Reviews "As a psychologist I am all too aware that the principals of the Laws of Attraction are badly explained everywhere. "Manifestation Magic" does what it says on the tin, it explains simply, easily and more importantly correctly how to get everything that you desire in life. Rich people do not think like other people, they know that they cannot fail. Most people find that reconciling your conscious mind with your subconscious mind is really difficult, and yet unless you master that basic skill you are doomed to be caught up in an endless loop of repeating past mistakes. Most people assume that it is the subconscious mind that gets in the way of their success and that is why you are doomed to fail, because it is your conscious mind that puts the damper on your hopes and dreams. However you have to successfully free yourself from your excuses and your self-limiting decisions and this eBook tells you exactly how to do it. It is simply the best read I have had in ages and I read every day." - Catherine Ford -- <http://www.catherineford.com> "This book is a "must have!"
