The rapid development of technology and globalization has changed the leverage points in the world of work. Those that don't adapt will be trapped in a downward spiral of working harder and earning less. Entrepreneurs that understand the new paradigm, have created unprecedented wealth in their lives and the lives of those they love.

Palms of Southern Asia

How hedge funds make money by taking it from the rest of us—and how you can join them! Top hedge fund managers make more than Oprah, Rupert Murdoch, and A-Rod combined—but they aren't running news and entertainment empires or playing baseball for the New York Yankees. Aren't you curious about how these hedge fund dudes make so much doing who knows what? You may even wonder if you can get there, too. After all, this is America! This book gives you the answers in a twelve-step guide to accumulating vast riches the way hedge fund managers do—by playing trillion-dollar poker with a marked deck. Through each easy step, you'll learn the sleight of hand and disregard for basic morality you'll need to move from making tens of dollars an hour to millions an hour! Along the way, you'll also question whether these hedge fund moguls make markets work better—as they and their apologists insist—or cause instability, siphon off capital, and destroy value without adding so much as a single widget to the economy. Takes a fascinating tour of the wild side of fantasy finance to explain just how hedge fund managers make so much money—and whether or not the million-an-hour crowd produces anything positive for society and the economy Teaches you hedge fund secrets that make it possible to pull down astounding sums in the space of minutes—from rigging your bets to milking millions in special tax breaks—if you're willing to bankrupt your morality for the cash Counters many of the most common arguments

about why speculating in financial markets is somehow "worth more" than creating entertainment, electronics, or consumer goods that consumers want
Written by Les Leopold, the popular AlterNet writer and author of *The Looting of America*

Radical Feminism

The "forgotten" second volume of *Capital*, Marx's world-shaking analysis of economics, politics, and history, contains the vital discussion of commodity, the cornerstone to Marx's theories.

The Wandering Who

Southern Asia is a vast and ecologically diverse region that extends from the deserts of Afghanistan to the rainforests of Thailand, and is home to a marvelously rich palm flora. *Palms of Southern Asia* is the only complete field guide to the 43 genera and 352 species of palms and rattans that occur in Afghanistan, Bangladesh, Bhutan, Cambodia, China, India, Japan, Laos, Myanmar, Nepal, Pakistan, Sri Lanka, Taiwan, Thailand, and Vietnam. This attractive guide's handsome illustrations and succinct, authoritative, and jargon-free text make identification easy. Each species account includes the correct scientific and common names, and fully describes morphology, habitat, and uses. Featuring a distribution map for most species and 256 full-color photographs, this is also the only field guide to cover the extremely diverse palm flora of Vietnam, and the first to offer a taxonomic overview of the rattan species of Southern Asia. *Palms of Southern Asia* is a book of major importance for botanists and an invaluable aid for naturalists and conservationists, and it's the perfect field guide for ecotourists traveling in the region. Covers all 352 naturally occurring palms in Southern Asia Features full-color photographs of 256 species, many never before illustrated Includes a distribution map for most species Provides the first taxonomic overview of the rattans of Southern Asia

Emergency

Exploit your offshore status to build a robust investment portfolio Most of the world's 200 million expats float in stormy seas. Few can contribute to their home country social programs. They're often forced to fend for themselves when they retire. *The Global Expatriate's Guide to Investing* is the world's only book showing expats how to build wealth overseas with index funds. Written by bestselling author, Andrew Hallam, it's a guide for everyone, no matter where they are from. Warren Buffett says you should buy index funds. Nobel prize winners agree. But dangers lurk. Financial advisors overseas can be hungry wolves. They don't play by the same set of rules. They would rather earn whopping commissions than follow solid financial principles. *The Global Expatriate's Guide To Investing* shows how to avoid these jokers. It explains how to find an honest financial advisor: one that invests with index funds instead of commission paying windfalls. You don't want an advisor? Fair enough. Hallam shows three cutting edge index fund strategies. He compares costs and services of different brokerages, whether in the U.S. or offshore. And he shows every nationality how to invest in the best products for them. Some people want stability. Some want strong growth. Others want a dash of both. This book also answers the following questions: How much money do I need to retire? How

Free Reading Nomad Capitalist How To Reclaim Your Freedom With Offshore Bank Accounts Dual Citizenship Foreign Companies And Overseas Investments

much should I be saving each month? What investments will give me both strong returns, and safety? The Global Expatriate's Guide To Investing also profiles real expats and their stories. It shows the mistakes and successes that they want others to learn from. It's a humorous book. And it demonstrates how you can make the best of your hard-earned money.

