### Intermediate Language Practice

Increase your TOEFL iBT score by increasing your speaking and writing scores. How? By using the strategy called argument mapping. Why argument mapping? Because the TOEFL iBT speaking and writing sections are all argument-based tasks. That means if you want high speaking and writing scores, you must know how to map out (develop and deliver) spoken and written arguments, quickly and proficiently. With argument mapping, you will be able to do just that. Best of all, you can apply argument mapping to all six speaking tasks and both writing tasks. That means you will spend less time reading about strategies and more time practicing them. You Will Also Learn: \* Essential rhetorical strategies and opinion development strategies \* Step-by-step basic responses for all speaking and writing tasks \* Step-by-step advanced responses for all speaking and writing tasks \* Step-by-step emergency responses for all speaking and writing tasks \* How to revise your spoken and written responses to maximize scoring \* How to rate spoken and written responses quickly and proficiently ARGUMENT DEVELOPMENT Learn basic and advanced argument development strategies to maximize your speaking and writing scores. By doing so, you can increase your TOEFL score. ARGUMENT MAPPING Learn test-proven speaking and writing strategies quickly and proficiently using the graphics-based strategy called argument mapping. SCORING STRATEGIES Learn how to think like a TOEFL rater so you know exactly what to say and write to maximize scoring.

### Peterson's Master TOEFL Vocabulary

This audio CD package contains the audio of all listening exercises in Listening Power 3 . These Audio CDs do not contain Student Book content. Listening Power is a three-book series with a targeted approach to teaching the listening skills that students need inside and outside the classroom and on standardized tests such as the TOEFL and TOEIC. The Listening Power 3 Student Book (available separately) features four distinct parts designed to be used concurrently. Language Focus teaches essential and sometimes difficult advanced-level skills such as reduced forms, patterns of intonation, and idiomatic expressions. Comprehension Focus presents skills for understanding main ideas, supporting ideas, and details; making inferences, distinguishing facts and opinions; and recognizing organizational patterns. Activities to help students apply the skills follow the presentation. Note-Taking Skills teaches students how to identify important words and information. This section also presents helpful techniques such as use of abbreviations, symbols, and formatting. Listening for Pleasure uses interesting audio material from movies, TV, radio, and recorded storytelling to help students understand the more subtle meaning communicated through tone of voice, sentence stress, and reduced forms.

### **Toefl Practice Tests**

Assuming no prior knowledge, this book offers an accessible overview of English dialects, with activities, study questions, sample analyses, commentaries & key readings. It is structured around four sections: introduction, development, exploration & extension.

### **Words on Cassette 2002**

### **Business Made Simple**

When Bloomberg journalist Mark Pittman suddenly died, his widow spent four summers driving 31,152 miles searching for answers. In her fearless memoir, *The Pink Steering Wheel Chronicles: A Love Story*, author Laura Fahrenthold presents a moving portrait of marriage, motherhood and mourning as she captains a 1993 RV sprinkling her husband's ashes with their two young daughters and a stray dog in an epic quest for healing and understanding. Filled with insight and wit from a career in journalism, the story captures the family's adventures and misadventures, her deeply-layered love story, and her hilarious slice-of-life dispatches where the pink steering wheel becomes her spiritual GPS.

### **Everything You Need to Ace Math in One Big Fat Notebook**

This book examines a wide range of innovations in language learning and teaching in Japan. Each of the chapters describes the impetus for a change or new development in a particular context, from early childhood to adult learning, details its implementation and provides an evaluation of its success. In doing so, they provide a comprehensive overview of best practice in innovating language education from

teaching practice in formal classroom settings, to self-directed learning beyond the classroom, and offer recommendations to enhance language education in Japan and beyond. The book will be of interest to scholars of applied linguistics and language development, and in particular to those involved in managing change in language education that attempts to mediate between global trends and local needs.

## **Listening Power**

This edited volume explores the multifaceted nature of teacher emotions, presenting current research from different approaches and perspectives, focused towards the second language classroom. Twenty three chapters by well-known scholars from the applied linguistics, TESOL and educational psychology fields provide the reader with a holistic picture of teacher emotions, making this collection a significant contribution to the field of second language teaching. Given the emotional nature of teaching, the book explores a number of key issues or dimensions of L2 teachers' emotions that were until now rarely considered. The contributions present the views of a select group of applied linguistic researchers and L2 teacher educators from around the world. This international perspective makes the book essential reading for both L2 teachers and teacher educators.

