Uncle Robert, Or, Love's Labor Saved

The Illustrated Weekly of India

Rediscover the unforgettable, heart-wrenching romance set in post-World War II North Carolina, about a young socialite who can't forget the boy who once stole her heart--now one of PBS's Top 100 "Great American Reads." Every so often a love story so captures our hearts that it becomes more than a

story-it becomes an experience to remember forever. The Notebook is such a book. It is a celebration of how passion can be ageless and timeless, a tale that moves us to laughter and tears and makes us believe in true love all over again At thirty-one, Noah Calhoun, back in coastal North Carolina after World War II, is haunted by images of the girl he lost more than a decade earlier. At twenty-nine, socialite Allie Nelson is about to marry a wealthy lawyer, but she cannot stop thinking about the boy who long ago stole her heart. Thus begins the story of a love so enduring and deep it can turn tragedy into triumph, and may even have the power to create a miracle

Praise for Nicholas Sparks: 'A fiercely romantic and touching tale' Heat 'An A-grade romantic read' OK! Fifteen-year-old Zeeta comes to terms with her flighty mother and their itinerant life when, soon after moving to Ecuador, she helps an American teenager find his birth father in a nearby village.

### PC World

Larry W. Eyler was caught in 1983, accused of being the "homosexual highway killer," responsible for 22 murders in three states. Unbelievably, he was indicted for just one killing and spent three months in jail before an Illinois judge determined that the overwhelming evidence against him was tainted. He was released. Six months later Eyler was caught again. This time he was accused of a brutal, unimaginable murder of a 15-year-old street hustler. Crime journalist Geraldine Kolarik was the first person to recognize the killer's hunting pattern, which crossed state lines -- she alerted the Illinois Lake County sheriff, thus initiating a crucial turn in the investigation. In *Freed to Kill*, Kolarik with journalist Wayne Klatt intelligently examines the story of Eyler and his victims and investigates the institutions and officials that allowed Eyler a chance to hunt again.

### Punch

Young Cassie Logan endures humiliation and witnesses the racism of the KKK as they embark on a cross-burning rampage, before she fully understands the importance her family attributes to having land of their own.

### A Seasons of Work at Ur, Al-Ubaid, Abu Shahrain (Eridu) and Elsewhere

The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of

high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

Abby is starting high school--it should be exciting, so why doesn't she care? Everyone tells her to "make an effort," but why can't she just be herself? Abby quickly feels like she's losing a grip on her once-happy life. The only thing she cares about anymore is talking to Luke, a guy she met online, who understands. It feels dangerous and yet good to chat with Luke--he is her secret, and she's his. Then Luke asks her to meet him, and she does. But Luke isn't who he says he is. When Abby goes missing, everyone is left to put together the pieces. If they don't, they'll never see Abby again.

### Tales of Wonder

The studies gathered together in this book were originally presented at two conferences sponsored by The Netherlands Organization for Scientific Research (NWO), which were held at the VU University Amsterdam, in late August 2004. The first part Language Endangerment and Endangered Languages deals with issues related to language endangerment and the problems linguists and other researchers encounter when documenting these languages, both in general terms and with an eye on the Andean/Amazonian situation. The second part, Specific Studies: Languages and Cultures of the Andean-Amazonian Border Area, contains three sections. The first deals with topics that relate to the Maku peoples and languages of Brazil (Eastern Maku) and Colombia (Western Maku). The second section features papers that address anthropological and grammatical issues concerning the Nambikwara peoples and languages (Brazil). The third section discusses various other

languages in the Andean/Amazonian border area.