Forever Nomad

Knowmad Society explores the future of learning, work, and how we relate with each other in a world driven by accelerating change, value networks, and the rise of knowmads. Knowmads are nomadic knowledge workers: Creative, imaginative, and innovative people who can work with almost anybody, anytime, and anywhere. The jobs associated with 21st century knowledge and innovation workers have become much less specific concerning task and place, but require more value-generative applications of what they know. The office as we know it is gone. Schools and other learning spaces will follow next. In this book, nine authors from three continents, ranging from academics to business leaders, share their visions for the future of learning and work. Educational and organizational implications are uncovered, experiences are shared, and the contributors explore what it's going to take for individuals, organizations, and nations to succeed in Knowmad Society.

Expat Secrets

The foreign exchange market is huge, fascinating and yet widely misunderstood by participants and non-participants alike. This is because its unanswered questions are numerous. For instance, what is the purpose of the \$4 trillion per day trading volume? What determines currency trends and who are the players in the FX arena? Does FX drive other financial markets, or is it the passive end-product of all the other markets? FX is without clear supply and demand factors, so how do traders determine sentiment and price direction? Much is written in an effort to answer these questions, but a lot of it is just noise. In the 12 pieces here, Barbara Rockefeller and Vicki Schmelzer draw on their combined 50 years' experience in foreign exchange to cut through the clutter and provide an elegant and razor-sharp look at this market. Their analysis is accurate, useful and enlivened by many anecdotes and examples from historic market events. They cover: - How the matrix concept can help observers understand foreign exchange market action - What professional FX traders take into consideration before entering into positions - Whether the FX market can be forecast - The interplay between foreign exchange and other financial markets - How technology has levelled the playing field between big and small players, and at what cost - Whether the prospect of reserve currency diversification away from the dollar is likely - The toolkit that central banks use to manage national economies and the effect of this on currencies 'The Foreign Exchange Matrix' is the go-to book for anyone seeking a deeper understanding of the world of foreign exchange.

The Hummingbird's Daughter

Are you a citizen of the United States who lives abroad? You probably know that the U.S.A. is one of only two countries that applies

Free Reading Nomad Capitalist How To Reclaim Your Freedom With Offshore Bank Accounts Dual Citizenship Foreign Companies And Overseas Investments

citizenship based taxation in order to tax its own citizens on their worldwide income, irrespective of where they live or work anywhere in the world. If you're thinking about becoming a digital nomad or expatriating to another country, do you know how to avoid having to pay tax on your income while abroad? There could be huge penalties or tax evasion charges if you don't file correctly. Fortunately, these important questions have answers. By combining the right strategies for citizenship, residency, banking, incorporation, and physical presence in other countries, most people who work overseas can legally lower their U.S. tax owing to \$0. In *U.S. Taxes for Worldly Americans*, Certified Public Accountant, U.S. immigrant, expat, and perpetual traveler Olivier Wagner preaches the philosophy of being a worldly American. He uses his expertise to show you how to use 100% legal strategies (beyond traditionally maligned "tax havens") to keep your income and assets safe from the IRS. Olivier covers a wealth of international tax information, including: 1. Step-by-step instructions to fill out the Forms and Schedules you will use to file your offshore tax, no matter where you are. 2. How to qualify for special deductions, credits, and exemptions on international taxation. 3. Why opening bank accounts and corporations in foreign countries is easier than you think. 4. How residency or citizenship in another country can legally lower your taxes. 5. Practical advice for moving, living, and working with tax free income in other parts of the world. 6. What to consider before renouncing your American citizenship and saying goodbye to the IRS for good. As a non-resident American, there is no single easy answer to lower your taxes. If you don't understand every possibility, you could end up paying too much. Embrace a worldly lifestyle with confidence as you master the U.S. tax system for Americans living overseas.

Offshore Companies

From the magazine synonymous with looking sharp and living smart comes the definitive handbook of skills for the modern man. Based on interviews with the world's foremost authorities - including Richard Branson, Jamie Oliver, Tracey Emin, Andy McNab, Tom Daley, Alastair Campbell, Dynamo and many others - step-by-step illustrated guides show you how to win at fashion, sport, food and drink, work, romance, travel and the unexpected. You will learn: How to master sushi etiquette How to neutralize a crisis How to fold a suit for crease-free travel How to give a killer foot massage How to win big at the casino How to dance without looking like your dad How to get quality sleep on a night flight How to ace the job interview How to survive a kidnapping plus dozens of other insider techniques.