## **Speaking and Writing Strategies for the TOEFL iBT**

This book constitutes the refereed proceedings of the 17th International Conference on Artificial Intelligence in Education, AIED 2015, held in Madrid, Spain, in June 2015. The 50 revised full papers presented together with 3 keynotes, 79 poster presentations, 13 doctoral consortium papers, 16 workshop abstracts, and 8 interactive event papers were carefully reviewed and selected from numerous submissions. The conference provides opportunities for the cross-fertilization of approaches, techniques and ideas from the many fields that comprise AIED, including computer science, cognitive and learning sciences, education, game design, psychology, sociology, linguistics, as well as many domain-specific areas.

## **Speak Better Business English and Make More Money**

Is this blue book more valuable than a business degree? Most people enter their professional careers not understanding how to grow a business. At times, this makes them feel lost, or worse, like a fraud pretending to know what they're doing. It's hard to be successful without a clear understanding of how business works. These 60 daily readings are crucial for any professional or business owner who wants to take their career to the next level. New York Times and Wall Street Journal bestselling author, Donald Miller knows that business is more than just a good idea made profitable – it's a system of unspoken rules, rarely taught by MBA schools. If you are attempting to profitably grow your business or career, you need elite business knowledge—knowledge that creates tangible value. Even if you had the time, access, or money to attend a Top 20 business school, you would still be missing the practical knowledge that propels the best and brightest forward. However, there is another way to achieve this insider skill development, which can both drastically improve your career earnings and the satisfaction of

achieving your goals. Donald Miller learned how to rise to the top using the principles he shares in this book. He wrote *Business Made Simple* to teach others what it takes to grow your career and create a company that is healthy and profitable. These short, daily entries and accompanying videos will add enormous value to your business and the organization you work for. In this sixty-day guide, readers will be introduced to the nine areas where truly successful leaders and their businesses excel: Character: What kind of person succeeds in business? Leadership: How do you unite a team around a mission? Personal Productivity: How can you get more done in less time? Messaging: Why aren't customers paying more attention? Marketing: How do I build a sales funnel? Business Strategy: How does a business really work? Execution: How can we get things done? Sales: How do I close more sales? Management: What does a good manager do? *Business Made Simple* is the must-have guide for anyone who feels lost or overwhelmed by the modern business climate, even if they attended business school. Learn what the most successful business leaders have known for years through the simple but effective secrets shared in these pages. Take things further: If you want to be worth more as a business professional, read each daily entry and follow along with the free videos that will be sent to you after you buy the book.

### **Check Your Vocabulary for the TOEFL Test**

### **The Nuts and Bolts of English Grammar**

This workbook provides material to revise and build vocabulary for the TOEFL paper and computer-based test. It contains a range of activities, including word games, puzzles and quizzes to help improve and build English vocabulary. It combines both self-study and classroom exercises.

### **365 American English Idioms**

Longman Preparation Course for the TOEFL® Test: iBT gives intermediate to high-intermediate students all the tools they need to succeed on the TOEFL® iBT. The Student Book with CD-ROM and the complete Audio CDs develop test-taking skills and provide extensive practice. The interactive CD-ROM provides more practice and simulates the actual test environment. Features: Diagnostic pre-tests and post-tests identify strengths and weaknesses and assess improvement. Eight mini-tests preview the test's integrated four-skills format. Two complete practice tests familiarize students with the actual test format and timing. Lesson Plans provide step-by-step instructions for teachers and interactive classroom suggestions. Classroom Activities include photocopiable warm-up and follow-up exercises for each language skill.

### **Artificial Intelligence in Education**

This book constitutes the refereed proceedings of the 18th International Conference on Text, Speech and Dialogue, TSD 2015, held in Pilsen,

Czech Republic, in September 2015. The 67 papers presented together with 3 invited papers were carefully reviewed and selected from 138 submissions. They focus on topics such as corpora and language resources; speech recognition; tagging, classification and parsing of text and speech; speech and spoken language generation; semantic processing of text and speech; integrating applications of text and speech processing; automatic dialogue systems; as well as multimodal techniques and modelling.

