### Wingnut's Complete Surfing

100 Things to Do in Baltimore Before You Die explores the must-do and must-see parts of Charm City for visitors who have a few minutes or a few days and for those who are visiting for the first time and those who visit regularly. It digs a little deeper for residents who have been here for a decade or an entire lifetime, marking such unusual aspects of the usual as the revolutionary layout of the Contemporary Wing of the BMA that set as much a trend in design as Orioles Park at Camden Yards did for retro designs of baseball stadia. 100 Things to Do in Baltimore Before You Die explores the popularity of snoballs, Rheb's candies, and Natty Boh beer and fuels the continuing debate about where to find the best crab cake and pit beef. There's also a note about the best places to watch Inner Harbor July 4 and New Year's Eve fireworks.

A trip down the Intracoastal Waterway is the trip of dreams for thousands of cruisers, the goal of a lifetime. But for many of those boaters, familiar only with their own home waters, the thousand-mile journey is full of mystery and potential dangers, as well as beauty and excitement. The new ICW Planning Guide, now in its second year, understands those concerns and walks boaters carefully and clearly through the process, from Mile 0 at Portsmouth, Va., to the ICW's end at Key West, Fla. and up the Gulf ICW to Anclote Key near Tarpon Springs. The guide teaches boaters the skills they will need along the way, like the right way to request a bridge opening, how to transit a lock. There are also plenty of tips and tricks for a painless trip, such as learning the Art of the Slow Pass, and how to find the deepest part of the channel by reading the shape of the land. The guide also explains how to plan each day's cruise, gauging bridge openings, optimum times for negotiating the ICW's notorious shallow spots and reaching a good marina or anchorage at the end of the day. In the reference section of the guide, readers will find lots of mileage and inlet maps as well as photos, charts, schedules and clearances for every bridge fixed and opening along the way. Finally, readers will be able to find marinas along the way with the included facilities guide. There is no other ICW planning guide. This is an invaluable one-of-a-kind companion to making those cruising dreams come true. From the editors of Chesapeake Bay Magazine.

With this book in hand, boaters can cruise down the Jersey Shore--from New York Harbor to Delaware Bay--in the good company of Captain Donald Launer. Captain Launer brings many years of experience as a skipper of small boats to this engaging nautical and historical guide to

New Jersey's tidal waters. Cruise with him from the New Jersey/New York state line near the mouth of the Hudson River, past Raritan Bay and Sandy Hook, and into the Manasquan Inlet. From there, he gives you a choice of voyages: the inside route through the Intracoastal Waterway to Toms River, Barnegat Bay, Atlantic City, and Cape May, or taking the offshore passage. Then you explore the Delaware Bay and its tributaries and cruise up the Delaware River to Trenton. This revised edition contains updated information about onshore facilities, marinas, restaurants, stores, sites of interest, docking fees, bridge heights, maritime service stations, weather, navigation, and safety, as well as post-September 11 regulations in the waters around New York City. The book also includes a wealth of photographs and sea charts. Donald Launer, who holds a U.S. Coast Guard captain's license, has explored the New Jersey waters in every kind of small craft since he first sailed in Barnegat Bay at the age of eight. His articles on recreational boating have appeared in Good Old Boat Magazine, Cruising World, The Beachcomber, Offshore, and Sail. He berths his schooner, Delphinus, in Forked River, New Jersey.