The Curious Case of Black Money and White Money

You may have already figured out that there are a few myths passed on in the real estate taxation world. Most accountants tell you incorporating is not beneficial but you always wonder why so many real estate investors incorporate their portfolio anyway. You may wonder the different type of deductions are available as a real estate investors and whether you would still have any money left after the Tax Man grab his share. This book gives you all the answers you need to start your Canadian real estate investing journey. From basic taxation 101 to setting up multi layered corporate structure, this books provides a practical guide to maximize your deductions and lower your tax liability.

Digital Nomads

Technomad

In Critique of Black Reason eminent critic Achille Mbembe offers a capacious genealogy of the category of Blackness—from the Atlantic slave trade to the present—to critically reevaluate history, racism, and the future of humanity. Mbembe teases out the intellectual consequences of the reality that Europe is no longer the world's center of gravity while mapping the relations among colonialism, slavery, and contemporary financial and extractive capital. Tracing the conjunction of Blackness with the biological fiction of race, he theorizes Black reason as the collection of discourses and practices that equated Blackness with the nonhuman in order to uphold forms of oppression. Mbembe powerfully argues that this equation of Blackness with the nonhuman will serve as the template for all new forms of exclusion. With Critique of Black Reason, Mbembe offers nothing less than a map of the world as it has been constituted through colonialism and racial thinking while providing the first glimpses of a more just future.

How to Be Invisible

Save a couple hundred dollars in consultancy through this book. Tax havens can allow you to illegally reduce your tax bill, access a wide range of tax treaties, open a secret and tax free bank account, protect your assets and make them lawsuit proof out of creditors reach, start

The Political Economy of Special Economic Zones

"Fascinating a regular field manual meticulously researched and very entertaining." --G. Gordon Liddy A thoroughly revised and updated edition of the essential guide to preserving your personal security From cyberspace to crawl spaces, new innovations in information gathering have left the private life of the average person open to scrutiny, and worse, exploitation. In this thoroughly updated third edition of his immensely popular guide How to Be Invisible, J.J. Luna shows you how to protect your home address, hide your ownership of vehicles and real estate, use pagers with dumbphones, switch to low-profile banking and invisible money transfers, use alternate signatures, and how to secretly run a home-based business. J.J. Luna is an expert and highly trained security consultant with years of experience protecting himself, his family, and his clients. Using real life stories and his own consulting experience, J.J. Luna divulges legal methods to attain the privacy you crave and deserve, whether you want to shield yourself from casual scrutiny or take your life savings with you and disappear without a trace. Whatever your needs, Luna reveals the shocking secrets that private detectives and other seekers of personal information use to uncover information and then shows how to make a serious commitment to safeguarding yourself. There is a prevailing sense in our society that true privacy is a thing of the past. In a world where privacy concerns that only continue to grow in magnitude, How to Be Invisible, Third Edition is a critical antidote to the spread of new and more efficient ways of undermining our personal security. Privacy is a commonly-lamented casualty of the Information Age and of the world's changing climate--but that doesn't mean you have to stand for it. This new edition of J. J. Luna's classic manual contains step-by-step advice on building and maintaining your personal security, including brand new chapters on: - The dangers from Facebook, smartphones, and facial recognition - How to locate a nominee (or proxy) you can trust - The art of pretexting, aka social engineering - Moving to Baja California Sur; San Miguel de Allende, Guanajuato; Cuenca, Ecuador; or Spain's Canary Islands -

Critique of Black Reason

Discover an epic historical novel of a young saint escaping death from Pulitzer Prize finalist Luis Alberto Urrea, author of *The House of Broken Angels*. This historical novel is based on Urrea's real great-aunt Teresita, who had healing powers and was acclaimed as a saint. Urrea has researched historical accounts and family records for years to get an accurate story.

