Description Inside the pages of this book are poems and observations that now fill Andy's head. As he says "now that reality has returned, lots of regrets and if only's" but all of them the truth. About the Author Andy has struggled with drug addiction for more than thirty years. The father of two lovely daughters has finally overcome the scourge of addiction. Born in Sheffield in 1954, the oldest of five children. Andy moved with his parents Dorothy and Bernard Higgins and four brothers and sisters to Swinton, near Rotherham. Here he attended the local school. In 1969, Andy started an apprenticeship with a local woodworking company. At the same time Andy and his friends found and entered the world of drugs, which quickly resulted in Andy serving a three and a half year prison sentence. The sentence was for selling class A drugs. Shortly after his release from prison Andy met and married his wife of twenty-four years, Judith. But drugs were still to plague Andy's life. In and out of various jobs in the steel industry. Drugs finally ended twenty-four years of marriage and Andy become more dependant on hard drugs, and a heroin addiction followed. Two years ago Andy finally decided enough was enough and that it was really time to sort his life out, in Andy's words "it was a bloody nightmare to come off drugs" but it had to be done. With the help of a rehab unit called New Beginnings, various drug counsellors, and his family Andy finally escaped the clutches of his addiction. Inside the pages of this book are poems and observations that now fill Andy's head. As he says "now that reality has returned, lots of regrets and if only's" but all of them the truth.

Alice's Adventures in Wonderland (1865) is a novel written by English author Charles Lutwidge Dodgson, better known under the pseudonym Lewis Carroll. It tells the story of a girl named Alice who falls down a rabbit-hole into a fantasy world populated by peculiar and anthropomorphic creatures. The tale is filled with allusions to Dodgson's friends (and enemies), and to the lessons that British schoolchildren were expected to memorize. The tale plays with logic in ways that have made the story of lasting popularity with adults as well as children. It is considered to be one of the most characteristic examples of the genre of literary nonsense, and its narrative course and structure has been enormously influential, mainly in the fantasy genre.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of The Fault in our Stars. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

### **Good Health**

It's the summer of 1976, and Kit is fed up of his small town life in Antigonish, Nova Scotia, where he lives with his Dad and grandmother. Dreaming of a more exciting life in the big city, Kit enlists the help of his girlfriend Alice, and they hitchhike towards a new home with his glamorous, artistic mother Laura. As Kit and Alice reach their final destination, their relationship is tested, and Kit faces a difficult realization that will change his life forever. Kat Kruger's novel adaptation of the film Weirdos retells this tender story of a young man's journey to self-discovery.

**Psychedelic Notebook**

The blistering story of a young man making his Broadway debut in *Henry IV* just as his marriage implodes—an utterly transfixing book about art and love, fame and heartbreak from the acclaimed actor/writer/director. Hawke's first novel in nearly twenty years is a bracing meditation on fame and celebrity, and the redemptive, healing power of art; a portrait of the ravages of disappointment and divorce; a poignant consideration of the rites of fatherhood and manhood; a novel soaked in rage and sex, longing and despair; and a passionate love letter to the world of theater. *A Bright Ray of Darkness* showcases Ethan Hawke's gifts as a novelist as never before. Hawke's narrator is a young man in torment, disgusted with himself after the collapse of his marriage, still half-hoping for a reconciliation that would allow him to forgive himself and move on as he clumsily, and sometimes hilariously, tries to manage the wreckage of his personal life with whiskey and sex. What saves him is theater: in particular, the challenge of performing the role of Hotspur in a production of *Henry IV* under the leadership of a brilliant director, helmed by one of the most electrifying--and narcissistic--Falstaff's of all time. Searing and raw, *A Bright Ray of Darkness* is a novel about shame and beauty and faith, and the moral power of art.
