American Night

American Night, the final volume of an unprecedented trilogy, brings Alan Wald's multigenerational history of Communist writers to a poignant climax. Using new research to explore the intimate lives of novelists, poets, and critics during the Cold War, Wald reveals a radical community longing for the rebirth of the social vision of the 1930s and struggling with a loss of moral certainty as the Communist worldview was being called into question. The resulting literature, Wald shows, is a haunting record of fracture and struggle linked by common structures of feeling, ones more suggestive of the "negative dialectics" of Theodor Adorno than the traditional social realism of the Left. Establishing new points of contact among Kenneth Fearing, Ann Petry, Alexander Saxton, Richard Wright, Jo Sinclair, Thomas McGrath, and Carlos Bulosan, Wald argues that these writers were in dialogue with psychoanalysis, existentialism, and postwar modernism, often generating moods of piercing emotional acuity and cosmic dissent. He also recounts the contributions of lesser known cultural workers, with a unique accent on gays and lesbians, secular Jews, and people of color. The vexing ambiguities of an era Wald labels "late antifascism" serve to frame an impressive collective biography.

Dr. Stafford North answers many common questions about the end of time. - What and when are the "last days"? - What does the Bible teach about the end of time? - Do Old Testament prophets predict an earthly reign of Christ? Will it last a thousand years? - Will there be a rapture? - Are there signs which signal the coming of the end of time? - Do Bible prophets foretell of a great war just before the end of the world? - Will one or two antichrists plunge the earth into that final war? Drawing from a lifetime of study, North explores biblical teaching about the last days, Book of Revelation and second-coming of Christ, while addressing many of the popular end times theories and myths. Like a Thief in the Night serves as an excellent companion study to North's book, Unlocking Revelation, and contains teaching outlines for each chapter. Dr. Stafford North is a distinguished professor of Bible at Oklahoma Christian University, where he has taught for more than half a century. He has also been a frequent lectureship speaker, served as a local minister, and has been an elder for more than thirty years at the Memorial Road Church of Christ. The Night Swim

Based on the extraordinary life of National Book Award-winning author Louise Erdrich 's grandfather who worked as a night watchman and carried the fight against Native dispossession from rural North Dakota all the way to Washington, D.C., this powerful novel explores themes of love and death with lightness and gravity and unfolds with the elegant prose, sly humor, and depth of feeling of a master craftsman. Thomas Wazhashk is the night watchman at the jewel bearing plant, the first factory located near the Turtle Mountain Reservation in rural North Dakota. He is also a Chippewa Council member who is trying to understand the consequences of a new " emancipation " bill on its way to the floor of the United States Congress. It is 1953 and he and the other council members know the bill isn ' t about freedom; Congress is fed up with Indians. The bill is a " termination " that threatens the rights of Native Americans to their land and their very identity. How can the government abandon treaties made in good faith with Native Americans " for as long as the grasses shall grow, and the rivers run " ? Since graduating high school, Pixie Paranteau has insisted that everyone call her Patrice. Unlike most of the girls on the reservation, Patrice, the class valedictorian, has no desire to wear herself down with a husband and kids. She makes jewel bearings at the plant, a job that barely pays her enough to support her mother and brother. Patrice ' s shameful alcoholic father returns home sporadically to terrorize his wife and children and bully her for money. But Patrice needs every penny to follow her beloved older sister, Vera, who moved to the big city of Minneapolis. Vera may have disappeared; she hasn ' t been in touch in months, and is rumored to have had a baby. Determined to find Vera and her child, Patrice makes a fateful trip to Minnesota that introduces her to unexpected forms of exploitation and violence, and endangers her life. Thomas and Patrice live in this impoverished reservation community along with young Chippewa boxer Wood Mountain and his mother Juggie Blue, her niece and Patrice ' s best friend Valentine, and Stack Barnes, the white high school math teacher and boxing coach who is hopelessly in love with Patrice. In the Night Watchman, Louise Erdrich creates a fictional world populated with memorable characters who are forced to grapple with the worst and best impulses of human nature. Illuminating the loves and lives, the desires and ambitions of these characters with compassion, wit, and intelligence, The Night Watchman is a majestic work of fiction from this revered cultural treasure.

