Darkness Grows

In an instant everything stops. No lights. No phones. No transportation. How would you get home?When coordinated EMP and Cyber attacks wipe out the nation's power grid, communications and transportation systems, ultra marathon runner, Maddie Langston is forced to run for her life. Stranded in a Chicago airport when the lights go out, Maddie is in a race against time. According to her father, she doesn't have long before the city descends into chaos. She must leave the airport before it is too late. Although she knows she must flee the Windy City, Maddie's first battle is to overcome fear of the violence she knows is coming. She's a fighter; she just doesn't know it yet. The perilous journey out of the city

Read Free Hunted A Post Apocalyptic Emp Survival Thriller Days Of Want Series Book 2

becomes even more difficult when Maddie takes responsibility for an orphaned ten-year-old girl. Together, they must fight to survive as chaos fills the streets and and struggle to survive in a Turbulent new world.Would you have what it takes to survive?This heart-stopping post-apocalyptic thriller is the first book in T. L. Payne's Days of Want Series. Look for Hunted: Days of Want Series Book Two June 2019. Edge of Collapse

In the dead of winter, a super EMP destroys the nation's power grid. No electricity. No cars or phones. Worst of all: No heat. The country is plunged into instant chaos. But for twenty-six-year-old Hannah Sheridan, it's the best day of her life. For the last five years, she's been held captive by a sadistic psychopath--until the EMP releases the lock of her prison.Hannah emerges from her underground cell into a hostile winter landscape with no way to call for help, no vehicle that will drive, armed with nothing but the clothes on her back and her own determination to survive.Liam Coleman, cynical loner and former soldier, is headed nowhere fast. He believed he was prepared for any disaster--until the EMP took everything he'd ever cared about in a matter of seconds. When he runs across a desperate woman who will die without his help, he's forced to make a choice.Two hundred frozen, perilous miles stand between them and their destination in rural Michigan. But the lack of power, desperate people, and the treacherous elements aren't the only threats.Hannah's captor isn't about to let her go. He will hunt her to the ends of the earth and beyond,

Read Free Hunted A Post Apocalyptic Emp Survival Thriller Days Of Want Series Book 2

destroying anything and anyone who gets in his way. For she has something he wants--she's nine months pregnant with his child. Edge of Collapse is a gripping post-apocalyptic EMP thriller perfect for fans of Ryan Schow, Grace Hamilton, Harley Tate, Jack Hunt, and Boyd Craven.

He hated the rules until the power grid failed. Tyler Ford is a tour guide, a brother, and the son of a prepper from Whitefish, Montana. Robbed of a childhood and forced to learn his father's stringent rules of survival for every kind of apocalypse, he couldn't wait to leave home, but when an EMP obliterates the United States electrical grid, takes out communication and stalls vehicles, Tyler must face the past and remember what he taught him if he hopes to make it out of Vegas alive. When chaos erupts, will you know the rules to survive? Erika Lyons just wanted an evening away from the hectic world of hotel management but she got more than she expected. There's only one thing worse than a bad date, that's relying on them to keep you alive. Demanding guests were a challenge, desperate ones, pure hell. As food stops being delivered, vehicles clog up the streets, and society begins to unravel, sin city could be the most dangerous place in America. In a world without power, fighting to stay alive may be the only rule that matters. With no warning, no communication, and planes falling out of the sky, the Ford's may be the only ones who know what it takes to thrive. Can Tyler, and two ordinary strangers survive the perilous journey home to Montana? Can the Ford family hold it together long enough to push back the tide of violence, looters and roving gangs? And will they help the community survive as the world is thrown into darkness? Rules of Survival is book one in

Survival Rules, a post-apocalyptic EMP thriller series following the Ford family and their community as they fight to survive after an EMP destroys the nation's power grid.

The Endless Struggle

The mountain exploded with the power of ten million tons of dynamite

Starborn and Godsons

Five days ago North Korea detonated three nuclear warheads over the United States, triggering an electromagnetic pulse that crippled the country. A second attack destroyed the nerve center of America in a nuclear blast that flattened the nation's capitol. As the government falls apart in the aftermath, the survivors must decide how far they will go to save the ones they love.

