In the time between the First and Second World Wars, a young boy grows up in a small Polish town. Life has settled down after WWI, and the boy splits his time between helping run his father's bakery and going to school. However, as the Nazis slowly advance into Poland and the war begins, the boy is swept away to be a part of the workforce meant to build the Autobahn. Away from home for the first time, and too naive to comprehend the ramifications of the war, the boy is forced to grow up on his own in a very short amount of time in order to survive the ordeal that is now known as the Holocaust. Following his life through the war and the uncertainty of life after it, this book tells the true story of one man's life as he fights for survival. Now 91 years old, Jack Rath tells his story as he goes from being the baker's son to a survivor of one of the worst events in history.

A sea kayak battles the freezing Irish waters as the morning sun rises out of the countryside. On the western horizon is the pinnacle of Skellig Michael-700 feet of vertical rock rising out of exploding seas. Somewhere on the isolated island are sixth-century monastic ruins where the light of civilization was kept burning during the Dark Ages by early Christian Irish monks. Puffins surface a few yards from the

boat, as hundreds of gannets wheel overhead on six foot wing spans. The ocean rises violently and tosses paddler and boat as if they were discarded flotsam. This is just one day of Chris Duff's incredible three month journey.

### **The Man Who Would Be King**

Like the instant classic *The Last American Man, Fearless* is the story of a remarkable individual who accepts no personal limits—including fear. Freya Hoffmeister, a forty-six-year-old former sky diver, gymnast, marksman, and Miss Germany contestant, left her twelve-year-old son behind to paddle alone and unsupported around Australia—a year-long adventure that virtually every expert guaranteed would get her killed. She planned not only to survive the 9,420-mile trip through huge, shark-infested seas, but to do it faster than the only other paddler who did it. As journalist and expert kayaker Joe Glickman details the voyage of this Teutonic force of nature, he captures interminable days on the water and nights camped out on deserted islands; hair-raising encounters with crocs and great white sharks; and the daring 300-mile open-ocean crossing that shaved three weeks off her trip. For 332 days Glickman followed Freya's journey on her blog—along with a far-flung audience of awestruck, even lovesick, groupies—as she took on one terrifying ordeal after the next. In the end, he says, “her vanity and pigheadedness paled next to her nearly superhuman ability to master fear and persevere.”

When ancient gods ruled and Druids kept Faith alive, the Celts thrived as a democratic, matriarchal society. Then savage Roman soldiers swept across Europe, killing and enslaving. The Celts did not succumb without a fight. Their Old Ways survived centuries of ruthless domain until another menace loomed: a tortured god worshiped in cold stone buildings. The sacred shores of Avalon began to drift

away, the mists threatened to hide the island from mortal eyes forever. Against the bleak backdrop of war, the gorgeous Scottish Highlands stood tall, sheltering its inhabitants from greedy invaders. Yet the reach of the eagle banners was long and the highlanders turned to the Goddess for protection. However, the sacred groves felt silent and grim as Avalon faded away. Once sad, pealing bells began to sound strangely comforting while the high walls of monasteries offered an alluring barrier from violence. Caught in the middle of this centuries-old war, a young High Priestess might be Avalon's last chance. Wise beyond her years and powerful like no other Priestess in her lifetime, Rowen had served the Goddess faithfully, forsaking her family and the company of her soulmate. When the Lady of the Lake asks for another sacrifice, it might be one too many for her scarred heart. How could she obey the Goddess without betraying Caddaric? Could she trust Eochaid, who embodied everything she despised and hated? Would she be able to fulfill her duties without losing her soul? Caddaric had been Rowen's companion in countless lives; but, now, they existed in different realms. Beautiful Rowen lived in the mortal world while sweet Caddaric remained in the sacred isle of Avalon, watching over her. Could he step aside to allow another man - a flesh and blood man - to become her protector? Eochaid had sworn to protect the Old Ways. The rude warrior never quite understood his faith yet his loyal heart belonged to the Goddess. A gorgeous, fiery High Priestess was not in his plans. He would risk his life to protect Rowen; but, would the Goddess safeguard his heart? Could he defend the bewitching maiden from himself? When stakes were so high that a simple mistake could cost their very world, a priestess, a Druid, and a warrior must learn to trust one another and the mysterious ways of the Goddess. Their success would save Avalon. Their failure would tear the island from the human realm forever, condemning it to oblivion. Failure was not an option. This is a standalone, historical/paranormal romance. Its mature themes - sexual violence, religion, and pagan rituals - might not be appropriate for

audiences under 18.

Celtic sea people come in as many varieties as there are people. Some are born to the sea; it is in their blood, like the Vikings. Some have the seafaring life cast upon them, like the men who are pressed into service with a hit on the back of the head. Others are running from life on the land, or cast into the sea through no fault of their own. There are merchants, pirates, privateers, and raiders. They trade if they can, but take what they want.

In the summer of 1987 Ed Gillet achieved what no person has accomplished before or since, a solo crossing from California to Hawaii by kayak. Gillet, at the age of 36 an accomplished sailor and paddler, navigated by sextant and always knew his position within a few miles. Still, Gillet underestimated the abuse his body would take from the relentless, pounding, swells of the Pacific, and early into his voyage he was covered with salt water sores and found that he could find no comfortable position for sitting or sleeping. Along the way he endured a broken rudder, among other calamities, but at last reached Maui on his 63rd day at sea, four days after his food had run out. Dave Shively brings Gillet's remarkable story to life in this gripping narrative, based on exclusive access to Gillet's logs as well as interviews with the legendary paddler himself.