When it was published in 1932, this revolutionary first fiction redefined the art of the novel with its black humor, its nihilism, and its irreverent, explosive writing style, and made Louis-Ferdinand Celine one of France's--and literature's--most important 20th-century writers. The picaresque adventures of Bardamu, the sarcastic and brilliant antihero of *Journey to the End of the Night* move from the battlefields of World War I (complete with buffoonish officers and cowardly soldiers), to French West Africa, the United States, and back to France in a style of prose that's lyrical, hallucinatory, and hilariously scathing toward nearly everybody and everything. Yet, beneath it all one can detect a gentle core of idealism.

Journey to the End of the Night

In her debut novel, Pearl North takes readers centuries into the future, to a forgotten colony of Earth where technology masquerades as magic and wars are fought over books. Haly is a Librarian, one of a group of people dedicated to preserving and protecting the knowledge passed down from the Ancients and stored in the endless maze of books known as the Libyrinth. But Haly has a secret: The books speak to her. When the threat of the rival Eradicants drives her from her home, Haly learns that things are not all she thinks they are. Taken prisoner by the Eradicants, who believe the written word to be evil, she sees the world through their eyes and comes to understand that they are not the book-burning monsters that she has known her entire life. The words of a young girl hiding in an attic—written hundreds of years before Haly's birth—will spark the interest of her captors and begin the change necessary to end the conflict between the Eradicants and Librarians. With the help of her loyal companion Nod, a creature of the Libyrinth, Haly must mend the rift between the two groups before their war for knowledge destroys them all. Haly's life—and the lives of everyone she knows—will never be the same. A powerful adventure that unites the present and future, *Libyrinth* is a fresh, magical novel that will draw in young readers of all genres. Many people dream of escaping modern life, but most will never act on it. This is the remarkable true story of a man who lived alone in the woods of Maine for 27 years, making this dream a reality—not out of anger at the world, but simply because he preferred to live on his own. A New York Times bestseller In 1986, a shy and intelligent twenty-year-old named Christopher Knight left his home in Massachusetts, drove to Maine, and disappeared into the forest. He would not have a conversation with another human being until nearly three decades later, when he was arrested for stealing food. Living in a tent even through brutal winters, he had survived by his wits and courage, developing ingenious ways to store edibles and water, and to avoid freezing to death. He broke into nearby cottages for food, clothing, reading material, and other provisions, taking only what he needed but terrifying a community never able to solve the mysterious burglaries. Based on extensive interviews with Knight himself, this is a vividly detailed account of his secluded life—why did he leave? what did he learn?—as well as the challenges he has faced since returning to the world. It is a gripping story of survival that asks fundamental questions about solitude, community, and what makes a good life, and a deeply moving portrait of a man who was determined to live his own way, and succeeded.

