Doctored: The Disillusionment of an American Physician

The Applicant's Manual of Physician Assistant Programs provides prospective PA program applicants with detailed information regarding all accredited PA programs in the United States. We also provide helpful tips for applicants to improve their chances at success during the application process, as well as statistics at the national and program level so that applicants can see where they stack up compared to the competition. The 2018 edition includes: - The addition of many new PA programs that have established themselves within the past year - Updated information on the over 225 programs included in the 3rd edition - An updated introduction section including new definitions of patient care experience and health care experience per CASPA guidelines - GRE codes for schools requiring this exam for admissions - Average age of accepted applicants for specific schools - Recommended coursework beyond absolute required prerequisites - Expanded prerequisite information including grade requirements and timeline for completion of coursework - Appendices that include schools listed by distinguishing features - Yellow Ribbon status for each program Find your perfect program and give yourself a competitive edge!

The House of God

Gives practical advice on breaking writer's block, making the most

Cutting for Stone

A poetic and visually breathtaking look at what happens inside your body when you breathe What happens when you breathe? In this beautiful book, breath—the very air, stardust, the grand molecules of the universe—blossoms in the upside-down tree in your rising chest, animating and enlivening you. And when you breathe out, you send your song out into the world.

No Man's Land

Business Book of the Year--Association of Business Journalists
From the New York Times bestselling author of Unaccountable comes an eye-opening, urgent look at America's broken health care system--and the people who are saving it. "A must-read for every American." --Steve Forbes, editor-in-chief, FORBES One in five Americans now has medical debt in collections and rising health care costs today threaten every small business in America. Dr. Makary, one of the nation's leading health care experts, travels across America and details why health care has become a bubble. Drawing from on-the-ground stories, his research, and his own experience, *The Price We Pay* paints a vivid picture of price-gouging, middlemen, and a series of elusive money games in need of a serious shake-up. Dr. Makary shows how so much of health care spending goes to things that have nothing to do with health and what you can do about it. Dr. Makary challenges the medical establishment to remember medicine's noble heritage of caring for people when they are vulnerable. *The Price We Pay* offers a roadmap for everyday Americans and business leaders to get a better deal on their health care, and profiles the disruptors who are

innovating medical care. The movement to restore medicine to its mission, Makary argues, is alive and well--a mission that can rebuild the public trust and save our country from the crushing cost of health care.

How to Ace the Physician Assistant School Interview, 2nd Edition

In medical training, our job is to hone our craft by learning and practicing the best possible medicine for our patients.

Unfortunately, medical training isn't free. With the substantial debt burden facing graduating medical students, it has become increasingly important to know how to navigate the choppy waters of personal finance. With sharks in the water, no training on personal finance, and little time to spare on such an important topic, this short primer aims to teach you only what you need to know about personal finance so that you can focus on taking good care of patients. If you are ready to learn how to effectively pay down your student loans, invest efficiently, and achieve financial freedom early

The Story Cure

Entering its 6th edition, *Physician Assistant: A Guide to Clinical Practice* is the only text that covers all aspects of the physician assistant profession, the PA curriculum, and the PA's role in clinical practice. It is designed as a highly visual and practical resource to be used across the spectrum of lifelong learning, enabling students and practicing PAs to thrive in a rapidly changing health care system. Teaches how to prepare for each core clinical rotation and common electives, as well as how to work with atypical patient populations such as homeless patients and patients with disabilities. A succinct, bulleted writing style; convenient tables; practical case studies; and clinical application questions throughout enable you to master key concepts and clinical applications. Helps you master all the core competencies needed for certification or recertification. Addresses all six Physician Assistant Competencies, as well as providing guidance for the newly graduated PA entering practice. Includes quick-use resources, such as objectives and key points sections for each chapter, tip boxes with useful advice, abundant tables and images, and 134 updated case studies. Features chapters for the 7 core clinical rotations and 5 common electives, with key guidance on how to prepare effectively and what to expect. Provides updated health policy information, expanded information about international programs, cultural competencies, and pearls and pitfalls on working internationally as

a PA. Outlines the basic principles of Interprofessional Education – an important new trend in medical education nationally. New chapters cover: Maximizing Your Education, Future of the Profession, Principles of PA Education, Managing Stress and Burnout, and many other topics.

A Doctor's Dozen

The sequel to the bestselling and highly acclaimed *The House of God* One of the most prominent and enduring titles in medical fiction is the biting funny *House of God*, which has sold more than 2 million copies, becoming required reading for generations of medical students and health care professionals. With *Man's 4th Best Hospital*, Samuel Shem "the comic genius and holy terror of medicine"* returns us to the hilarious and heartbreaking world of modern medicine. After *The House of God*, the resident known as *The Fat Man* and his eccentric band of interns scattered to the four corners of the country. Today *Fats*, now rich and famous, has been lured across town to the *House of God's* WASPy rival, *Man's Best Hospital*. But the august institution has sunk from being ranked the best hospital in the country to an embarrassing, and unacceptable, 4th! *Fats'* mission? To help the hospital climb back up the rankings. But as always, he's pursuing his own agenda. . . At his new *Future of Medicine Clinic*, the team comes back together to renew their life-changing friendships and teach a new generation of interns and residents. In a medical landscape dominated by computer screens and corrupted by money, they have a daunting goal: "To put the human back into healthcare." What follows is an emotional and laugh-out-loud novel that reflects the issues in American healthcare today, from the tyranny of computer screens to doctor burnout to the greed of the health insurance industry. * Bill McKibben