The Foreign Exchange Matrix

A cultural history of global electronic dance music countercultures, *Technomad* explores the pleasurable and activist trajectories of post-rave. The book documents an emerging network of techno-tribes, exploring their pleasure principles and cultural politics. Attending to sound system culture, electro-humanitarianism, secret sonic societies, teknivals and other gatherings, intentional parties, revitalisation movements and counter-colonial interventions, *Technomad* investigates how the dance party has been harnessed for transgressive and progressive ends, for manifold freedoms. Seeking freedom from moral prohibitions and standards, pleasure in rebellion, refuge from sexual and gender prejudice, exile from oppression, rupturing aesthetic boundaries, re-enchanting the world, reclaiming space, fighting for the right to party, and responding to a host of critical concerns, electronic dance music cultures are multivalent sites of resistance. Drawing on extensive ethnographic, netographic and documentary research, *Technomad* details the post-rave trajectory through various local sites and global scenes, with each chapter attending to unique developments in the techno counterculture: e.g. Spiral Tribe, teknivals, psytrance, Burning Man, Reclaim the Streets, Earthdream. The book offers an original nuanced theory of resistance to assist understanding of these developments. This cultural history of hitherto uncharted territory will be of interest to students of cultural, performance, music, media, and new social movement studies, along with enthusiasts of dance culture and popular politics.

Fundamentals of Offshore Banking: How to Open Accounts Almost Anywhere

How numerous tax loopholes and the lowest corporate tax rates are morphing Canada into the world's favorite tax haven."

Deleuze and Guattari's Anti-Oedipus

The true irony of American life is that everybody does precisely what they're told, but then are shocked when they end up like everyone else.

They don't end up millionaires. They don't end up with great careers. They don't have hot wives or husbands. They're just like every other 30 something schmuck with student loans, a mortgage they can't afford, a job they hate, a looming divorce, and a cluelessness as to why their lives never turned out the way they were promised. They did what they were told. They did everything right. They followed the advice of others. And they played by the rules. which is precisely why they failed. You have a choice in life. Do what everybody says you should do and end up like everyone else. Or figure out what you want out of life first and become a "Reconnaissance Man" instead. Be you a 17 year old whose parents are forcing you into college, or a 45 year old who's wondering where his youth and life has gone, "Reconnaissance Man" is the book that guarantees you live life right the first time or at least ends your wandering in the desert. By perfectly and clearly explaining the process by which a person figures out who they are and what they want out of life, "Reconnaissance Man" provides the reader a clear road map to life, ensuring you don't waste precious decades on worthless degrees, careers you hate, and people you don't love. Make sure your life counts. Buy "Reconnaissance Man" today.

Field Guide to the Palms of the Americas

The Last Shaman is a captivating ride through the jungles of war-torn Africa. Mark Vale, who represents any of us struggling to take consistent ownership of our personal power, takes an unwanted journey to find the last shaman who is responsible for ending the war and saving thousands of lives. All throughout, Mark learns from a colourful array of characters – including a Doctor of Philosophy exiled in the swamps, a shape-shifting sorceress, and the widow of a tribal scout – who teach him to commit completely to the desires of his soul. We see how that commitment enables him to create in a way that uplifts not only himself, but also the whole world that he is a part of. 'Like The Alchemist and The Celestine Prophecy, The Last Shaman is poised to take its rightful place among the spiritual classics of our time'. – Doreen Banaszak, author of 'Excuse Me, Your Life is Now'. Click the play button below the book image, and watch William Whitecloud talk about this book, "The Last Shaman".

GQ How to Win at Life

Special Economic Zones (SEZs) have become a popular development policy throughout the world over the last half a century. These zones form designated areas where governments offer businesses lower taxes, tariffs, and often lighter regulations. Generally, SEZs aim to attract investments and raise a country's export and employment rates, but although success stories are often cited, there are numerous failed projects that have instead become burdens for their host countries. This book examines SEZs from a political economy perspective, both to dissect the incentives of governments, zone developers, and exporters, and to uncover both the hidden costs and untapped potential of zone policies. Costs include misallocated resources, the encouragement of rent-seeking, and distraction of policy-makers from more effective reforms. However, the zones also have several unappreciated benefits. They can change the politics of a country, by generating a transition from a system of rent-seeking to one of liberalized open markets. In revealing the hidden promise of SEZs, this book shows how the SEZ model of development can succeed in the future. Applying frameworks from various schools of political economy, this volume places SEZs in

Free Reading Nomad Capitalist How To Reclaim Your Freedom With Offshore Bank Accounts Dual Citizenship Foreign Companies And Overseas Investments

the context of their mixed past and promising future. It is essential reading for anyone with an interest in international economics, development economics, and political economy, including practitioners and consultants of SEZ policies.

