Ph.D., author of *Mindset* "I have never read a better, clearer explanation of the impact parenting can have on a child's brain and personality."--Michael Thompson, Ph.D. "Easily assimilated and informative, the book will help adults enable children to lead physically and emotionally satisfying and well-rounded lives filled with purpose and meaningful relationships. Edifying, easy-to-understand scientific research that shows the benefits that accrue when a child is encouraged to be inquisitive, spirited, and intrepid."--Kirkus Reviews

The Montessori Toddler

A rigorous, compelling and balanced examination of the British public school system and the inequalities it entrenches. Private schools are institutions that children who are already privileged attend and have those privileges further entrenched, almost certainly for life, through a high-quality, richly-resourced education. *The Engines of Privilege* contends that in a society that mouths the virtues of equality of opportunity, of fairness and of social cohesion, the continuation of this educational apartheid amounts to an act of national self-harm that does all of us serious damage. Intrinsic to any vision of the future of Britain has to be the nature of our educational system. Yet the quality of conversation on the issue of private education remains surprisingly sterile, patchy and highly subjective. Accessible, evidence-based and inclusive, *Engines of Privilege* aims to kick-start a long overdue national debate. Clear, vigorous prose is combined with forensic analysis to compelling effect, illuminating the painful contrast between the importance of private schools in British society and the near-absence of serious, policy-making debate, above all on the left.

How to Talk So Your Kids Will Listen (Large Print 16pt)

The Tuttle Twins Learn About The Law

In this fully revised and expanded second edition, *Setting Limits* author Robert MacKenzie is back with even more time-proven methods for dealing with misbehavior and creating positive, respectful, and rewarding relationships with children prone to acting out and disobedience. Disruptive misbehavior, constant power struggles, manipulative or aggressive behavior--the challenges facing parents and teachers of strong-willed children can seem overwhelming at times. That's why thousands of parents and educators have turned to the solutions in *Setting Limits With Your Strong-Willed Child*. This revised and expanded second edition offers the most up-to-date alternatives to punishment and permissiveness--moving beyond traditional methods that wear you down and get you nowhere, and zeroing in on what really works so parents can use their energy in more efficient and productive ways. With fully updated guidelines on parenting tools like "logical consequences," and examples drawn directly from the modern world that children deal with each day, this is an invaluable resource for anyone wondering how to effectively motivate strong-willed children and instill proper conduct. From the Trade Paperback edition.

How to Talk So Teens Will Listen and Listen So Teens Will Talk

From the widely acclaimed HOW TO TALK series, discover how to cope with - and deflect - sibling rivalry. Full of humour and compassion, *SIBLINGS*

WITHOUT RIVALRY challenges the idea that constant conflict between siblings is natural and unavoidable. With this book, you'll learn how to: · Avoid comparisons and the perils of equality. · Intervene helpfully and step away at the right time. · Encourage good feeling between your children.

The Golden State

Details a program for improving communication between parents and children, providing sample dialogues and role-playing exercises.

Fly Away

The renowned #1 New York Times bestselling authors share their advice and expertise with parents and teens in this accessible, indispensable guide to surviving adolescence. Adele Faber and Elaine Mazlish transformed parenting with their breakthrough, bestselling books *Siblings Without Rivalry* and *How to Talk So Kids Will Listen & Listen So Kids Will Talk*. Now, they return with this essential guide that tackles the tough issues teens and parents face today. Filled with straightforward advice and written in their trademark, down-to-earth style sure to appeal to both parents and teens, this all-new volume offers both innovative, easy-to-implement suggestions and proven techniques to build the foundation for lasting relationships. From curfews and cliques to sex and drugs, it gives parents the tools to help their children safely navigate the often stormy years of adolescence.

12 Principles for Raising a Child with ADHD

Offers parents advice and techniques for peaceful interaction between siblings by providing anecdotes, true stories, humor, and compassion.

Every Conceivable Way

Good parenting depends on good communication. The problem is, we parents tend to over-talk. Not only is this ineffective, it discourages children from sharing what's on their hearts. In this immensely practical book, communications expert Becky Harling shares the best listening practices to transform your family's relationships and set your children up for success, including how to · help them express their feelings in healthy ways · listen to affirm their strengths · model how to navigate conflict with grace · listen to God, knowing that he "bends down to listen" to us (Psalm 116:2 nlt) Whether your son or daughter is in preschool, grade school, or high school, intentional listening will help them feel heard, valued, and empowered to find their unique voice. The practices you put into place now will set a foundation for strong relationships into adulthood.