from a "vanilla" applicant, to the "Perfect Applicant." The author will teach you how to tailor your answers relative to the PA program(s) that you are interviewing with, by infusing the Qualities, most important to that program, into every answer. You'll also learn how and where to find those Qualities before your interview. This book is the secret weapon you need to blow away the competition and get accepted into the PA school of your choice. Includes sample questions and answers to the toughest interview questions: Traditional questions Behavioral questions Situational questions Ethical questions Illegal questions The author also dedicates an entire chapter to the MMI interview.

Physician Assistant: A Guide to Clinical Practice E-Book

Burnout affects a third of our population and over half of our health professionals. For the second group, the impact is magnified, as consequences play out not only on a personal level, but also on a societal level and lead to medical errors, suboptimal care, low levels of patient satisfaction, and poor clinical outcomes. Achieving wellbeing requires strategies for change. In this book, Dr. Pipas shares twelve lessons and strategies for improved health that she has learned from patients, students, and colleagues over her twenty years working as a family physician. Each lesson is based on observation and research, and begins with a story of an exemplary patient whose challenges and successes reflect the theme of the lesson. Along with the lessons, the author offers plans for action, which taken together create the framework for a healthy life. Each lesson concludes with resources and a "health challenge."

heal itself from cancer, dementia, and dozens of avoidable diseases. Eat your way to better health with this New York Times bestseller. We have long radically underestimated our body's power to transform and restore our health. Pioneering physician scientist, Dr. William Li, empowers readers by showing them the evidence behind over 200 health-boosting foods that can starve cancer, reduce your risk of dementia, and beat dozens of avoidable diseases. This book isn't about what foods to avoid, but rather is a life-changing guide detailing the hundreds of healing foods you can add to your meals that support the body's defense systems, including: Plums Cinnamon Sourdough bread Red wine and beer Black Beans San Marzano tomatoes Olive oil Cheeses like Jarlsberg, Camembert and cheddar With Dr. Li's plan, the foods you already love can be optimized to activate your body's five natural health defense systems--Angiogenesis, Regeneration, Microbiome, DNA Protection, and Immunity--to fight cancer; diabetes; cardiovascular, neurodegenerative, and autoimmune diseases; and other debilitating conditions. Both informative and practical, *Eat to Beat Disease* explains the science of healing and prevention, strategies for using food to actively boost health, and points the study of well-being and disease recovery in an exhilarating new direction.

How to Write Your Own Living Will

Discover the true story of two pioneering suffragette doctors who transformed modern medicine, raised standards for patient care, and shattered social expectations for women in WWI-era London. A month after war broke out in 1914, doctors Flora Murray and Louisa Garrett Anderson set out for Paris, where they opened a

Directors And Faculty Share Their Expectations
For Your Ps School Essay And We Teach You
How To Write It

hospital in a luxury hotel and treated hundreds of casualties plucked from France's battlefields. Although, prior to the war, female doctors were restricted to treating women and children, Flora and Louisa's work was so successful that the British Army asked them to set up a hospital in the heart of London. Nicknamed the Suffragettes' Hospital, Endell Street soon became known for its lifesaving treatments and lively atmosphere. In *No Man's Land*, Wendy Moore illuminates this turbulent moment when women were, for the first time, allowed to operate on men. Their fortitude and brilliance serve as powerful reminders of what women can achieve against all odds.

Man's 4th Best Hospital

In addition, the author offers sound advice on setting financial goals, drawing up appropriate documents, saving for retirement and a child's education, purchasing insurance, and minimizing fees. Dr. Doroghazi's advice is based on many years of personal financial management and investing that have allowed him to pay his own way through college and medical school, to own his own home and a vacation condominium free of debt, to fund his children's education, and to have accumulated sufficient assets to achieve financial security at an early age."--Jacket.

In his acclaimed memoir *Intern*, Sandeep Jauhar chronicled the formative years of his residency at a prestigious New York City hospital. *Doctored*, his harrowing follow-up, observes the crisis of American medicine through the eyes of an attending cardiologist. Hoping for the stability he needs to start a family, Jauhar accepts a position at a massive teaching hospital on the outskirts of Queens. With a decade's worth of elite medical training behind him, he is eager to settle down and reap the rewards of countless sleepless nights. Instead, he is confronted with sobering truths. Doctors' morale is low and getting lower. Blatant cronyism determines patient referrals, corporate ties distort medical decisions, and unnecessary tests are routinely performed in order to generate income. Meanwhile, a single patient in Jauhar's hospital might see fifteen specialists in one stay and still fail to receive a full picture of his actual condition. Provoked by his unsettling experiences, Jauhar has written an introspective memoir that is also an impassioned plea for reform. With American medicine at a crossroads, *Doctored* is the important work of a writer unafraid to challenge the establishment and incite controversy.

powerful, these poems propose voice itself as a kind of therapeutic medium. For all that most ails us, Alternative Medicine offers the balm of song and the salve of the imagination: from the wounds of our stubborn differences of identity, to the pain of alienation in a world of unfeeling technologies, to the shame of the persistent injustices in our society, Campo's poetry displays a deep understanding of hurt as the possibility for healing. Demonstrating an abiding faith in our survival, this stunning, heartfelt book ultimately embraces the great diversity of our ways of knowing and dreaming, of needing and loving, and of living and dying.