stark scenes, Severo revisits moments from his childhood--sketching a rare map of the subtle, yet violent, mechanisms that marginalize culturally specific communities. A luminous meditation on poverty and imaginative possibility. "The speaker of Fabi á n Severo's remarkable book narrates the struggles of a life lived in a provincial town in Uruguay, but it is not the hardships that a reader will remember, but the hopes, the tender interiority, the intimate knowledge of a place this remarkable poet de-scribes. Rendered in precise and elegant English by Eglin and Kercheval, this book will be a revelation to American readers as it introduces a voice on uncommon clarity and sensitivity, both retrospective and pinned to a hopeful future, from a poet of great expressive gifts."--Mark Wunderlich "'Life is like that / the less you have / the more you dream, ' Fabi á n Severo's whimsical yet somber, realistic, and tireless narrator states. Written from a place called Artigas, border terrain not possessed by the people who inhabit it, in a language that 'flies loose and free through the sky, ' these poems, so adeptly translated by Laura Cesarco Eglin and Jesse Lee Kercheval, address troubles of poverty, displacement, and abuse in surprisingly simple yet forceful, elegant language. I too wonder 'if God exists / and we are all his children / how can there be a place you're not allowed in?'"--Curtis Bauer "'Mar í a always tells the same story, / and her face becomes so happy / that one is filled with sadness.' Such are the many-layered emotional resonances in Fabi á n Severo's astonishing collection NIGHT IN THE NORTH, which follows the narrator as he records memories of daily life in a small border town in Uruguay. I am in awe of the tender intimacy Severo captures between people living through and into poverty and hardship, in the small tokens that illuminate both sorrow and richness. In sharp and precise language, Laura Cesarco Eglin and Jesse Lee Kercheval bring a much-needed voice into American literature."--Lauren Shapiro

It will stay with me for a long time' Jeet Thayil'Paralkar has created my favorite kind of story: morbid, magical, and enthralling' Sarah BlakeAs dusk approaches, a former surgeon goes about closing up his dilapidated clinic in rural India. His day, like all his days, has been long and hard. His medical supplies arrive late if at all, the electricians in the clinic threaten to burn out at any minute, and his overseer, a corrupt government official, blackmails and extorts him. It is thankless work, but the surgeon has long given up any hope of reward in this life. That night, as the surgeon completes his paperwork, he is visited by a family - a teacher, his heavily pregnant wife and their young son. Victims of a senseless attack, they reveal to the surgeon wounds that they could not possibly have survived. And so the surgeon finds himself faced with a preposterous task: to mend the wounds of the dead family before sunrise so that they may return to life. But this is not the only challenge laid before the surgeon, and as the night unfolds he realises his future is tied more closely to that of the dead family than he could have imagined. At once dustily realist and magically unreal, *Night Theatre* is a powerful fable about the miracles we ask of doctors, and the fine line they negotiate between life and death.

Daniel Clark demonstrates the dramatic impact unionization made on the lives of textile workers in Henderson, North Carolina, in the decade after World War II. Focusing on the Harriet and Henderson Cotton Mills, he shows that workers valued the Textile Workers Union of America for more than the higher wages and improved benefits it secured for them. Specifically, Clark points to the importance members placed on union-instituted grievance and arbitration procedures, which most labor historians have seen as impediments rather than improvements. From the signing of contracts in 1943 until a devastating strike fifteen years later, the union gave local workers the tools they needed to secure at least some measure of workplace autonomy and respect from their employer. Union-instituted grievance procedures were not without flaws, says Clark, but they were the linchpin of these efforts. When arbitration and grievance agreements collapsed in 1958, the result was the strike that ultimately broke the union. Based on complete access to company archives and transcripts of grievance hearings, this case study recasts our understanding of labor-management relations in the postwar South.

Good Night North Carolina

This sweeping history of popular religion in eighteenth-century New England examines the experiences of ordinary people living through extraordinary times. Drawing on an unprecedented quantity of letters, diaries, and testimonies, Douglas Winiarski recovers the pervasive and vigorous lay piety of the early eighteenth century. George Whitefield's preaching tour of 1740 called into question the fundamental assumptions of this thriving religious culture. Incited by Whitefield and fascinated by miraculous gifts of the Holy Spirit--visions, bodily fits, and sudden conversions--countless New Englanders broke ranks with family, neighbors, and ministers who dismissed their religious experiences as delusive enthusiasm. These new converts, the progenitors of today's evangelical movement, bitterly assaulted the Congregational establishment. The 1740s and 1750s were the dark night of the New England soul, as men and women groped toward a restructured religious order. Conflict transformed inclusive parishes into exclusive networks of combative spiritual seekers. Then as now, evangelicalism emboldened ordinary people to question traditional authorities. Their challenge shattered whole communities.