How to Talk So Kids Will Listen & Listen So Kids Will Talk

This is a summary of *How to Talk So Kids Will Listen* and *Listen So Kids Will Talk* by Adele Faber and Elaine Mazlish

How to Talk So Little Kids Will Listen

The #1 New York Times bestselling author returns to the characters in Firefly Lane in her next blockbuster novel, Fly Away. Once, a long time ago, I walked down a night-darkened road called Firefly Lane, all alone, on the worst night of my life, and I found a kindred spirit. That was our beginning. More than thirty years ago. Tully and Kate. You and me against the world. Best friends forever. But stories end, don't they? You lose the people you love and you have to find a way to go on. . . . Tully Hart has always been larger than life, a woman fueled by big dreams and driven by memories of a painful past. She thinks she can overcome anything until her best friend, Kate Ryan, dies. Tully tries to fulfill her deathbed promise to Kate---to be there for Kate's children---but Tully knows nothing about family or motherhood or taking care of people. Sixteen-year-old Marah Ryan is devastated by her mother's death. Her father, Johnny, strives to hold the family together, but even with his best efforts, Marah becomes unreachable in her grief. Nothing and no one seems to matter to her . . . until she falls in love with a young man who makes her smile again and leads her into his dangerous, shadowy world. Dorothy Hart---the woman who once called herself Cloud---is at the center of Tully's tragic past. She repeatedly abandoned her daughter, Tully, as a child, but now she comes back, drawn to her daughter's side at a time when Tully is most alone. At long last, Dorothy must face her darkest fear: Only by revealing the ugly secrets of her past can she hope to become the mother her daughter needs. A single, tragic choice and a middle-of-the-night phone call will bring these women together and set them on a poignant, powerful journey of redemption. Each has lost her way, and they will need each one another---and maybe a miracle---to transform their lives. An emotionally complex, heart-wrenching novel about love, motherhood, loss, and new beginnings, Fly Away reminds us that where there is life, there is hope, and where there is love, there is forgiveness. Told with her trademark powerful storytelling and illuminating prose, Kristin Hannah reveals why she is one of the most beloved writers of our day.

The Invisible Life of Addie LaRue

Janet Lansbury's advice on respectful parenting is quoted and shared by millions of readers worldwide. Inspired by the pioneering parenting philosophy of her friend and mentor, Magda Gerber, Janet's influential voice encourages parents and child care professionals to perceive babies as unique, capable human beings with natural abilities to learn without being taught; to develop motor and cognitive skills; communicate; face age appropriate struggles; initiate and direct independent play for extended periods; and much more. Once we are able to view our children in this light, even the most common daily parenting experiences become stimulating opportunities to learn, discover, and to connect with our child. "Elevating Child Care" is a collection of 30 popular and widely read articles from Janet's website that focus on some of the most common infant/toddler issues: eating, sleeping, diaper changes, communication, separation, focus and attention span, creativity, boundaries, and more. Eschewing the quick-fix 'tips and tricks' of popular parenting culture, Janet's insightful philosophy lays the foundation for a closer, more fulfilling parent/child relationship, and children who grow up to be authentic, confident, successful adults.

The Kazdin Method for Parenting the Defiant Child

A New York Times Bestseller. A scientist's exploration into the mysteries of the human mind. What is the mind? What is the experience of the self truly

made of? How does the mind differ from the brain? Though the mind's contents—its emotions, thoughts, and memories—are often described, the essence of mind is rarely, if ever, defined. In this book, noted neuropsychiatrist and New York Times best-selling author Daniel J. Siegel, MD, uses his characteristic sensitivity and interdisciplinary background to offer a definition of the mind that illuminates the how, what, when, where, and even why of who we are, of what the mind is, and what the mind's self has the potential to become. *MIND* takes the reader on a deep personal and scientific journey into consciousness, subjective experience, and information processing, uncovering the mind's self-organizational properties that emerge from both the body and the relationships we have with one another, and with the world around us. While making a wide range of sciences accessible and exciting—from neurobiology to quantum physics, anthropology to psychology—this book offers an experience that addresses some of our most pressing personal and global questions about identity, connection, and the cultivation of well-being in our lives.

