But completing Midnight Sun has brought back to me those early days of Twilight when I first met many of you. We had a lot of fun, didn't we? Throwing proms and hanging out in hotel rooms and reading on the beach (while getting the most epic sunburns of our lives). We made hilarious t-shirts and fabulous websites.

### Midnight sun - Wikipedia

The midnight sun is a natural phenomenon that occurs in the summer months in places north of the Arctic Circle or south of the Antarctic Circle, when the sun remains visible at the local midnight. When the midnight sun is seen in the Arctic, the sun appears to move from left to right, but in Antarctica the equivalent apparent motion is from right to left.

### Midnight Sun - Stephenie Meyer

When Edward Cullen and Bella Swan met in Twilight, an iconic love story was born. But until now, fans have heard only Bella's side of the story. At last, readers can experience Edward's version in the long-awaited companion novel, Midnight Sun. This unforgettable tale as told through Edward's eyes takes

on a new and decidedly dark twist.

### **Midnight Sun**

[Midnight Sun] is more complex, more sophisticated and less innocent than Twilight. Although it was Bella's story that launched more than a decade's worth of young adult sci-fi and dystopian heroines, it turns out the narrative power -- and compelling internal drama -- was on Edward's side all along.--

### **Midnight Sun (2018) - IMDb**

Midnight Sun is a companion novel to the book Twilight by author Stephenie Meyer. It is a retelling of the events of Twilight from the perspective of Edward Cullen as opposed to that of Bella Swan. It started as a simple character exercise, with a single chapter from Edward's perspective, but she came to realize she had to do the whole book.<sup>2</sup> Meyer has stated that Twilight is the only possible