Warday

How will you survive when the power goes out? Jim Shepherd always knew the EMP was coming. For years his prepper father had warned him that it was only a matter of time; that eventually someone would be crazy enough to push the button and plunge the US into the darkness. Shep thought he was prepared for the chaos to come. He thought he knew exactly what to do. He was wrong. Abi Ross had no idea when she boarded her train from D.C. to Charlotte that her July 4th was about to go off the rails, literally. She had no clue that she'd soon find herself stranded in rural Virginia, injured and alone, awaiting a rescue that would never come. Could you survive with nothing but the contents of your pockets? When

Read Free Hunted A Post Apocalyptic Emp Survival Thriller Days Of Want Series Book 2

the lights flicker out for the last time Jim and Abi will find out if they have what it takes to survive, stripped of the bubble wrap and cotton wool of modern society. How far will they go to keep breathing? Who will they save? Who will they leave behind to die? And what will they do when they learn that the attack has only just begun? AMERICA DARK is the first book of the Willow Falls EMP survival series, a thrilling tale of what's to come: a war against an enemy the United States is woefully ill-prepared to face. AMERICA DARK was previously published in 2017 as PULSE, book one of the Little Rocket Man series. Praise for PULSE: In one word: terrifying. If you weren't already afraid of the prospect of an EMP attack from North Korea well, you soon will be. From page one you get the impression that this is something that not only COULD happen but something that WILL happen. I've no idea of the actual danger of an EMP attack, but the author makes me feel like we've been lucky to survive this long without one. --BroadHorizons I'm not a worrier at heart, but reading this gave me the chills. I don't want to give away any of the plot but the buildup to the EMP attack really does feel as if it could happen in real life. In this respect I found Pulse very similar to my favorite Keith Taylor novel, This is the Way the World Ends, which explained the buildup to a zombie apocalypse in such incredible detail that I read most of the book while hiding behind my couch. --Chasmmm When I started reading the chapter about the North Koreans ceasing their nuclear program and asking for face to face peace talks with the U.S., I really wondered if this came straight out of a current newspaper or CNN. Spooky! The realistic possibility of the North Koreans hitting us with an EMP has been on my mind a lot lately. I know you had to have written this months ago, but the fact that your fiction has become fact, at least so far, makes the whole story all the more prophetic and too real.

Instant Darkness

As winter approaches, small-town issues become big trouble. Maddie Langston and her group of post-apocalyptic survivors are stretched thin. Without support, as supplies dwindle, citizens are forced to take matters into their own hands. Mounting tensions and soaring risks begin to topple traditional priorities.

I Survived the Eruption of Mount St. Helens, 1980 (I Survived #14)

A massive solar flare is about to bring the country to its knees. When Abram Patterson learns about an impending solar flare, every moment matters. Loaded up in his trusty 1976 Land Cruiser, he must get his wife and daughter from their home in New Hampshire to their remote retreat in Central Vermont. But can he reach his bug out location before civil unrest makes travel all but impossible? A father who must protect his children from certain death. Nick Caulfield, a single father of two, is always in work mode. But when the country is on the brink of collapse, he must focus on getting his children to safety. His neighbor, Abram, has left in a hurry, and he quickly realizes that the region will soon be plunged into chaos. He discovers that his son has acquired directions to his neighbor's compound, but he suspects they will not be welcomed. A harrowing journey with an uncertain outcome. A Good Samaritan takes a risk to aid a man and his teenaged son and young daughter, but when his services go unappreciated, he feels slighted by the man. Will he take the high ground and be the selfless man he strives to be? Or will he seek revenge, allowing his morals to crumble as humanity quickly unravels? The solar flare is only the beginning. What

would you do to protect the ones you love? Instant Darkness is book one in the EMP Crisis Series, a post-apocalyptic survival thriller series about regular people struggling to survive after a solar EMP. For fans of books by Kyla Stone, Jack Hunt, Ryan Westfield, Harley Tate, and T.L. Payne. *** This book series contains mild language and some depictions of violence. ***

The Book of Flora

Four days into the apocalypse, would you still be alive? The day the power went out, Madison gave up her college-student life and risked everything to make it home to her mom in Sacramento. Tracy fought off looters and thieves to prepare for her daughter's return. Now reunited, they must defend themselves from everyone else. What would you do to see your family again? Walter watched the lights blink out across the country from 37,000 feet up in the air. Emergency landing a 737 in the middle of nowhere turned out to be the easy part. With riots and fires creating chaos, finding his way home might get him killed. The end of the world brings out the best and worst in all of us. With the power grid destroyed and the government unable to help, the Sloanes find themselves stuck in a city growing increasingly desperate. Will Madison and Tracy have what it takes to survive with neighbors and thieves closing in? Can Walter make it home to his wife and daughter before disaster strikes? The EMP is only the beginning. Darkness Grows is book two in After the EMP, a post-apocalyptic thriller series following the Sloane family and their friends as they attempt to survive after a geomagnetic storm destroys the nation's power grid.