How to Listen So Your Kids Will Talk

“Every Who down in Who-ville liked Christmas a lot . . . but the Grinch, who lived just north of Who-ville, did NOT!” Not since “’Twas the night before Christmas” has the beginning of a Christmas tale been so instantly recognizable. No holiday season is complete without the Grinch, Max, Cindy-Lou, and all the residents of Who-ville, in this heartwarming story about the effects of the Christmas spirit on even the smallest and coldest of hearts. Like mistletoe, candy canes, and caroling, the Grinch is a mainstay of the holidays, and his story is the perfect gift for young and old. This Read & Listen edition contains audio narration.

I Know Why the Caged Bird Sings

A groundbreaking guide to raising responsible, capable, happy kids Based on the latest research on brain development and extensive clinical experience with parents, Dr. Laura Markham's approach is as simple as it is effective. Her message: Fostering emotional connection with your child creates real and lasting change. When you have that vital connection, you don't need to threaten, nag, plead, bribe—or even punish. This remarkable guide will help parents better understand their own emotions—and get them in check—so they can parent with healthy limits, empathy, and clear communication to raise a self-disciplined child. Step-by-step examples give solutions and kid-tested phrasing for parents of toddlers right through the elementary years. If you're tired of power struggles, tantrums, and searching for the right “consequence,” look no further. You're about to discover the practical tools you need to transform your parenting in a positive, proven way.

Peaceful Parent, Happy Kids

Turn your home into a Montessori home—and become a more mindful, attentive, and easygoing parent. It's time to change the way we see toddlers. Using the principles developed by the educator Dr. Maria Montessori, Simone Davies shows how to turn life with a “terrible two” into a mutually rich and rewarding time of curiosity, learning, respect, and discovery. With hundreds of practical ideas for every aspect of living with a toddler, here are five principles for feeding your child's natural curiosity, from “Trust in the child” to “Fostering a sense of wonder.” Step-by-step ways to cultivate daily

routines with ease, like brushing teeth, toilet-training, dealing with siblings, losing the pacifier. Plus learn how to: Stay composed when your toddler is not and set limits with love and respect—without resorting to bribes or punishment Set up your home and get rid of the chaos Create Montessori activities that are just right for your one-to-three-year-old Raise an inquisitive learner who loves exploring the world around them See the world through your toddler's eyes and be surprised and delighted by their perspective Be your child's guide—and truly celebrate every stage

The Whole-Brain Child

Outlines practical parenting strategies from the toddler years through preadolescence that focus on productive and peaceful disciplinary methods while promoting positive neural connections.

The Catcher in the Rye

AN INSTANT NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER NATIONAL INDIE BESTSELLER THE WASHINGTON POST BESTSELLER #1 Indie Next Pick and #1 LibraryReads Pick - October 2020 Recommended by Entertainment Weekly, Real Simple, NPR, Slate, and Oprah Magazine A “Best Of” Book From: CNN *Amazon Editors * Goodreads * Bustle * PopSugar * BuzzFeed * Barnes & Noble * Kirkus Reviews * Lambda Literary * Nerdette * The Nerd Daily * Polygon * Library Reads * io9 * Smart Bitches Trashy Books * LiteraryHub * Medium * BookBub * The Mary Sue * Chicago Tribune * NY Daily News * SyFy Wire * Powells.com * Bookish * Book Riot * In the vein of *The Time Traveler's Wife* and *Life After Life*, *The Invisible Life of Addie LaRue* is New York Times bestselling author V. E. Schwab's genre-defying tour de force. A Life No One Will Remember. A Story You Will Never Forget. France, 1714: in a moment of desperation, a young woman makes a Faustian bargain to live forever—and is cursed to be forgotten by everyone she meets. Thus begins the extraordinary life of Addie LaRue, and a dazzling adventure that will play out across centuries and continents, across history and art, as a young woman learns how far she will go to leave her mark on the world. But everything changes when, after nearly 300 years, Addie stumbles across a young man in a hidden bookstore and he remembers her name. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Siblings Without Rivalry

Features a step-by-step method for parents that experience problems with their children; discusses seven myths of parenting; and offers advice for solving common issues with children in different age groups, from toddlers to adolescents.

