Denslow's Mother Goose

Lizzie O'Malley, a twenty three year old free spirited young woman, is on the run to find her purpose in life. In the summer of 2000, she returns home to Boston, Massachusetts to begin a life that she can be proud of. On her first night out on the town with a friend, tragedy strikes and she finds herself the cause of emotional wreckage. Instead of dealing, she concentrates on the man she met that first night. Teagan Gallagher, a twenty two year old college student from Ireland, spends the summer of 2000 in Boston, Massachusetts, working towards his degree and partying his way through the city. One night he finds a beautiful American girl that he is desperate to spend the summer with. Together, Teagan and Lizzie learn the ins and outs of an unconventional relationship. It isn't until their relationship is in so deep that it becomes impossible for one or the other to

En esta angustiada versión de nuestro pasado, el Efecto 2000 supuso un cataclismo aún mayor de lo que se temían los expertos, y la única persona que puede salvar el futuro es una chica de 12 años procedente de 1988. Vaughan, el autor superventas de SAGA, y Cliff Chiang, el legendario dibujante de WONDER WOMAN, vuelven con el aclamado colorista Matt Wilson en el cuarto volumen, lleno de acción, de PAPER GIRLS.

Paper Girls

This book invites readers to both reassess and reconceptualize definitions of childhood and pedagogy by imagining the possibilities - past, present, and future - provided by the

aesthetic turn to science fiction. It explores constructions of children, childhood, and pedagogy through the multiple lenses of science fiction as a method of inquiry, and discusses what counts as science fiction and why science fiction counts. The book examines the notion of relationships in a variety of genres and stories; probes affect in the convergence of childhood and science fiction; and focuses on questions of pedagogy and the ways that science fiction can reflect the status quo of schooling theory, practice, and policy as well as offer alternative educative possibilities. Additionally, the volume explores connections between children and childhood studies, pedagogy and posthumanism. The various contributors use science fiction as the frame of reference through which conceptual links between inquiry and narrative, grounded in theories of media studies, can be developed.
