Everything you need to know about IELTS Speaking in one book! What exactly do you have to do to get a particular band score? Which easy-to-learn words and phrases can improve your score quickly? What should you include in your answers to impress the examiner? Which aspects of grammar or pronunciation should you focus on? Anyone aiming for band 6 or higher in IELTS Speaking needs targeted practise and easy-to-follow explanations. This book - the result of years of IELTS examination experience - provides the most up-to-date information and an extensive bank of topics and questions with suggestions on how to create impressive answers that demonstrate to the examiner that your English is of a high standard. Having taught IELTS preparation courses in China for twelve years and having extensive experience as an IELTS examiner, I have become familiar with the main problems students from different cultural backgrounds face when getting ready to take the test. This book aims to help students deal with these problems. The first part of the book gives an overview of the speaking test and its requirements in terms of the test criteria. This section also includes information on the use

of grammar and various parts of speech. The second part of the book provides topics for the three parts of the test with questions and suggestions for active practice. These topics and questions are based on actual topics and questions that appear in the IELTS Speaking Module. So how is this book different - and better - than other books on the market? First of all, it takes the user through the test and through the test criteria in greater detail than other books. It looks at problems that candidates actually have during the test. Furthermore, it provides candidates with various structured ways to create their own original answers. For each topic, for each part of the test, there are questions followed by suggestions for answer development. Of course, these suggestions are not the only ways to answer the questions, but they provide starting points for candidates who are having difficulty finding ideas. Students should, of course, aim to supplement them with others that they have learnt during their English studies.

I believe in keeping things simple whenever possible, so I'm going to keep this introduction

short, so you can focus on the important things. This master plan is simple. Follow it, and you will increase your speaking band score. In this book, you have the tools you need to increase your speaking score to 8.5 by improving your vocabulary, grammar and coherence. I have not included pronunciation guides in the book, as I know that pronunciation comes from hearing English, absorbing the sounds and then practising them. No book can provide this for you unfortunately, and any books that promise to do this are not telling you the truth. The IELTS speaking test is exactly the same for both IELTS Academic and for IELTS general. It lasts for 11 to 14 minutes and consists of three parts. Part one of the IELTS speaking test is basically an introduction for you as the candidate and for the examiner. It gives you both an opportunity to get comfortable and gives the examiner an initial general idea of your level of English. There's no need to feel nervous here. I know that it's very difficult not to feel a little bit nervous but try to think of this as a friendly informal chat with a friend or an acquaintance. The examiner wants you to succeed in the IELTS test, and if you can show your personality and feel relaxed enough to show the examiner your level of English you will succeed.

6 Practice Tests for IELTS Academic and General Training

I was an IELTS examiner and I wrote this book with the current IELTS Task 2 topics for 2020. The goal of this book is to improve writing skills and give ideas for people who wish to receive a score of 6.0-7.0 or higher for Task 2 of IELTS Academic and General exam. This book strives to reach your desired score by giving you the ideas and vocabulary for current topics. I have many years of experience successfully developing learners for the IELTS exam and many more years as a writing examiner. The layout of this book has been used with countless students with great success. This book can be used in the classroom with a teacher or as a self-study manual.

Description of Writing Task 2 Task 2 is similar to putting a jigsaw puzzle together. The exam question gives a tiny picture of what you must make. The puzzle pieces are in your mind somewhere, but you only have 40 minutes to find them and put them together. If you have ever built a jigsaw puzzle, you know how essential the corner and edge pieces are. This innovative book, unlike any other, gives you the corner and edge pieces (ideas) that match with all current exam questions. No other book does this! Having good ideas for topics is necessary to achieve 7 or higher on your IELTS writing.

This book will:

- *Give 5 to 10 minutes more to do Task 2.
- *Give more ideas to write more.
- *Give you great ideas to make your Task 2 look better.
- *Give you more vocabulary and grammar.

Challenges to overcome for Writing Task 2 This book dramatically helps candidates with the two most notable complaints about IELTS Writing.

Candidate complaint #1 - "I do not have enough time to write Task 2 well."
Solution - This book provides ALL type 2 questions and ideas so you can save time preparing before you start writing.

Candidate complaint #2 - "the topic is strange or not well known to me, so it is hard to write a good essay."
Solution - By looking at all the question, especially the topics less familiar, you can quickly plan a convincing essay to receive a score of 7 to 8 comfortably.

Candidate complaint #3 - It is not easy to use different words to talk about the same topic.
Solution - Each topic in this book has synonyms and idioms to improve your vocabulary score. This book has all the connecting words and referencing advice you need to receive a 7 to 8. Connecting words like however and there, and knowing how to refer back to previous ideas is necessary for 7 and higher.

Vocabulary - Many books give you lists of words and synonyms. However, then you lose points on your writing test because you have misused words or have the wrong collocation. By looking at how this book uses different words to describe ideas in context, you will have a much better idea when you write your exam. This book guarantees to have all you need to receive 7 or higher for 3 of the 4 categories: Task Achievement, Coherence + Cohesion, and Lexical Resource (vocabulary).

Note for teachers You can format this book from epub to a Word document. There are 47 lessons which can begin with the 'vocabulary questions' included for each topic. These questions will help learners to activate schemata and personalize lexis to improve writing and speaking.

For self-study students You can study alone, but more progress will be made if you have a partner or group. You can use the vocabulary questions to improve your understanding of more academic words/collocations that will help you with speaking, listening and reading. The book is not meant to be memorised but rather to give you ideas for you to add your examples. You cannot memorise an essay. You can have more ideas and vocabulary about many different topics so that when it comes time to write, you can do so much more confidently. Each essay style is provided with many examples, vocabulary and vocabulary questions to help you improve your vocabulary

Barron's TOEFL IBT with CD-ROM and MP3 Audio CD, 15th Edition

Once upon no time there was a Little Soul . . . And this Little Soul wanted to understand forgiveness. Except the Little Soul didn't just want to understand forgiveness--the Little Soul wanted to experience forgiveness and know what it felt like to forgive another. So God helped in the best of all possible ways: by putting the Little Soul in the body of Meghan, a newborn baby just beginning to explore all the magic the world had to offer. But God never sends any Little Soul to Earth all alone. God sent along Melvin, a guardian angel, and a promise that God would always be there--even if the Little Soul forgot from time to time. Experience the world through the eyes of the Little Soul in her first few moments on Earth as Meghan meets her mommy and daddy, learns about love, and begins to figure out what it means--and how it feels--to be human. The Little Soul and the Earth is a delightful, vividly told and illustrated tale from the team that created The Little Soul and the Sun. The first of a new series of Little Soul adventures, it exemplifies the vital truth that God is with us always, no matter where our own adventures lead and no matter how many times we may forget that truth. Gently reminding us that beauty and love are all around, the world of the joyous Little Soul is a place your child will want to visit again and again.