## **The Pink Steering Wheel Chronicles**

## **Perfect Phrases for the TOEFL Speaking and Writing Sections**

## **Global Englishes for Language Teaching**

Test preparation for the vocabulary section of the latest TOEFL test Test preparation for the vocabulary section of the latest TOEFL test

## **Educational Media and Technology Yearbook**

Perfect Phrases to stand out on the TOEFL—for the more than 800,000 people who take the test To be accepted into most North American undergraduate and graduate programs, international students must take and pass the Test of English as a Foreign Language. Perfect Phrases for the TOEFL Speaking and Writing Sections gives you all the phrases and most commonly used words you need to excel on both the writing and speaking sections of the test. Presented in the easy-to-understand Perfect Phrases format, these phrases allow you to effectively communicate and express yourself in standard American English, and to score your very best on the test.

## **International Handbook of English Language Teaching**

## **Barron's AP Psychology with CD-ROM**

It's the revolutionary math study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace Math . . . covers everything to get a student over any math hump: fractions, decimals, and how to multiply and divide them; ratios, proportions, and percentages; geometry; statistics and probability; expressions and equations; and the coordinate plane and functions. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts,

and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun and are the perfect next step for every kid who grew up on Brain Quest.

### **What's Up?**

Provides a ground-breaking attempt to unite discussions on the pedagogical implications of the global spread of English, and lobby for change.

### **Longman Preparation Course for TOEFL Test**

2017 saw the 25th conference for the European Association of Computer-Assisted Language Learning (EUROCALL). Every year, EUROCALL serves as a rich venue to share research, practice, new ideas, and to make new international friends – and this year was no different. It is an innovative and inspiring conference in which researchers and practitioners share their novel and insightful work on the use of technology in language learning and teaching. This volume of short papers captures the pioneering spirit of the conference and you will find here both inspiration and ideas for theory and practice.

### **Listening Power**

### **Text, Speech, and Dialogue**

Bringing together disciplines such as news translation, media studies, linguistics and financial discourse, this book addresses the issue of English-Greek idiom translation in the news press. It adopts a novel idiom-typology which draws its main concepts from psychology and gives a detailed description of the idiom-translation strategies employed in the Greek financial press. More specifically, this book explores the syntactic, semantic and pragmatic changes that idioms undergo when they are translated and proposes possible parameters that license a particular idiom-translation strategy to be used in preference to another. It is suggested that the four major tendencies dominant in idiom translation, namely idiom adherence, literalization, deletion and compensation, are determined by syntactic, semantic, pragmatic, cognitive and textual parameters. On these grounds, a new idiom-translation model is presented where it is assumed that idiom translation is genre-sensitive, thus pointing to the context-sensitive nature of idiom translation expected to influence the translation quality of genres.

## **CALL in a climate of change: adapting to turbulent global conditions – short papers from EUROCALL 2017**

Listening Power is a three-book series with a targeted approach to teaching the listening skills that students need inside and outside the classroom and on standardized tests such as the TOEFL and TOEIC. Listening Power 2 features four distinct parts designed to be used concurrently. Language Focus teaches essential and sometimes difficult to understand language structures such as questions, numbers, reduced forms, homonyms, and sentence stress. Comprehension Focus presents skills for understanding main ideas and details, making inferences, and understanding sequence. Activities to help students apply the skills follow the presentation. Note-Taking Skills teaches students how to identify important words and information. This section also presents helpful techniques such as use of abbreviations, symbols, and formatting. Listening for Pleasure uses interesting audio material from movies, TV, radio, and recorded storytelling to help students understand the more subtle meaning communicated through tone of voice, sentence stress, and reduced forms.

## **Cambridge Preparation for the TOEFL® Test Book with CD-ROM and Audio CDs Pack**

Offers drill questions, listening exercises, and a full-length simulated TOEFL exam.