U. S. Taxes for Worldly Americans

Offshore banking is a subject that conjures up notions of romance and intrigue. Ideas of hidden millions tucked away in anonymous bank vaults and spies coming and going easily slip into a person's head. However, this is all very far from the truth. Between the covers of this book, the author introduces you to the basics of offshore banking. Spelled out in simple black and white, you will learn what is required to open an account in a distant foreign land. Also discussed are many of the reasons that you would wish to take this step. Finally, many profiles of countries that are willing to accept international deposits are included. With each of these profiles, you will be given contact information to the banking regulators of that country and for the banks themselves.

How to Be a Capitalist Without Any Capital

This user-friendly and authoritative book will serve scientists, growers, and sightseers as a guide to the 67 genera and 550 species of naturally occurring palms found in the Americas. Its purpose is to give an introduction to the diversity of palms and allow almost anyone to identify a palm from this part of the world. Andrew Henderson is Assistant Scientist at the New York Botanical Garden. Gloria Galeano and Rodrigo Bernal are Assistant Professors at the Instituto de Ciencias Naturales, Universidad Nacional de Colombia, Bogota. Originally published in 1995. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Kremlin School of Negotiation

Forever Nomad is a comprehensive guide to world travel, for first time travelers, long-time nomads, and everyone in between. Learn all the tricks nomads use to get plane tickets for a fraction of what normal people pay, how to maximize points and loyalty programs, how to access airport lounges and other VIP perks, and how to work and make friends around the world. You'll even discover how to have multiple homes around the world for less than it costs for a one-bedroom in your home city. Most importantly, learn how to travel in harmony with regular life, rather than have it become a stressful disruption as it is for most people. Forever Nomad is a book about making the entire world into your world, and doing so in a sustainable and enjoyable way.

This book describes the criteria and systems to successfully raise all the capital you need for any worthy venture.

Magnetic Capital

Eugene W. Holland provides an excellent introduction to Gilles Deleuze and Felix Guattari's *Anti-Oedipus* which is widely recognized as one of the most influential texts in philosophy to have appeared in the last thirty years. He lucidly presents the theoretical concerns behind *Anti-Oedipus* and explores with clarity the diverse influences of Marx, Freud, Nietzsche and Kant on the development of Deleuze & Guattari's thinking. He also examines the wider implications of their work in revitalizing Marxism, environmentalism, feminism and cultural studies.

How to Make a Million Dollars an Hour

An investigation of Jewish identity politics and Jewish contemporary ideology using both popular culture and scholarly texts. Jewish identity is tied up with some of the most difficult and contentious issues of today. The purpose in this book is to open many of these issues up for discussion. Since Israel defines itself openly as the 'Jewish State', we should ask what the notions of 'Judaism', 'Jewishness', 'Jewish culture' and 'Jewish ideology' stand for. Gilad examines the tribal aspects embedded in Jewish secular discourse, both Zionist and anti Zionist; the 'holocaust religion'; the meaning of 'history' and 'time' within the Jewish political discourse; the anti-Gentile ideologies entangled within different forms of secular Jewish political discourse and even within the Jewish left. He questions what it is that leads Diaspora Jews to identify themselves with Israel and affiliate with its politics. The devastating state of our world affairs raises an immediate demand for a conceptual shift in our intellectual and philosophical attitude towards politics, identity politics and history.

The World's Best Tax Havens

Libertarian journalist Kristin Tate provides a look into the wild world of frivolous taxation, aimed at educating members of her own generation in the evils of big government. In *How Do I Tax Thee?*, libertarian commentator and rising media star Kristin Tate takes us on a tour of the ways the government bleeds us dry in innumerable daily transactions and at various stages of life. We all know the government taxes our pay: federal, state, and local taxes are withheld by employers, as are social security payments. But what about the many other ways the government drains money from our wallets? Have you studied your cell phone bill? Customers in New York State pay an average of 24.36% in federal, state and local taxes on their wireless bills. They're also charged for obscure services they didn't ask for and don't understand like a universal service fund fee, an FCC compliance fee, a line service fee, and an emergency services fee. These aren't taxes, strictly speaking. The government imposes these administrative and regulatory costs, and your wireless provider passes them along to you. But the effect is exactly the same. What about your cable bill? Your power bill? Your water bill? The cost of a gallon of gas, a cab ride, a hotel stay and a movie ticket are all inflated by hidden fees. How much of what you pay at the pump, the box office, or the airport is really an indirect tax? In a series of short, pointed, fact-laden, humorous chapters, Tate exposes the vast government shakedown that consumes up to half of

Free Reading Nomad Capitalist How To Reclaim Your Freedom With Offshore Bank Accounts Dual Citizenship Foreign Companies And Overseas Investments

your income—and also explains where these hidden fees and taxes come from.

