This outstanding three-title series prepares college-bound ESL students to understand academic lectures in English. Each text equips students for the challenges of college and university study by helping them listen selectively, take notes, review key ideas, retain information, and apply what they have learned. Twelve recorded lectures in each level are performed in lively and natural styles to provide a motivating introduction to academic listening. Lectures cover a wide range of thought-provoking contemporary topics. Controlled, realistic note-taking practice, ample pre-listening activities, vocabulary preview, post-lecture tests, and a wealth of illustrations also aid student understanding. Audiocassettes offer full lectures, presented both divided into parts and in their entirety. Each book offers the following features:

- Topic preview
- Vocabulary preview
- Identifying main ideas and supporting details
- Note-taking skills
- Review and post-listening tests
- Application of ideas through post-listening activities

Magnificent Mihirungs

The Longman Preparation Series for the New TOEIC(R) Test gives students the skills, strategies and confidence they need to increase their scores on the new TOEIC(R) test.

Longman Preparation Series for the New TOEIC Test

There was a revolution in econometrics during the 1980s, with particularly interesting developments in Britain and Europe. Introductory Econometrics, second edition, has been revised to incorporate all the latest developments and covers standard econometric theories, many of which are confusing to undergraduate students. This book aims to explain all the standard theories in a simple, concise manner. production functions and demand for money and also provides a combination of theory and applications. Each chapter contains exercises for subject revision and new chapters include: maximum likelihood estimation; extensions of classical linear model; breakdowns in classical assumptions; lagged variables. BA economics, MSc economics and non-specialist econometricians courses.

explanation and practice of the four skills tested on the TOEFL. This multimedia program integrates the student book, audio CD, DVD, and interactive website. Within each thematic chapter, there is a selection of academic topics from the four TOEFL-tested subject areas of Life Science, Physical Science, Social Science and Arts. With this multi-disciplinary approach, students sample the range of topics addressed on the exam and yet feel a sense of cohesion in their study. Skills introduced in each chapter are reinforced through varied and engaging readings, audio recordings, and videos. The academic-skills approach combined with high-interest, thematic academic content allows for better retention of information and makes for a better classroom text that keeps students interested. As well, the approach to skill testing in the book is in-line with the Educational Testing Service's (ETS) pedagogical approach to the TOEFL, with a heavy focus on the Academic Word List. In order to increase students' comprehension of tested material and improve their test scores, Oxford Preparation Course for the TOEFL iBT Exam includes a complete answer key that explains the reasons why each answer is correct or incorrect. Two complete practice tests are available on the book's companion website. The Oxford Preparation Course for the TOEFL iBT Exam DVD contains lectures and authentic content to enliven the classroom and make instructors' jobs easier.

Longman Preparation Series for the TOEIC Test

Appearing for the first time in an English translation, *Introduction to Modernity* is one of Henri Lefebvre's greatest works. Published in 1962, when Lefebvre was beginning his career as a lecturer in sociology at the University of Strasbourg, it established his position in the vanguard of a movement which was to culminate in the events of May 1968. It is a book which supersedes the conventional

2013_03_18

divisions between academic disciplines. With dazzling skill, Lefebvre moves from philosophy to sociology, from literature to history, to present a profound analysis of the social, political and cultural forces at work in France and the world in the aftermath of Stalin's death—an analysis in which the contours of our own "postmodernity" appear with startling clarity. Lefebvre's lectures have become legendary, and something of his charismatic presence and delivery is captured in this book, which he intended "to be understood in the mind's ear and not simply to be read." With its mercurial shifts of tone, now intensely poetic, now conversational, it not only explores modernity, it exemplifies it. Equally experimental in conception is the book's remarkable structure, twelve "preludes" through which a range of recurrent themes are interwoven in free-form counterpoint: irony as a critical tool, utopianism, nature and culture, the Stalinization of Marxism, the alienation of everyday life, the cybernetic society What gradually emerges is not only a series of original concepts about humanity and culture, but an extraordinary invocation of the complexity of social contradictions. Yet the fragmented structure of the book is not left to float free. Its shifting and eclectic melodies and leitmotifs have a solid ground basis: the wish to rehabilitate the Marxist dialectic as a method for understanding and transforming the modern world. This program is at the heart of the book, and gives it its underlying coherence, making *Introduction to Modernity* not only essential reading for all students of European cultural history, but also a key text for Marxism in the post-communist world of the late twentieth century.

The book of Exodus is a key to understanding the Bible. Without it, the Bible would lack three early scenes: deliverance, covenant and worship. Exodus provides the events and narrative, the themes and imagery foundational for understanding the story of Israel and of Jesus. You can read Exodus on your own, and its main themes will be clear enough. But an expert can sharpen your understanding and

2013 03 18

appreciation of its drama. Tremper Longman provides a box-seat guide to Exodus, discussing its historical backdrop, sketching out its literary context, and developing its principal themes, from Israel's deliverance from servitude to Pharaoh to its dedication to service to God. And, for Christians, he helps us view the book from the perspective of its fulfillment in Christ.