We Need to Talk About Kevin

The inspiration for the film starring Tilda Swinton and John C. Reilly, this resonant story of a mother's unsettling quest to understand her teenage son's deadly violence, her own ambivalence toward motherhood, and the explosive link between them remains terrifyingly prescient. Eva never really wanted to

be a mother. And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a much-adored teacher in a school shooting two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child's character. But Eva was always uneasy with the sacrifices and social demotion of motherhood. Did her internalized dislike for her own son shape him into the killer he's become? How much is her fault? Now, two years later, it is time for her to come to terms with Kevin's horrific rampage, all in a series of startlingly direct correspondences with her estranged husband, Franklin. A piercing, unforgettable, and penetrating exploration of violence and responsibility, a book that the Boston Globe describes as "impossible to put down," is a stunning examination of how tragedy affects a town, a marriage, and a family.

Engines of Privilege

From the ten-time New York Times bestselling author of *Ultrametabolism*, *The Blood Sugar Solution*, and *Eat Fat, Get Thin* comes *The UltraMind Solution*. —Do you find it next to impossible to focus or concentrate? —Have you ever experienced instant clarity after exercise? Alertness after drinking coffee? —Does your brain inexplicably slow down during stress, while multitasking, or when meeting a deadline? —Do you get anxious, worried, or stressed-out frequently? In *The UltraMind Solution*, Dr. Mark Hyman explains that to fix your broken brain, you must heal your body first. Through his simple six-week plan, Dr. Hyman shows us how to correct imbalances caused by nutritional deficiencies, allergens, infections, toxins, and stress, restoring our health and gaining an UltraMind—one that's highly focused, able to pay attention at will, has a strong memory, and leaves us feeling calm, confident, in control, and in good spirits.

Liberated Parents, Liberated Children

The promise of public education is excellence for all. But that promise has seldom been kept for low-income children of color in America. In *How the Other Half Learns*, teacher and education journalist Robert Pondiscio focuses on Success Academy, the network of controversial charter schools in New York City founded by Eva Moskowitz, who has created something unprecedented in American education: a way for large numbers of engaged and ambitious low-income families of colour to get an education for their children that equals and even exceeds what wealthy families take for granted. Her results are astonishing, her methods unorthodox. Decades of well-intended efforts to improve our schools and close the 'achievement gap' have set equity and excellence at war with each other: If you are wealthy, with the means to pay private school tuition or move to an affluent community, you can get your child into an excellent school. But if you are poor and black or brown, you have to settle for 'equity a

How the Grinch Stole Christmas! Read & Listen Edition

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is

attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

No-drama Discipline

From Toddlers to Teenagers; Connecting with Your Children at Every Age H. Norman Wright provides practical advice and encouragement to parents on how they can learn their child's emotional language, unlocking the door to their child's heart and vastly improved relationships! Contrary to popular belief, it is possible to talk so that both children and teens will listen. This book will take the frustration out of parents' interactions with their kids when they master Child speak and Teen speak. All it takes is learning to package words in such a manner that kids and teens want to listen. These principles of parent-child communication are time-tested and proven approaches that will change and improve family communication.

The Yes Brain

A must-have resource for anyone who lives or works with young kids, with an introduction by Adele Faber, coauthor of *How to Talk So Kids Will Listen & Listen So Kids Will Talk*, the international mega-bestseller *The Boston Globe* dubbed “The Parenting Bible.” For over thirty-five years, parents have turned to *How to Talk So Kids Will Listen & Listen So Kids Will Talk* for its respectful and effective solutions to the unending challenges of raising children. Now, in response to growing demand, Adele’s daughter, Joanna Faber, along with Julie King, tailor *How to Talk*’s powerful communication skills to children ages two to seven. Faber and King, each a parenting expert in her own right, share their wisdom accumulated over years of conducting *How To Talk* workshops with parents and a broad variety of professionals. With a lively combination of storytelling, cartoons, and fly-on-the-wall discussions from their workshops, they provide concrete tools and tips that will transform your relationship with the young kids in your life. What do you do with a little kid who...won’t brush her teeth...screams in his car seat...pinches the babyrefuses to eat vegetables...throws books in the libraryruns rampant in the supermarket? Organized according to common challenges and conflicts, this book is an essential emergency first-aid manual of communication strategies, including a chapter that addresses the special needs of children with sensory processing and autism spectrum disorders. This user-friendly guide will empower parents and caregivers of young children to forge rewarding, joyful relationships with terrible two-year-olds, truculent three-year-olds, ferocious four-year-olds, foolhardy five-year-olds, self-centered six-year-olds, and the occasional semi-civilized seven-year-old. And, it will help little kids grow into self-reliant big kids who are cooperative and connected to their parents, teachers, siblings, and peers.