## **English Language Teaching Research in the Middle East and North Africa**

In this fast-moving era of global deals and e-business, skills in idiomatic English are more important than ever. TOEIC Business Idioms from Silicon Valley focuses on the language used by high-tech business professionals. This book with audio CD includes: • 100 currently used business idioms with definitions and pronunciation tips • Real business situations that illustrate each idiom, in text and audio format • Practice exercises and quizzes for self-study or classroom use

## **Books in Print, 2004-2005**

Ever wondered why we can say “Maria made the boy cry” but not “Maria made the boy crying”? Or why “Two coffees, please” is acceptable, but “Melvin loves coffees” is generally wrong? Or why we say “It has been raining since ten”, even though nobody asks “What did you say has been raining”? These are some puzzles that will be examined in The Nuts and Bolts of English Grammar. This book will help you understand what English grammar is and how it works. It will show how English combines parts of words to form longer words, how words change their form and combine with other words to form phrases, and how phrases are subsequently combined to form clauses and sentences and texts. Grammar is made both interesting and practical with real-life grammar puzzles. Will this book help you to improve your grammar? Probably, because if you’ve gained a better understanding of grammar by the time you reach the end of this book, you should be able to analyse your own sentences in ways you’ve never done before, and spot and avoid common grammatical errors.

## **The Cumulative Book Index**

This updated manual presents one diagnostic test and two full-length practice tests that reflect the actual AP Psychology Exam in length, subject matter, and difficulty. All test questions are answered and explained. It also provides extensive subject review covering all test topics. Topics reviewed include research methods, the biological basis of behavior, sensation and perception, states of consciousness, learning, cognition, personality, abnormal psychology, and treatment of disorders. This manual also presents an overview of the test, extra multiple-choice practice questions, test-taking tips, and an analysis of the test's essay question with a sample essay. Enclosed with the manual is a CD-ROM that presents two more practice tests with answers, explanations, and automatic scoring, as well as extensive subject review.

## **The New Development of Technology Enhanced Learning**

This is Volume 42 of the Educational Media and Technology Yearbook. For the past 40 years, our Yearbook has contributed to the field of Educational Technology in presenting contemporary topics, ideas, and developments regarding diverse technology tools for educational purposes. Our Yearbook has inspired researchers, practitioners, and teachers to consider how to develop technological designs and develop curricula and instruction integrating technology to enhance student learning, teach diverse populations across levels with effective technology integration, and apply technology in interactive ways to motivate students to engage in course content. In addition, Volume 42 features the Virtual Reality (VR) and Augmented Reality (AR) research and educational use cases, organized and coordinated by Vivienne and David. This section provides evidence that the affordances of AR, VR, and mixed reality, defined as an immersive multi-platform experience reality (XR), have begun to make indelible changes in teaching and learning in the United States. XR's recent developments stimulated the editors to propose a special edition to mark the interoperability of immersive technology to push the boundaries of human curiosity, creativity, and problem solving. After years of incremental development, XR has reached a critical level of investment, infrastructure, and emerging production. The chapters included in this section illustrate how XR can push user inquiry, engagement, learning, and interactivity to new levels within physical and digital contexts.

## **Idiom Translation in the Financial Press**

This edited collection examines a range of English Language Teaching (ELT) research in the Middle East and North Africa (MENA). While the MENA context has witnessed considerable change in recent years, it has so far been under-represented in ELT research at both the regional and the international level. This book aims to fill that gap by surveying the current state of the field, examining in detail a range of issues and concepts, and suggesting future directions for further research. It will be of interest to ELT researchers and practitioners in general - not just those based in MENA contexts themselves.

## **TOEIC Success**

A reference guide for international students on common slang and idioms used on American college campuses.

## **Reframing Singapore**

This two volume handbook provides a comprehensive examination of policy, practice, research and theory related to English Language Teaching in international contexts. More than 70 chapters highlight the research foundation for best practices, frameworks for policy decisions, and areas of consensus and controversy in second language acquisition and pedagogy. The Handbook provides a unique resource for policy makers, educational administrators, and researchers concerned with meeting the increasing demand for effective English language teaching. It offers a strongly socio-cultural view of language learning and teaching. It is comprehensive and global in perspective with a range of fresh new voices in English language teaching research.