from home. Discovering what the country has suffered is just the beginning, they must now learn to trust each other in order to survive the extreme elements and dangers of a world without power. All That Remains is book one in Lone Survivor, a post-apocalyptic EMP thriller series following a group of survivors as they fight to stay alive after an EMP destroys the nation's power supply.

Seeking Safety

Do you have what it takes to survive? The EMP hits. The lights go out and silence roars. Society is on the brink of violent chaos. The only way to survive is to get out, away from the cities and into the wilderness. Max is an office worker with some gear and a plan. He's one of the first to realize the unspoken dangers. A few years ago, he inherited an old farmhouse. His plan is to get to it as fast as possible and bunker down. He thinks he's ready, but he quickly discovers that there's more to surviving than just having the right gear. Mandy is a waitress with the day off work. What seems like a normal power outage quickly turns terrifying. Her peaceful town is no longer the home she once knew. She's offered a way out, but can she put her trust in a perfect stranger? Georgia is a single mother who just wants to keep his two teenage kids safe. She drives a pickup and loves hunting. She has skills that could keep her family alive, but is she ready to make life or death decisions in the blink of an eye? Do Max, Mandy, and Georgia have what it takes to overcome the unexpected? After all, even the best-laid plans can come up short. Getting Out is book 1 of The EMP, a post-apocalyptic survival thriller series. It deals with real people fighting for their survival every inch of the way.

Cloud Atlas

Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of The Fault in our Stars. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

Lament in Jewish Thought

When an EMP destroys the nation's power grid, Joanna Mercer must fight her way down the Appalachian Mountains and into the city below to rescue her daughter from the enemy threatening violence against their country.

As We Fall

If the power grid went down and everyone else turned against you, what would you do to stay alive? That's the question facing the Parker family in Where Hope Remains, an action-packed apocalyptic novel set in America's last days that follows the valiant efforts of the Parkers to do just one thing: stay alive. One moment everything is perfectly normal, and in the next the power grid across the entire United States goes

Read Free Hunted A Post Apocalyptic Emp Survival Thriller Days Of Want Series Book 2

down and sends the country back to the Stone Ages. The lights flicker out. Cars crash. Phones and laptops quit working. Planes fall from the sky. Fires rage. Hoards of angry mobs take to the street looting and pillaging. Millions perish in the horrific aftermath. With the cities completely overwhelmed with death and destruction, the forests of the Pacific Northwest seem to be the only place of possible safety or refuge. That's what brothers Randall and Thomas think as they fight their way to their family's secluded cabin to locate their grandparents, parents, and cousins, only to instead find themselves proven completely wrong as a new deadly threat from the woods emerges. Trapped in an unforgiving world without help, Randall, Thomas, and the rest of their family must trust in one another and put their skills to the ultimate test to fight back against the overwhelmingly dark forces that now directly threaten their very existence. But even as the odds turn massively against them, the Parkers never lose sight of one thing to keep them alive and together: hope. *Where Hope Remains* is a novel that explores what would happen if an EMP attack knocked down the power grid in the United States, told from the perspective of an ordinary family struggling to find one another and stay alive in a world of complete and utter chaos. Featuring compelling characters, fast-paced action, and nail-biting suspense throughout, *Where Hope Remains* is a perfect read for fans of post-apocalyptic fiction and EMP fiction.

365 Days at War

With the mysterious event that devastated mankind now five months past, and winter fast approaching, Bobby, Becca and Myron hunt for game. Though life is not easy, it has at least settled into what now passes as normal. That is until they

Read Free Hunted A Post Apocalyptic Emp Survival Thriller Days Of Want Series Book 2

discover a band of hunters stalking human prey. For Mel, Caryn and Tara, the end of the world has been a constant struggle to survive. The new world has become chaotic and dangerous. Those with the power make the rules. Life has little value except in the depths of depravity in the minds of those who own you. Now, pursued by armed men, the three women are forced to flee or be sold into slavery. Bobby, Becca and Myron rescue the women, but are then hunted themselves. With time running out and the hunters closing in around them, the small band must find a place to make a stand, a place to survive.

