The Wisdom of Andrew Carnegie as Told to Napoleon Hill

These revised and updated motivational and inspirational passages—keys to wealth, power, happiness, and good health—were originally published in Hill's magazine, Success Unlimited. From the Trade Paperback edition.

Napoleon Hill's Success Masters

Designed for women, this inspirational tool enables you to focus on one or two of Dr. Hill's Success Principles per month. Brief descriptions of the 17 success principles align with the daily quotations.

The Power of Your Subconscious Mind

Following the success of his 1937 landmark bestseller, Think and Grow Rich, Napoleon Hill wrote Outwitting the Devil, an exposé on the methods the Devil uses to ensnare and control the minds of human beings. Exploring the innermost depths of the psychology of motivation to understand why so many individuals, including himself, cannot find the initiative and courage they need to consistently implement the philosophy of individual achievement, Hill went so far as to interview the Devil himself. The resulting confession from the Devil made this book so controversial as to remain unpublished for over 70 years. Now it is your turn to break the Devil's code and free yourself from the hidden methods of control that lead to ruin. In this reproduction of the complete text of Hill's original manuscript is laid out the exact nature of the power by which the Devil disarms human beings with fear, procrastination, anger, and jealousy so that they do not reach their full potential. This is the same power that paralyzed millions of individuals with fear and despondency during the Great Depression and continues to hold people back from their dreams. Complacency and mediocrity are not the root issue; they are symptoms of deeper ills that we are conditioned by society to accept. But you must open your mind to acquire knowledge and consider facts that might not harmonize with your personal beliefs in order to access a greater truth that will, as Hill said in his original preface, "bring harmony out of chaos in this age of frustration and fear." If you have been the victim of lost courage, weakened enthusiasm, and lack of self-discipline—if you are demoralized and plagued by fear, anxiety, overwhelm, or apathy—the seven principles to freedom detailed in this

book herald your redemption. You will finally become independent of the causes of failure and misery, break the bonds of destructive habits, and unlock the secret of a natural law as significant as the law of gravity so that you can outwit the devil once and for all.

first, fateful encounter with industrialist Andrew Carnegie, where the young Hill learned the secrets to winning at life. Returned to print after many years of unavailability, here is the one-and-only trade edition of a treasury of wisdom. Think Your Way to Wealth captures Napoleon Hill's initial encounter with Andrew Carnegie, who revealed the money-attracting strategy that Hill later popularized in classic books like Think and Grow Rich and The Law of Success. While working as a reporter for an inspirational magazine in 1908, Napoleon Hill chanced upon an opportunity that gave direction to his life. The young writer landed an interview with industrial giant Carnegie. Hill had just one key question for the magnate: What is the secret to your success? Carnegie's response electrified Hill and launched him on a lifelong mission to distill the steps to success into a clear, definite protocol that could be used by any motivated man or woman. Think Your Way to Wealth is Hill's vivid account of that seminal meeting. It captures Carnegie's initial advice, how-to's, practical steps, and concrete directions—all of which formed the basis for Hill's groundbreaking books, and jump-started the field of business motivation. Originally published in 1948, Think Your Way to Wealth has been out of print and unavailable for many years. This new Tarcher Success Classics edition reproduces the complete, original text just as Hill first presented it. The dialogue between Hill and Carnegie represents an invaluable, irreplaceable playbook of success strategies that can change the life of any reader, just as they changed Hill's life that day.

Napoleon Hill's Golden Rules: The Lost Writings consists of a series of magazine articles Napoleon Hill wrote between 1919 and 1923 for Success Magazine, of which he eventually became an editor.