So, You Want to Be a Physician

Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid

Marion and Shiva Stone are twin brothers born of a secret union between a beautiful Indian nun and a brash British surgeon.

Orphaned by their mother's death and their father's disappearance and bound together by a preternatural connection and a shared fascination with medicine, the twins come of age as Ethiopia hovers on the brink of revolution. Moving from Addis Ababa to New York City and back again, *Cutting for Stone* is an unforgettable story of love and betrayal, medicine and ordinary miracles—and two brothers whose fates are forever intertwined.

Through the Eyes of a Young Physician Assistant

"Patients and doctors alike are keenly aware that the medical world is in the midst of great change. We live in an era of continuous healthcare reforms, many of which focus on high volume, efficiency, and cost-effectiveness. This compelling, thoughtful book is the response of a practicing physician who explains how population-based reforms are diminishing the relationship between doctor and patients, to the detriment of both. As an antidote to stubbornly held traditions, Dr. Abraham M. Nussbaum suggests ways that doctors and patients can learn what it means to be ill and to seek medical assistance. Drawing on personal stories, validated studies, and neglected history, the author develops a series of metaphors to explore a doctor's role in different healthcare reform scenarios: scientist, technician, author, gardener, teacher, servant, and witness. Each role shapes what physicians see when they encounter a patient. Dr. Nussbaum cautions that true healthcare reform can happen only when those who practice medicine can see, and be seen by, their patients as fellow creatures. His memoir makes a hopeful appeal for change, and his insights reveal the direction that change must take."--Jacket flap.

Alternative Medicine

A collection of cures for writer's block, plotting and characterization issues, and other ailments writers face when completing a novel or memoir, prescribed by the director of creative writing at Ohio University. People want to write the book they know is inside of them, but they run into stumbling blocks that trouble everyone from beginners to seasoned writers. Drawing on his years of teaching at both the university level and at writing workshops across the country, Professor Dinty W. Moore dons his book-doctor hat to present an authoritative guide to curing the issues that truly plague writers at all levels. His hard-hitting handbook provides inspiring

Directors And Faculty Share Their Expectations For Your Pa School Essay And We Teach You How To Write It
solutions for diagnoses such as character anemia, flat plot, and silent voice, and is peppered with flashes of Moore's signature wit and unique take on the writing life.

The Physician's Guide to Personal Finance

When Dr Kate McGarry was diagnosed with an advanced cancer of unknown origin she resolved to write a book to chart her experience: as a woman coming to terms with such devastating news and what this meant to her as a wife and a mother but also, crucially, how she experienced cancer and its treatment as a doctor, who had become a patient. As Kate adjusted to living with cancer and underwent treatment, she enlisted the help of her husband, fellow doctor, Finbar to help her write the book but then she sadly passed away on the 5 January 2018. With no writing experience, and wrestling with his own heartache, Finbar set about finishing their story. The result is a touchingly beautiful memoir about love, grief and togetherness.

The Ultimate Guide to the Physician Assistant Profession

This book covers the theory and practice of writing and speaking in professional settings for practitioners, educators and researchers in healthcare. A thought-provoking work, written by John J. Gartland, MD, Medical Editor at Thomas Jefferson University in Philadelphia and past president of the American Academy of Orthopaedic Surgeons, it will stimulate readers and change their perspectives on all forms of communication with their patients and colleagues. Uniquely, it also shows how to prepare an interesting, well-organized and well-written grant proposal to maximize the chances of obtaining funding. An essential resource for physicians and residents in all specialties, medical students, and educators and

and uncensored portrait of what training to become a doctor is truly like, in all its terror, exhaustion and black comedy. With more than two million copies sold worldwide, it has been hailed as one of the most important medical novels ever written. With an introduction by John Updike

My Own Country

The Applicant's Manual of Physician Assistant Programs provides prospective PA program applicants with detailed information regarding all accredited PA programs in the United States. We also provide helpful tips for applicants to improve their chances at success during the application process, as well as statistics at the national and program level so that applicants can see where they stack up compared to the competition. The 2020 edition includes everything in the 2019 edition plus: (1) The addition of many new PA programs that have established themselves within the past year; (2) Updated information on the over 240 programs included in the 4th edition; (3) Insights from interviews with PA Program Directors; (4) CASPer and PA-CAT testing requirements; (5) Updated Introductory Text and Foreword by Brian Palm, PA-C. Find your perfect program and give yourself a competitive edge!