## **TOEIC**

The book addresses the main issues concerned with the new development of learning processes, innovative pedagogical changes, the effects of new technologies on education, future learning content, which aims to gather the newest concepts, research and best practices on the frontiers of technology enhanced learning from the aspects of learning, pedagogies and technologies in learning in order to draw a picture of technology enhanced learning in the near future. Some issues like “e-learning m-learning u-learning – innovative approaches,” “the Framework and Method for Understanding the New Generation Students,” “Context-aware Mobile Role Playing Game for Learning,” “Pedagogical issues in content creation and use: IT literacy through Spoken Tutorials,” “Supporting collaborative knowledge construction and discourse in the classroom,” “Digital Systems for Hierarchical Open Access to Education,” “Using Annotated Patient Records to Teach Clinical Reasoning to Undergraduate Students of Medicine,” “Utilizing Cognitive Skills Ontology for Designing Personalized Learning Environments” and “Using Interactive Mobile Technologies to Develop Operating Room Technologies Competency” are discussed in separate chapters.

## **Emotions in Second Language Teaching**

Explains how to review for the listening comprehension and reading portions of the test, and includes sample tests with answer keys

## **Innovation in Language Teaching and Learning**

365 American English Idioms Free Mp3 Audio lessons for this book Check Michael's Author page to learn how to get them Including The EXPLANATION of each idiom. The STRUCTURE showing HOW TO USE the idiom. An EXAMPLE sentence to see how the idiom is used in context. What is an idiom? An idiom is a word or set of words that have a different meaning than the usual & literal meaning of those words.

For example, let's look at the idiom, "a piece of cake." The literal meaning of "a piece of cake" is "one section or part of a whole cake." However, as an idiom, we use "a piece of cake" to mean, "something that is very easy to do." For example, Jack has been building and repairing computers for a long time. For him, repairing a computer is a piece of cake. Why learn idioms? Idioms are commonly used in everyday, conversational English. It is more natural to say, "That job was a piece of cake," than "That job was rather easy for me." I encourage you to study the lessons in this book, and begin using these idioms in your conversations. You will sound more natural when you do so.

### **500 Words, Phrases, and Idioms for the TOEFL iBT plus Typing Strategies**

HOW IS THIS TOEFL BOOK DIFFERENT? This TOEFL book is different because it uses an integrated vocabulary learning system called recycling. Recycling is simple. Each exercise is divided into four quizzes. Quiz 1, a multiple-choice vocabulary quiz, introduces ten new words. Next, you will do Quiz 2, which is a sentence-completion quiz based on the ten words in Quiz 1. Next, you will do Quiz 3, a spelling quiz. The speaker in the audio will say the same ten words in turn. You will then have ten seconds to spell each word by saying it and typing it. Finally, you will do Quiz 4, which is a 60-word typing test based on the ten new words you have been recycling through Quizzes 1, 2 and 3, plus words, phrases and idioms recycled from previous exercises. **BONUS MATERIAL** Learn essential rhetorical strategies and a test-proven way to develop opinion-based and fact-based TOEFL essays.

### **Forthcoming Books**

Over the past two decades, Singapore has advanced rapidly towards becoming a both a global city-state and a key nodal point in the international economic sphere. These developments have caused us to reassess how we understand this changing nation, including its history, population, and geography, as well as its transregional and transnational experiences with the external world. This collection spans several disciplines in the humanities and social sciences and draws on various theoretical approaches and methodologies in order to produce a more refined understanding of Singapore and to reconceptualize the challenges faced by the country and its peoples.

### **TOEFL Test Preparation Kit**

A preparation guide includes more than one hundred minutes of recorded information, sealed test materials, data on the Test of Written English, and in-depth practice instructions by the people who prepare the actual test. Original.

### **Cracking the TOEFL IBT 2013**

## **World Englishes**

The Cambridge Preparation for the TOEFL Test, Fourth Edition, helps students master the language skills they need to succeed on the TOEFL iBT and communicate effectively in an academic setting. The complete package for self-study includes the student book with hundreds of skill-building exercises, the full audio program on audio CDs for use with the exercises and practice tests in the book, and the CD-ROM with seven practice tests.
