another, never really becoming aware of what it is that we are supposed to be learning about ourselves, and our unlimited power. Or we can see each experience as a chance to discover a little more about who we really are, and just how powerful we are when we finally accept the truth about ourself. No matter who we are, how much money or how many possessions we have, we are all heading for the same destination, however; the way we get to that destination is our own 'Personal Journey'. This book is a product of one man's journey, and the experiences that quite often altered his direction along the way. Maybe in the reading of this book, you the reader will see the reflections in your own personal journey.

Reflections on Forgiveness and Spiritual Growth consists of a series of reflections on forgiveness as part of the faith journey written by experienced voices in the Christian community. What lessons and wisdom can you share about the personal struggle to forgive?

Autobiographical Notes, Letters and Reflections

Spend this year experiencing God through the eyes of an Indian teenager in the 1920s. My memories of my Grandfather are the final chapters of a great story. What intrigues me is to see how it all began. I know the ending, but now I want to read the prequel. The wisdom that came with age began here with the scholarship and enthusiasm of youth. I hope to see the world from the viewpoint of a college student not a patriarch. I hope to get to know him better through this book. I hope you will as well.
