Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of wanderlust and what it truly means to be a nomad. "Matt is possibly the most well-traveled person I know His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me." □Mark Manson, New York Times

bestselling author of *The Subtle Art of Not Giving a F*ck* Ten Years a Nomad is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic "how-to," and plumb the depths of what drives us to travel — and what extended travel around the world can teach us about life, ourselves, and our place in the world. *Ten Years a Nomad* is for travel junkies, the travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand.

Lonely Planet Maldives

From the bestselling author of *The Sex Lives of Cannibals*, the laugh-out-loud true story of his years on the islands of Vanuatu and Fiji, among cannibals, volcanoes . . . and the world's best narcotics. With *The Sex Lives of Cannibals*, Maarten Troost established himself as one of the most engaging and original travel writers around. *Getting Stoned with Savages* again reveals his wry wit and infectious joy of discovery in a side-splittingly funny account of life in the farthest reaches of the world. After two grueling years on the island of Tarawa, battling feral dogs, machete-wielding neighbors, and a lack of beer on a daily basis, Maarten Troost was in no hurry to return to the South Pacific. But as time went on, he realized he felt remarkably out of place among the trappings of twenty-first-century America. When he found himself holding down a job—one that might possibly lead to a career—he knew it was time for he and his wife, Sylvia, to repack their bags and set off for parts unknown. *Getting Stoned with Savages* tells the hilarious story of Troost's time on Vanuatu—a rugged cluster of islands where the natives gorge themselves on kava and are still known to "eat the man." Falling into one amusing misadventure after another, Troost struggles against typhoons, earthquakes, and giant centipedes and soon finds himself swept up in the laid-back, clothing-optional lifestyle of the islanders. When Sylvia gets pregnant, they decamp for slightly-more-civilized Fiji, a fallen paradise where the local chiefs can be found watching rugby in the house next door. And as they contend with new parenthood in a country rife with prostitutes and government coups, their son begins to take quite naturally to island living—in complete contrast to his dad.