Where Hope Remains

A massive cyber-attack crippled half the nation's power grid. A super EMP took care of the rest. While a cyber-attack crippled half the nation's power grid, enemies of the United States launched a super EMP over the midwest sending the nation back to the stone age. For Raine Caldwell and her neighbors, it couldn't have come at a worse time. Deep into the coldest midwest winter on record, the nation is plunged into frigid darkness. With emergency services crippled by the lack of transportation and streets snarled with stalled cars, a spark ignites and the city of St. Louis is engulfed in flames. Chaos grips the city as society spirals out of control and violence fills the streets. With her building surrounded by fire, Raine and her neighbors are forced to flee on foot onto the snow covered streets seeking safety. Seeking Safety is a gripping tale of an ordinary group of people as they fight to survive after an EMP plunges the nation into frigid darkness. Would you have what it takes to survive the cold, dark, dangerous streets and make it to safety? Seeking Safety is the first book in T. L. Payne's heart-stopping post-apocalyptic

Will Raven, Colton, and Charlize prevent the United States from collapse? One thing is certain--they won't be able to save everyone. Not with their humanity still intact.

The Last Cabin

"In the wake of the apocalypse, Flora has come of age in a highly gendered post-plague society where females have become a precious, coveted, hunted, and endangered commodity. But Flora does not participate in the economy that trades in bodies. An anathema in a world that prizes procreation above all else, she is an outsider everywhere she goes, including the thriving all-female city of Shy. Now navigating a blighted landscape, Flora, her friends, and a sullen young slave she adopts as her own child leave their oppressive pasts behind to find their place in the world. They seek refuge aboard a ship where gender is fluid, where the dynamic is uneasy, and where rumors flow of a bold new reproductive strategy."--

Axis of Evil

Sam Wade is on a trip to reconnect with his estranged daughter studying in Boston when the interconnected U.S. infrastructure is crippled by an unknown attacker. As the internet, communication networks and the power grid go down, the world is soon thrown into turmoil and danger. Faced with no other choice than to battle their way home through a country on the verge of collapse, Sam and his daughter will have to face more than a troubled past -- the future is deadly. December 2015 - The Ukraine experiences a devastating cyberattack on its power grid that leads to widespread power outages. July 2016 - Hackers bombard the aviation sector with over 1,000 attacks per month and remotely control and paralyze a Jeep on the highway. August 2017 - The Irish power grid, U.S energy companies and a nuclear power plant is digitally assaulted, and the US Government accuses Russia. March, 2018 - Atlanta is hobbled for five days, a troubling precursor to a larger attack that would tear a hole in the infrastructure and bring the country to its knees. Today - The internet, communication network, and power grid goes down and silence and darkness dominates the nation.

Rules of Survival: A Post-Apocalyptic Emp Survival Thriller

One man struggles to save his family and his small North Carolina town after America loses a war in one second, a war based upon an Electro Magnetic Pulse (EMP) weapon that will send America back to the Dark Ages.

TRIBE? For fans of *The Hunger Games*, *Divergent*, and *Lord of the Flies* a gripping dystopian page-turner from the pen of Gemini-nominated writer, Nancy Isaak, that will keep you transfixed, well-entertained, and right on the edge of your seat. In this enthralling third installment of "The 365 Days Quadrilogy", the young survivors of the mysterious post-apocalyptic "event" have now separated into two distinct tribes - the Locals and the Crazies. Led by Jacob and Kaylee, the Locals inhabit Point Dume in Malibu and are working to establish a democratically run community. The Crazies, meanwhile, control the Conejo Valley and have descended into a terrifying dictatorship--their citizens controlled through fear and violence--led by Brandon and the Foxes. Inevitably, the two tribes will come together and when they do, it will be WAR!!

