The Vision Board Planner

THE VISION BOARD BOOK provides a way to create your vision board in a book, in which you envision what you want and decide what action steps to take to get it. But instead of creating your vision

on a large board, usually about 24"x36," you create it in an 8 1/2"x11" book. The advantage of this approach is that you can take this book with you wherever you go and look at it whenever you want. You can also readily share this book with others, and you can take a photo of the pages or turn your book into a PDF and share that, too. Plus, with a book you can add in comments, add pages, and otherwise expand on your original vision. It is also easier to carry around. In fact, you can readily create a series of vision boards every year or every few months, so you can both see where you are going and where you have been. Perhaps think of this book like a visual journal or diary in which you record your hopes and dreams and later look back from time to time. But now you have a separate book which you can focus on each day and use to keep track of how you are doing, as well as motivate you to go after and make real what you want.

Money, and the Law of Attraction

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

Vision Board

Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his re?sume?, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media

following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

the love you desire. It is a fun, spiritual and inspirational guide based on the author's own experience of using the Law of Attraction and Unity principles to manifest true love. You will discover: *Why you haven't manifested this love of your life yet. *How to BREAK THROUGH limiting beliefs that are preventing you from meeting Mr(s). Right! *How to get CRYSTAL CLEAR on what you really want in a partner *How to become so confident and shiny, this love will HAVE to find you! As a Life Coach, Sue Vittner coaches you through the process of discovering the love that you are while teaching you how to manifest what you want. If you love new age - self help books, this is the book for you because it is simple, fun, inspirational, and motivating. It will help you look deep within to discover that the love you are looking for is really within you which is the secret to manifesting the love you desire! "I started doing the exercises in Sue's book, 'From Your Vision Board to Your Bedroom, ' in January, and four months later I fell in love and into a relationship with the man who was everything I had asked for in a partner through those exercises. The exercises were simple and straight forward, yet they really made me dig into the specifics of what I was looking for and what I was willing to bring to the table. I had been so focused on how someone would fit into my hectic life that I hadn't thought about what I would be willing to change or adapt to, in order to fit into someone else's. The most important lesson I learned was the need to focus on what I wanted in a partner, not what I didn't want. It turns out that the one thing I really didn't think I wanted (a younger man) is the one thing I now could not imagine my life without!" -Jami B., Maine Perhaps you've read the Secret and learned about the Law of Attraction and Abraham Hicks, and you are really excited about manifesting love into your own life, but not sure how to go about doing it. This book will launch your process to the next level. It is clear, concise and a formula for manifesting love. Author, Sue Vittner, longed to be in a relationship with a partner that matched her "list." Then she discovered Abraham Hicks, the Secret, and studied the Law of Attraction. After

researching, practicing and applying these principles into her own life, she literally manifested the type of man she was looking for and who was on her Vision Board. She has since helped her clients do the same. A combination of stories, teachings and exercises, this book will help you get clear on what you want, make peace with your past, clean up limiting beliefs that are keeping you stuck, and learn how to harness the Law of Attraction so you can attract this partner you're desiring into your life. This workbook format, provides lots of space to journal and explore right inside the book. The author's conversational tone and playful manner will let you feel you are literally sitting with her in your living room as you're reading the book. You'll love it!! You can learn more about Sue at <http://suevittner.com>. She has also created a video coaching program which you can find on her website to help walk you through all of the exercises in the book. Our minds respond strongly to visual stimulation. A powerful way to bring your goals to fruition is by creating a vision board that uses pictures, images, and affirmations as a tangible representation of your dreams, goals, and ideal life; however, when we consider using the vision board as a visual form of prayer, not only do we add another dimension to our prayer experience but we also create a vision board that moves beyond religion to engage our spirit and enlighten our soul. In the book *Visual Prayer: How to Create a Spiritual Vision Board*, Dr. Green shares this free will philosophy through an easy 4 steps process, that you too can use to create one of the most valuable visualization tools available - a Spiritual Vision Board
