### Nurture kinship - Wikipedia

The concept of nurture kinship in the anthropological study of human social relationships highlights the extent to which such relationships are brought into being through the performance of various acts of nurture between individuals. Additionally the concept highlights ethnographic findings that, in a wide swath of human societies, people understand, conceptualize and symbolize their

### Family First | Strategic Planning and Policy Development

Conflict between the Hmong of southern China and newly arrived Han settlers increased during the 18th century under repressive economic and cultural reforms imposed by the Qing dynasty. This led to armed conflict and large-scale migrations well into the late 19th century, the period during which many Hmong people emigrated to Southeast Asia. The migration process had begun as early as the late

### Kinship And Performance In The