Madness Visible

Longman Preparation Course for the TOEFL® Test: iBT gives intermediate to high-intermediate students all the tools they need to succeed on the TOEFL® iBT. The Student Book with CD-ROM and the complete Audio CDs develop test-taking skills and provide extensive practice. The interactive CD-ROM provides more practice and simulates the actual test environment. Features: Diagnostic pre-tests and post-tests identify strengths and weaknesses and assess improvement. Eight mini-tests preview the test's integrated four-skills format. Two complete practice tests familiarize students with the actual test format and timing. Lesson Plans provide step-by-step instructions for teachers and interactive classroom suggestions. Classroom Activities include photocopiable warm-up and follow-up exercises for each language skill.

Anna Forster is only thirty-eight years old, but her mind is slowly slipping away from her. Armed only with her keen wit and sharp-eyed determination, she knows that her family is doing what they believe to be best when they take her to Rosalind House, an assisted living facility. But Anna has a secret: she does not plan on staying. She also knows there's just one another resident who is her age, Luke. What she does not expect is the love that blossoms between her and Luke even as she resists her new life. As her disease steals more and more of her memory, Anna fights to hold on to what she knows, including her relationship with Luke. Eve Bennett, suddenly thrust into the role of single mother to her bright and vivacious seven-year-old daughter, finds herself putting her culinary training to use at Rosalind house. When she meets Anna and Luke, she is moved by the bond the pair has forged. But when a tragic incident leads Anna's and Luke's families to separate them, Eve finds herself questioning what she is willing to risk to help them. Eve has her own secrets, and her own desperate circumstances that raise the stakes even higher. With huge heart, humor, and a compassionate understanding of human nature, Sally Hepworth delivers a page-turning novel about the power of love to grow and endure even when faced with the most devastating of obstacles. You won't forget *The Things We Keep*.

Book

Longman introductory course for the TOEFL test:iBT,second edition

This accessible textbook offers students the opportunity to explore for themselves a wide range of sociolinguistic issues relating to the Spanish language and its role in societies around the world. It is written for undergraduate students who have a sound practical knowledge of Spanish but who have little or no knowledge of linguistics or sociolinguistics. It combines text with practical exercises and discussion questions to stimulate readers to think for themselves and to tackle specific problems. In Part One Clare Mar-Molinero discusses the position of Spanish as a world language, giving an historical account of its development and dominance. Part Two examines social and regional variation in Spanish, and investigates dialects, language attitudes, and style and register, particularly in the media. The author also questions the relationship between gender and language. Part Three focuses on current issues, particularly those arising from language policies and legislation, especially in the education system, in Spain, Latin America and the USA.

The Things We Keep

This best-selling dictionary is now in its 4th edition. Specifically written for students of language teaching and applied linguistics, it has become an indispensable resource for those engaged in courses in

An Account of Six Years Residence in Hudson's-Bay from 1733 to 1736, and 1744 to 1747

A biography of the Chinese leader who lost all his offices during the Chinese Cultural Revolution but later returned to power and recently retired from the Central Committee to the Communist Party.

The New Production of Knowledge

Offers test-taking tips and strategies; presents sample questions on photos, completing sentences, and reading comprehension; and provides two full-length practice tests.

How to Read Exodus

In this provocative and broad-ranging work, the authors argue that the ways in which knowledge - scientific, social and cultural - is produced are undergoing fundamental changes at the end of the twentieth century. They claim that these changes mark a distinct shift into a new mode of knowledge

2013_03_18

production which is replacing or reforming established institutions, disciplines, practices and policies. Identifying features of the new mode of knowledge production - reflexivity, transdisciplinarity, heterogeneity - the authors show how these features connect with the changing role of knowledge in social relations. While the knowledge produced by research and development in science and technology is accorded central concern, the

As a senior foreign correspondent for The Times of London, Janine di Giovanni was a firsthand witness to the brutal and protracted break-up of Yugoslavia. With unflinching sensitivity, *Madness Visible* follows the arc of the wars in the Balkans through the experience of those caught up in them: soldiers numbed by the atrocities they commit, women driven to despair by their life in paramilitary rape camps, civilians (di Giovanni among them) caught in bombing raids of uncertain origin, babies murdered in hate-induced rage. Di Giovanni's searing memoir examines the turmoil of the Balkans in acute detail, and uncovers the motives of the leaders who created hell on earth; it raises challenging questions about ethnic conflict and the responsibilities of foreign governments in times of mass murder. Perceptive and compelling, this unique work of reportage from the physical and psychological front lines makes the madness of war wholly visible. From the Trade Paperback edition.