Hunted: Days of Want Series Book Two

THE LONG-AWAITED CONCLUSION OF THE HEOROT SERIES FROM GENRE LEGENDS LARRY NIVEN, JERRY POURNELLE, AND STEVEN BARNES Avalon was thriving. The cold sleep colonists from Earth had settled on a verdant, livable world. The fast and cunning predators humans named grendels were under control, and the mainland outposts well established. Avalon's new mainland hydroelectric power station was nearly complete, and when on-line would compensate for the nuclear power systems lost in the Grendel Wars. Humans would have power, and with power came the ability to make all the necessities for life. They would survive. They would not survive as a spacefaring people. What they were losing faster than they knew was the ability to get to space. But unbeknownst to the planet-bound humans, something was moving out there in the stars,

Read Free Hunted A Post Apocalyptic Emp Survival Thriller Days Of Want Series Book 2

decelerating at a rate impossible for a natural object. And its destination was Avalon. The most probable origin was Earth's Solar System. This is a novel of first contact—between the human Starborn and the self-named Godsons who followed on, between the first generation of Avalon born humans and their descendants, and between humans and the almost ineffably alien species native to their new world At the publisher's request, this title is sold without DRM (Digital Rights Management). About prequel *The Legacy of Heorot*: "Page-turning action and suspense, good characterization and convincing setting . . . may be the best thing any of those authors has written."—*The Denver Post* "Outstanding! ... The best ever, by the best in the field . . . the ultimate combination of imagination and realism."—Tom Clancy "Well written, action-packed, and tension filled ... makes *Aliens* look like a Disney nature film."—*The Washington Post* "Spine-tingling ecological tale of terror."—*Locus* About prequel *Beowulf's Children*: "Few writers have a finer pedigree than those here . . . As one might suspect, *Beowulf's Children* is seamless . . . absorbing, substantial . . . masterful novel."—*Los Angeles Times* "Panoramic SF adventure at its best."—*Library Journal*

Edge of Darkness

Two writers travel across the U.S. that remains after a "limited" nuclear war.

Uprising

Alone, Bob Reiniger heads to an old family cabin in the center of the upper peninsula of northern Michigan. And two days in the world as he knows it ends. He's unprepared, and hungover. Miles from civilization with no working vehicles, cell

Read Free Hunted A Post Apocalyptic Emp Survival Thriller Days Of Want Series Book 2

phones, or electricity he is truly stranded no where. Strange land, strange surroundings, and strange people greet him every day. Will he live to see the next year? Will he live to see the next month? Will he make it back to his wife in suburban Chicago?

Getting Out

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Turmoil

Lament, mourning, and the transmissibility of a tradition in the aftermath of destruction are prominent themes in Jewish thought. The corpus of lament literature, building upon and transforming the biblical Book of Lamentations, provides a unique lens for thinking about the relationships between destruction and renewal, mourning and remembrance, loss and redemption, expression and the inexpressible. This anthology features four texts by Gershom Scholem on

Read Free Hunted A Post Apocalyptic Emp Survival Thriller Days Of Want Series Book 2

lament, translated here for the first time into English. The volume also includes original essays by leading scholars, which interpret Scholem's texts and situate them in relation to other Weimar-era Jewish thinkers, including Walter Benjamin, Franz Rosenzweig, Franz Kafka, and Paul Celan, who drew on the textual traditions of lament to respond to the destruction and upheavals of the early twentieth century. Also included are studies on the textual tradition of lament in Judaism, from biblical, rabbinic, and medieval lamentations to contemporary Yemenite women's laments. This collection, unified by its strong thematic focus on lament, shows the fruitfulness of studying contemporary and modern texts alongside the traditional textual sources that informed them.

Paper Towns

After the lights went out across the nation, Elliot, Jesse, Maggie and Damon fought off the desperate as they made their way back to Lake Placid. When a string of murders occur throughout Lake Placid, Elliot must face an unknown danger. With looters and raiders going wild it's only a matter of time before they lose control. How many must die before they throw in the towel and protect their own?

Final Chaos

"One month after the North Korean attack, the United States continues to fall into anarchy. In Estes Park, Colorado, Police Chief Marcus Colton and tracker Sam 'Raven' Spears work tirelessly to defend their home town. But after a brutal coordinated attack, they realize it will take much more than roadblocks and a volunteer militia to protect their borders and keep their families safe."--Back cover.

Hunted

A new threat emerges from an unexpected source. Lives hang in the balance. As Maddie, Zack, and their group struggle to secure the cabin, the community grapples to find justice in a lawless world when a girl goes missing. Amid turmoil and bloodshed, Maddie learns evil comes in all shapes and sizes. No one can be trusted. After Maddie and Zack find old enemies nearby, a decision must be made--hunker down and wait, or go on the offensive. Which would you choose? Filled with grief and guilt, Maddie must find a way to move forward and survive. As lives are lost will this become too much to bear? On the road to reunite with Maddie and Zack, Beth's trip takes a twisted turn. She won't let a deviant group prevent her from reaching her children. Get it now!