How To Talk: Siblings without Rivalry

The ideal graduation gift for anyone about to enter the workforce, a witty, practical guide to 200 difficult professional conversations—featuring all-new

advice from the creator of the popular website Ask a Manager and New York's work-advice columnist. There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Advance praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Clear and concise in its advice and expansive in its scope, Ask a Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)."—Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck

Elevating Child Care: A Guide to Respectful Parenting

Details a program for improving communication between parents and children, providing sample dialogues, role-playing exercises, and humorous yet illuminating cartoons

Setting Limits with Your Strong-Willed Child

The Companion Volume to How to Talk So Kids Will Listen & Listen So Kids Will Talk In this honest, illuminating book, internationally acclaimed parenting experts Adele Faber and Elaine Mazlish bring to life the principles of famed child psychologist Dr. Haim Ginott, and show how his theories inspired the changes they made in their relationships with their own children. By sharing their experiences, as well as those of other parents, Faber and Mazlish provide moving and convincing testimony to their new approach and lay the foundation for the parenting workshops they subsequently created that have been used by thousands of groups worldwide to bring out the best in both children and parents. Wisdom, humor, and practical advice are the hallmarks of this indispensable book that demonstrates the kind of communication that builds self-esteem, inspires confidence, encourages responsibility, and makes a major contribution to the stability of today's family.

The UltraMind Solution

NEW YORK TIMES BESTSELLER • The authors of No-Drama Discipline and The Yes Brain explain the new science of how a child's brain is wired and how it matures in this pioneering, practical book. "Simple, smart, and effective solutions to your child's struggles."—Harvey Karp, M.D. In this pioneering,

practical book, Daniel J. Siegel, neuropsychiatrist and author of the bestselling *Mindsight*, and parenting expert Tina Payne Bryson offer a revolutionary approach to child rearing with twelve key strategies that foster healthy brain development, leading to calmer, happier children. The authors explain—and make accessible—the new science of how a child’s brain is wired and how it matures. The “upstairs brain,” which makes decisions and balances emotions, is under construction until the mid-twenties. And especially in young children, the right brain and its emotions tend to rule over the logic of the left brain. No wonder kids throw tantrums, fight, or sulk in silence. By applying these discoveries to everyday parenting, you can turn any outburst, argument, or fear into a chance to integrate your child’s brain and foster vital growth. Complete with age-appropriate strategies for dealing with day-to-day struggles and illustrations that will help you explain these concepts to your child, *The Whole-Brain Child* shows you how to cultivate healthy emotional and intellectual development so that your children can lead balanced, meaningful, and connected lives. “[A] useful child-rearing resource for the entire family . . . The authors include a fair amount of brain science, but they present it for both adult and child audiences.”—Kirkus Reviews “Strategies for getting a youngster to chill out [with] compassion.”—The Washington Post “This erudite, tender, and funny book is filled with fresh ideas based on the latest neuroscience research. I urge all parents who want kind, happy, and emotionally healthy kids to read *The Whole-Brain Child*. This is my new baby gift.”—Mary Pipher, Ph.D., author of *Reviving Ophelia* and *The Shelter of Each Other* “Gives parents and teachers ideas to get all parts of a healthy child’s brain working together.”—Parent to Parent

How to Listen so Parents Will Talk and Talk so Parents Will Listen

Every Conceivable Way recounts one couple’s nine-year quest to become parents, while giving an inside peek into the IVF and surrogacy industries, the fertility merry-go-round, and what it’s like to live for years with uncertainty.

After relocating to Australia from New York, Despina Meris and her husband, Bill, settle down to baby-making. What they never expect is a string of heartbreaking unexplained miscarriages, even with the help of IVF. They turn to surrogacy – first in India, then in the Ukraine and finally in Thailand, where their baby is conceived.

But more drama unfolds when, overnight, they are caught up in the Thai government crackdown on commercial surrogacy, leaving them with no way of contacting their pregnant surrogate.

Every Conceivable Way, a real-life story that is stranger than fiction, asks how far you would go before you call it quits, when it seems like all the odds are stacked against you.