The Guardian: "a useful guide". This 250 page book tells you everything you need to know about tax havens and how they can be used to reduce your taxes even after the G8 changes. The first half looks at the top 25 tax havens in detail. As well as covering the tax regime for each in detail we also look at how to obtain residence there, what its like to live and work there and typical property prices. The second half of the book looks at the tax planning strategies available and how you can use tax havens to reduce your taxes. Many of the strategies are the same ones used by the large companies and super rich. We show you how to use these strategies to legally reduce your tax liabilities. Setting up offshore trusts, companies and foundations are all covered in detail. What Information is Contained in the Guide? This is the only book of its kind and The World's Best Tax Havens is written in clear English with plenty of examples and tax planning tips. You'll find out all about: How tax havens can help you pay less of the four 'Big Taxes': income tax, capital gains tax, inheritance tax and corporation tax. The best European tax havens, including one just 80 miles from the UK which has no capital gains tax, inheritance tax or company tax and is opening its arms to UK residents. Changes to the regime for a number of tax havens during 2015 A Mediterranean tax haven where property is booming, the cost of living is low and there is no capital gains tax or tax on investment income. Two beautiful Mediterranean islands where UK pensions are taxed at just 5% and 15% respectively. Everything you need to know about the gorgeous Caribbean tax havens: living there, buying property and setting up offshore companies and trusts. Countries covered include: Anguilla, The Bahamas, Barbados, The British Virgin Islands, The Cayman Islands, St Kitts and Nevis, and the Turks and Caicos Islands. How to become a HMWI and enjoy Gibraltar's fantastic lifestyle and low taxes. A prosperous English-speaking country just one hour from the UK with a company tax rate of just 12.5% and no tax on UK investment income or capital gains. The best Eastern European tax havens, from Estonia to Russia. Other important tax haven gems scattered around the globe -- some of these countries have 0% taxes, dirt cheap property and are practically begging you to go and take up what's on offer. Everything you need to know about setting up and using offshore companies and trusts. The tremendous benefits of foundations when it comes to protecting your privacy. How to protect your privacy with nominees Recent G20 changes Moving abroad to escape the taxman's clutches How to set up a completely anonymous offshore company using bearer shares. How big companies and the

Complete Taxation Guide to Canadian Real Estate Investing

Build your strongest-ever portfolio from anywhere in the world Millionaire Expat is a handbook for smart investing, saving for retirement, and building wealth while overseas. As a follow-up to The Global Expatriate's Guide to Investing, this book provides savvy investment advice for everyone—no matter where you're from—to help you achieve your financial goals. Whether you're looking for safety, strong growth, or a mix of both, index funds are the answer. Low-risk and reliable, these are the investments you won't hear about from most advisors. Most advisors would rather earn whopping commissions than follow sound financial principles, but Warren Buffett and Nobel Prize winners agree that index funds are the best way to achieve market success—so who are you ready to trust with your financial future? If you want a better advisor, this book will show you how to find one; if you'd rather go it alone, this book gives you index fund strategies to help you invest in the best products for you. Learn how to invest for both safety and strong returns Discover just how much retirement will actually cost, and how much you should be saving every month Find out where to find a trustworthy advisor—or go it alone Take advantage of your offshore status to invest successfully and profitably Author Andrew Hallam was a high school teacher who built a million-dollar portfolio—on a teacher's salary. He knows how everyday people can achieve success in the market. In Millionaire Expat, he tailors his best advice to the unique needs of those living overseas to give you the targeted, real-world guidance you need.

The Complete Guide to Offshore Residency, Dual Citizenship and Second Passports

Instant Wall Street Journal Bestseller! You don't need to be Ivy League educated, have money, be creative, or even have an idea to get rich.

