military alliance NATO and European military secret services, set up a network of clandestine anti-communist armies in Western Europe after World War II. These secret soldiers were trained on remote islands in the Mediterranean and in unorthodox warfare centres in England and in the United States by the Green Berets and SAS Special Forces. The network was armed with explosives, machine guns and high-tech communication equipment hidden in underground bunkers and secret arms caches in forests and mountain meadows. In some countries the secret army linked up with right-wing terrorist who in a secret war engaged in political manipulation, harassment of left wing parties, massacres, coup d' états and torture. Codenamed 'Gladio' ('the sword'), the Italian secret army was exposed in 1990 by Italian Prime Minister Giulio Andreotti to the Italian Senate, whereupon the press spoke of "The best kept, and most damaging, political-military secret since World War II" (Observer, 18. November 1990) and observed that "The story seems straight from the pages of a political thriller." (The Times, November 19, 1990). Ever since, so-called 'stay-behind' armies of NATO have also been discovered in France, Spain, Portugal, Germany, Belgium, the Netherlands, Luxemburg, Denmark, Norway, Sweden, Finland, Switzerland, Austria, Greece and Turkey. They were internationally coordinated by the Pentagon and NATO and had their last known meeting in the NATO-linked Allied Clandestine Committee (ACC) in Brussels in October 1990.

Despite being relatively brief, this very readable history covers environmental, political, social, economic, cultural and artistic elements, and is very open to regional variations and to the extent that the history of the peninsula and of its political groupings was far from inevitable. Its tone is accessible, supported by boxes providing supplemental information, and is perfect for travellers to Spain.

Time

This volume examines the economic and political circumstances in Portugal since the 1974 revolution. A succinct analysis of the central themes of Portuguese politics (drawing on public opinion surveys conducted in Portugal) is followed by a framework for analyzing the economic consequences of the coup. The authors then assess the influence of the I

Castro examines three case studies: JosT Cardoso Pires's novel Balada da Praia dos Cpes, Eduardo Gageiro's photobook Lisboa no Cais da Mem=ria, and Fernando Lopes's film Belarmino. Here we see literature, film and photography used to challenge received ideas of urban history in the declining years of Portugal's Estado Novo dictatorship. But here too we see the very personal figure of the flGneur, the

Fielding's Portugal

Seventeen-year-old Angel Best has bounced from foster home to foster home and desires to know her biological mother. At the moment she decides to flee foster care for good, something steers her original plan in another direction, the death of her friend Bobby. Angel arrives to an opulent neighborhood, Beautiful Lane to visit Bobby's parents to pay her respects, but after hanging around for a few days, she begins to notice odd behavior from the people of Beautiful Lane. Angel decides to dig deeper into Bobby's murder and soon finds out the murderer is remarkably closer than she thought. If she doesn't leave Beautiful Lane soon she may end up like Bobby, dead.

Mutiny and Its Bounty

This is the story of Galicia, once a crown land of the Austrian Empire, located in the center of Europe. Although largely forgotten today, Galicia was a vibrant, multicultural place where the lives of numerous ethnic and religious groups were intertwined for generations. Galician Trails explores every facet of this long-gone land, from tiny farming villages tucked into mountain passes, to towns filled with a variety of small industries and craftspeople, to modern cities with the conveniences of the late nineteenth and early

How To Download eBook Portugal Europes Best Kept Secret A Unique Blend Of Practical Information Humorous Anecdotes And Insiders Tips About Portugal Get To Know The Real Story Of Portugal And Its People

twentieth centuries. The political struggles and wise compromises that kept Galicia's citizens together for centuries, and the tragic forces that ultimately tore Galicia apart, unfold here before our eyes. When Andrew Zalewski set out to learn a bit more about his grandmother, little did he know that he was embarking on the journey of a lifetime—one that would take him back to faraway Galicia. Along the way, he encountered many of his ancestors, from simple sheep farmers to nobles, from men who helped establish railroads—the exciting new technology of the late nineteenth century—to pioneering professional women of the early twentieth. One of the latter was the author's grandmother, Helena Regiec Sobolewska, a talented educator and a determined, independent woman. She raised a daughter single-handedly through the turmoil of the Great War and the little-known conflicts that followed it. Although the real Galicia disappeared from maps long ago, it will live on in the memory of anyone who travels there through the richly illustrated pages of Galician Trails. This book is for you if you are interested to Discover the rich lives of those who lived in Galicia in the nineteenth and twentieth centuries Find out something about your Austrian, Jewish, Polish, or Ukrainian ancestors who once lived in the land that is divided today between Poland and Ukraine See how new mixed with old to change people's lives Learn little-known details of how World War I and the events that followed forever changed the lives of the people of Galicia

Mercator's World

DIVViolent mutiny was common in seafaring enterprises during the Age of Discovery—so common, in fact, that dealing with mutineers was an essential skill for captains and other leaders of the time. Mutinies in today ' s organizations are much quieter, more social and intellectual, and far less violent, yet the

How To Download eBook Portugal Europes Best Kept Secret A Unique Blend Of Practical Information Humorous Anecdotes And Insiders Tips About Portugal Get To Know The Real Story Of Portugal And Its People

coordinated defiance of authority springs from dissatisfactions very similar to those of long-ago shipboard crews. This highly original book mines seafaring logs and other archives of fifteenth- and sixteenth-century ship captains and discovers instructive lessons for today ' s leaders facing challenges to their authority as well as for other members of organizations in which mutinous events occur. The book begins by examining mutinies against great explorer captains of the Age of Discovery: Christopher Columbus, Ferdinand Magellan, Sebastian Cabot, and Henry Hudson. The authors then identify lessons that entrepreneurs, leaders, and other members may apply to organizational insurrections today. They find, surprisingly, that mutiny may be a force for good in an organization, paving the way to more collaborative leadership and stronger commitment to shared goals and values./div
