Caliban Cove

Olivia Lockhart-Griffin 16 Lighthouse Road Cedar Cove, Washington Dear Reader, Mary Jo Wyse tells me she's in love! With Mack McAfee—who also happens to be her landlord. She and her baby girl, Noelle, have been living at 1022 Evergreen Place, which is right next door to Mack, for a few months. She says she's still a little wary about their relationship because, as she readily admits, she hasn't always made good decisions about men. Her baby's father, David Rhodes, is testament to that! She's worried that he might sue for custody, even though I doubt he has any real interest in his daughter. In the meantime, the World War II letters she found at the house are a wonderful distraction. Both she and Mack are trying to learn what happened to the soldier who wrote them and the woman he loved. She's invited you and me to go to her place sometime. She'll show us the letters. Plus we can catch up on the latest about all our friends in Cedar Cove. I'd also like to learn what's going on with her brother Linc and his wife, Lori (who, according to Mary Jo, tied the knot about five minutes after they met!). Oh, and maybe Mack can join us... "Fascinating . . . A tragic saga, but at the same time it often reads like a thriller filled with acts of extraordinary courage, descriptions of dangerous journeys and a series of secret identities."—Chicago Tribune

"To this day, I don't even know what my mother's real name is." Helen Fremont was raised as a Roman Catholic. It wasn't until she was an adult, practicing law in Boston, that she discovered her parents were Jewish—Holocaust survivors living invented lives. Not even their names were their own. In this powerful memoir, Helen Fremont delves into the secrets that held her family in a bond of silence for more than four decades, recounting with heartbreaking clarity a remarkable tale of survival, as vivid as fiction but with the resonance of truth. Driven to uncover their roots, Fremont and her sister pieced together an astonishing story: of Siberian Gulags and Italian royalty, of concentration camps and buried lives. After Long Silence is about the devastating price of hiding the truth; about families; about the steps we take, foolish or wise, to protect ourselves and our loved ones. No one who reads this book can be

unmoved, or fail to understand the seductive, damaging power of secrets. Praise for *After Long Silence* "Poignant . . . affecting . . . part detective story, part literary memoir, part imagined past."—The New York Times Book Review "Riveting . . . painfully authentic . . . a poignant memoir, a labor of love for the parents she never really knew."—The Boston Globe "Mesmerizing . . . Fremont has accomplished something that seems close to impossible. She has made a fresh and worthy contribution to the vast literature of the Holocaust."—The Washington Post Book World

The Titanic Secret

"Creepy and atmospheric, evocative of Stephen King's classic *Pet Sematary*, *The Migration* is a story of sisterhood, transformation, and the limitations of love, from a thrilling new voice in Canadian fiction. When I was younger I didn't know a thing about death. I thought it meant stillness, a body gone limp. A marionette with its strings cut. Death was like a long vacation--a going away. Storms and flooding are worsening around the world, and a mysterious immune disorder called JI2 has begun to afflict the young. Seventeen-year-old Sophie Perella is about to begin her senior year of high school in Toronto when her little sister, Kira, is diagnosed. Their parents' marriage falters under the strain, and Sophie's mother, Charlotte, takes the girls to Oxford, England, to live with their Aunt Irene. An epidemiologist obsessed with relics of the Black Death, Irene works with a Centre that specializes in treating people with JI2. She is a friend to Sophie, and offers a window into a strange and ancient history of human plague and recovery. Sophie just wants to understand what's happening now; she wants her sweet, goofy sister to be back to normal. But as JI2 mortality rates climb, and reports emerge of bodily tremors in the dead, it becomes clear there is nothing normal about this condition. Desperate to protect Kira, cut off from the

world of her youth, Sophie faces an unimaginable choice: let go of the sister she knows, or embrace something terrifying and new. Tender and chilling, unsettling and hopeful, *The Migration* is a story of a young woman's dawning awareness of mortality and the power of the human heart to thrive in cataclysmic circumstances."--

Jack-In-The-Box

Introducing Alice Quentin, a London psychologist with family baggage, who finds herself at the center of a grisly series of murders Alice Quentin is a psychologist with some painful family secrets, but she has a good job, a good-looking boyfriend, and excellent coping skills, even when that job includes evaluating a convicted killer who's about to be released from prison. One of the highlights of her day is going for a nice, long run around her beloved London—it's impossible to fret or feel guilty about your mother or brother when you're concentrating on your breathing—until she stumbles upon a dead body at a former graveyard for prostitutes, Crossbones Yard. The dead woman's wounds are alarmingly similar to the signature style of Ray and Marie Benson, who tortured and killed thirteen women before they were caught and sent to jail. Five of their victims were never found. That was six years ago, and the last thing Alice wants to

do is to enter the sordid world of the Bensons or anyone like them. But when the police ask for her help in building a psychological profile of the new murderer, she finds that the killer—and the danger to her and the people she cares about—may already be closer than she ever imagined. With gripping suspense and a terrific new heroine, Kate Rhodes's *Crossbones Yard* introduces a powerful new voice in crime fiction.