You just need to be willing to break the rules. At nineteen, I founded a software company with \$119 in my bank account. Five years later, it was valued at \$10.5 million. I don't consider myself exceptionally brilliant. I just realized something few people know: You don't need lots of money or an original idea to get really rich. Now, I make more than \$100,000 in passive income every month, while also running my own private equity firm and hosting The Top Entrepreneurs podcast, which has more than 10 million downloads. This book will show you how I went from college dropout to member of the New Rich. And I'm holding nothing back. You'll see my tax returns, my profit and loss statements, my email negotiations when buying and selling companies. It's time to forget your grandfather's advice. I'll teach you how to be a modern opportunist--investor, entrepreneur, or side hustler--by breaking these four golden rules of the old guard: 1.Focus on one skill: Wrong. Don't cultivate one great skill to get ahead. In today's business world, success goes to the multitaskers. 2.Be unique: Wrong. The way to get rich is not by launching a new idea but by aggressively copying others and then adding your own twist. 3.Focus on one goal: Wrong. Focus instead on creating a system to produce the outcome you want, not just once, but over and over again. 4.Appeal to the masses: Wrong. The masses are broke (\$4k average net worth in America?). Let others cut a trail through the jungle so you can peacefully walk in and capitalize on their hard work. By rejecting these defunct rules and following my unconventional path, you can copy other people's ideas shamelessly, bootstrap a start-up with almost no funding, invest in small local businesses for huge payoffs, and reap all the benefits.

Escape the nine-to five and learn how to live and work on the road with the latest addition to Lonely Planet's Handbook series, a practical guide inspiring and motivating people to achieve their goal of travelling more, starting a whole new way of living and creating a flexible work/life balance.

The End of Jobs

Negotiating is something that we all do, whether at work or at home. But what if we come across someone who just won't give in? How can we defend ourselves against manipulation? And how do we say 'no' without compromising a deal? Legend has it that the Kremlin school of negotiation was born in Russia in the 1920s, under the rule of Joseph Stalin, and it still has its followers and advocates to this day. Using the official Kremlin method and years of business experience, Igor Ryzov guides us through the most effective techniques in negotiating terms that satisfy both parties. From knowing how to get the most information about a potential deal, to how to read your counterpart, and advice on defusing tension, this comprehensive handbook ensures a mutually acceptable resolution that leaves you walking away successful. With practical examples, and exercises to hone your negotiating skills, The Kremlin School of Negotiation will offer the tools you need to master any deal.

The Global Expatriate's Guide to Investing

Featuring all new material not included in the print edition, including: two deleted chapters, the contents of Neil's Bugout Bag, a disaster survival cheat sheet on how to survive 35 catastrophic events, and ten emergency-preparedness myths that can kill you. Terrorist attacks. Natural disasters. Domestic crackdowns. Economic collapse. Riots. Wars. Disease. Starvation. What can you do when it all hits the fan? You can learn to be self-sufficient and survive without the system. ****I've started to look at the world through apocalypse eyes.**** So begins Neil Strauss's harrowing new book: his first full-length work since the international bestseller *The Game*, and one of the most original-and provocative-narratives of the year. After the last few years of violence and terror, of ethnic and religious hatred, of tsunamis and hurricanes—and now of world financial meltdown—Strauss, like most of his generation, came to the sobering realization that, even in America, anything can happen. But rather than watch helplessly, he decided to do something about it. And so he spent three years traveling through a country that's lost its sense of safety, equipping himself with the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked *The Game*, *The Dirt*, and *How to Make Love Like a Porn Star*, *Emergency* traces Neil's white-knuckled journey through today's heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a gun-toting, plane-flying, government-defying survivor. It's a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It's one man's story of a dangerous world—and how to stay alive in it. Before the next disaster strikes, you're going to want to read this book. And you'll want to do everything it suggests. Because tomorrow doesn't come with a guarantee

The Last Shaman

Distance is an illusion. We are lucky to live in an age where planes and communication technologies have made the world smaller than ever. There are new opportunities galore. We are at the brink of a revolution that changes the way we live, work and play. And the good news is - you can be part of it. Life doesn't have to be a rat race. Why toil away in an office when you could be working from a hammock? Why postpone that round-the-world trip until your retirement? Why retire at all when work can be fun? A growing army of digital nomads are finding their own answers to these questions. Armed with a laptop, they follow their dreams and live unforgettable adventures. Are you ready to join in their footsteps and make the world your playground?