Seeking Justice

From USA Today bestselling author Nicholas Sansbury Smith comes another harrowing story of survival in a post-apocalyptic world. The end of the world is just the beginning of the hunt. Estes Park Police Chief Marcus Colton and tracker Sam 'Raven' Spears have never liked one another, but when a young girl goes missing in Rocky Mountain

National Park, Colton hires Spears to help find her. Their search ends after a night of devastating horror. When word reaches Estes that the nation has been hit by a coordinated electromagnetic pulse attack, Colton and Spears are forced to work together again. But they quickly realize they aren't just tracking a killer--they are tracking a madman. As the United States descends into chaos, the hunters become the hunted. Halfway across the country, Senator Charlize Montgomery awakes to find the nation's capital has gone dark. Forced to set off on foot, she treks across a city that has woken to a new world, and as the night progresses, she learns the EMP attack was just the beginning

Days of Chaos

The Axis of Evil had the perfect strategy. Destroy the heartbeat of America. Invade with their million man army. But there was one thing they didn't count on Texas. Once again, political suspense collides with post-apocalyptic thriller fiction as sixteen-time best selling author, Bobby Akart (The Blackout Series, The Pandemic Series, The Boston Brahmin series and the Prepping for Tomorrow series) intertwines historical fact with plausible fiction in The Lone Star Series. For decades, American administrations have forced our military to be neutered in many respects - hampered by restrained rules of engagement, passed in strength by Russia and China, and tested by rogue nations like North Korea and Iran. As a result, nuclear Armageddon hangs over us like a mighty sword. Military analysts agree that the United States can't start World War III. Why? We might lose. Sabers are rattling and the war of words escalate between America and her enemies, but the rhetoric has done little to stop the nuclear proliferation of North Korea and Iran. When the deep

state, a close-knit group of powerful, influential people within our government challenges a new, untested President, things go awry. The decisions made in the darkened rooms of Washington have a profound impact on ordinary Americans like the Armstrong family, Texas ranchers who spend their time making a living, but also preparing for the worst. As most of the family lives their life in Texas, one of them will unknowingly be the catalyst for World War III. ABOUT THE LONE STAR SERIES Political suspense collides with post-apocalyptic thriller fiction with the Lone Star Series by Best Selling Author Bobby Akart. A devastating EMP attack thrusts most of America into darkness, except for one state which has taken the steps to protect its power grid - Texas. World War III is imminent and a new President faces terrible choices as she navigates the shark-infested waters of Washington, and the geopolitical complexities around the world. From Washington to Austin to a ranch in West Texas, decisions are made to protect the lives of Americans, some of which are considered selfish, rather than for people's survival. The Lone Star series is designed to be the most thought-provoking post-apocalyptic series ever written. It will be a reminder to us all that One day, tomorrow won't come.

Upheaval

Raine Caldwell and the other survivors from St. Louis thought getting out of the city would be the answer to their problems. They quickly learn that violence and winter's fury aren't exclusive to the city. The group is tested far beyond anything they could imagine as they begin to settle in and survive life without modern conveniences. Can they adapt to the new world in time? After finding themselves in a community terrorized by ruthless and dangerous people, Raine and the

Stranded No Where

By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to

Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon. Praise for *Cloud Atlas* “[David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his ambition is written in magma across this novel’s every page.”—The New York Times Book Review “One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature.”—Dave Eggers “Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative.”—People “The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I’ve never read anything quite like it, and I’m grateful to have lived, for a while, in all its many worlds.”—Michael Chabon “*Cloud Atlas* ought to make [Mitchell] famous on both sides of the Atlantic

Read Free Hunted A Post Apocalyptic Emp Survival Thriller Days Of Want Series Book 2

as a writer whose fearlessness is matched by his talent.”—The Washington Post Book World “Thrilling . . . One of the biggest joys in *Cloud Atlas* is watching Mitchell sashay from genre to genre without a hitch in his dance step.”—Boston Sunday Globe “Grand and elaborate . . . [Mitchell] creates a world and language at once foreign and strange, yet strikingly familiar and intimate.”—Los Angeles Times From the Hardcover edition.
